DO YOU REMEMBER?

The famous Portland baseball club of 1901 managed by Jack Grimm in the revived Pacific Northwest league after several seasons here without baseball? Grimm started the season with 12 men and ended it a pennant winner.

The Portland club never lost a series through the season and never released a player. One of the stars of the club was Joe Tinker, a youth of 19, playing his first season of professional baseball. He was sold to the Chicago Cubs that fall and straightway became a member of the "Tinker-to-Evers-to-Chance" combination, one of the traditional great ones of baseball.

Andy Anderson, who played second base on the team, is in business in Portland today. Bob Brown, the center fielder, is the same Bob Brown, who now owns the Vancouver club in the Western Intercollegiate league. Sammy Vigneux, catcher on that club, later managed Portland's first entry into the Pacific Coast league.

Reading from left to right, standing, the players are: Delsel, shortstop; Salisbury, pitcher; Weed, right field; Anderson, second base; Mahaffey, first base. Second row—Tinker, third base; Glendon, pitcher; Grimm, manager and catcher; Brown, center field; Muller, left field. In front—Engle, pitcher, and Vigneux, catcher.

FILM CENSORS REVERSED

"SOME WILD OATS" WILL BE SHOWN IN PORTLAND. City Council Views Movie and Decides Subject Is Proper for Exhibition Here.

The condemnation of the motion picture, "Some Wild Oats," by the municipal censorship board was overruled yesterday by the unanimous vote of the city council, which had viewed the picture. Under this decision the picture will begin a week's run at the public auditorium Sunday.

Samuel Cummings, who sought permission to show the picture, appealed yesterday from the decision of the censorship board. Mayor Baker referred the matter to the council, explaining that he had viewed the picture but did not want to overrule the censorship board and other members of the council viewed the picture and thought fit to do so.

The State Health Officer Striker maintained that the picture would aid in the education on the social hygiene question. Mr. Cummings showed that the picture had been exhibited in Chicago, Milwaukee, Kansas City, Denver and other cities and that only on Tuesday he had signed contracts for showing it in two Seattle theaters. Mrs. E. T. Colwell, secretary of the board, defended the board's decision on the ground that it was a poor picture and would attract only those who sought to see a "racy" film.

GRANGE FAVORS TAX CUT

PROGRAMME OF REDUCTION LEAGUE INDORSED. Bill Limiting Millage Levies to Amount Available on Assessed Valuation Is Urged.

SALEM, Or., April 19.—(Special.)—Members of Marion county Pomona grange at a meeting held at Alkeny last night passed a resolution endorsing the legislative programme outlined by the Oregon state tax reduction league and the repeal of the 2 millage tax for the support of the higher educational institutions.

"We further indorse the proposed measure providing that the taxes raised by the various millage levies, shall not exceed the amount of money available on the assessed valuation of the year 1922."

It was agreed at the meeting of grangers that the remaining seven-tenths of a mill tax, based on the equalized assessments, will raise an amount of money nearly as large as is realized from the present millage levy.

Information was received here tonight that J. C. Cooper of McMinnville, president of the State Tax Reduction club, is dissatisfied with the action taken by a committee of the organization in attempting to reduce the millage levy and has threatened to initiate a bill, at the November election eliminating the entire millage levy for the educational institutions.

Members of the tax reduction club said tonight that such action on the part of Mr. Cooper would be opposed by a large majority of the tax reductionists and might result in the calling of a state convention, which, it was averred, might unseat Mr. Cooper as president and elect in his stead a man more nearly in accord with the members of the tax reduction organization.

Portland Thrifty City Third Bank for Gains in Postal Savings Attained in March. Water Hearing at End Jefferson Conservancy Proposal Taken Under Advisement. SALEM, Or., April 19.—(Special.)—The state irrigation securities commission today took under advisement the request of the Jefferson water conservancy irrigation district, formerly the north unit of the DeChutes project, for approval of a contract for the construction of an irrigation plant costing between \$6,000,000 and \$7,000,000 and the sale of \$4,920,000 of bonds at 82 cents on the dollar.

Request also was made by the district that the state guarantee interest on the bonds for a term of years. Hearings involving the contract have been in progress here for several days and it is not expected that a decision will be forthcoming for a week. The district includes approximately 100,000 acres of irrigable land and is one of the largest irrigation projects undertaken in Oregon for many years.
