

Davidson's

HEALTH BREAD

is made of coarse whole wheat and bran and is a perfect food in itself.

Physicians and dietitians are recommending it daily.

DAVIDSON'S Whole Wheat Bread is made with pure whole wheat flour. It's the standard of all wheat breads and is an excellent foundation for a correct diet.

DAVIDSON'S Ideal Bread is made with choice white flour and well deserves its title of "That good white bread."

DAVIDSON'S Cracked Wheat Bread is a coarse loaf, made with pure cracked wheat and baked on the oven hearth.

O, I say
pass the
Tillamook!

FISHIN' season's open. Picnic time is here.

When a man's "starved to death" Tillamook Cheese just hits the spot! A good thing to remember when you fix the picnic lunch. Or if he wants a sandwich to slip into his pocket, make it a generous slice of "Tillamook" between buttered bread!

"Tillamook" is the original trade-marked cheese. It is made in a little valley where herds graze all year 'round on succulent green pastures. Every single pound is stamped with the name "Tillamook". Be sure you get the genuine.

That happens at almost all dinners where

Bread of quality

is the bread of the evening. It is consistently good, doesn't crumb, and slices easily.

If you like a split loaf, you'll find "AMERICAN-MAID" in the large, family size, the finest the market affords.

HOLSUM CRACKED WHEAT, bread, too, is mighty popular.

chocolate strength

Pack ground chocolate in bulk [which we don't] and it loses strength every minute. Pack it in cans [which we do] and every bit of chocolate strength is saved and stored for the moment of use. The uniform chocolate strength characteristic of Ghirardelli's is a matter of blending. Keeping this chocolate strength uniform is a matter of packing. That's why Ghirardelli's is never sold in bulk but in cans only.
