CITY BUILDING CODE

Council Orders Public Hearing for May 10.

THICKNESS OF WALL CUT

Purpose Is to Modernize Construc tion, Materials and Appliances, Effect Gas Heating Rules.

Important amendments to the pres-ent building code are embodied in an Broadway, has been cited to appear ordinance which was presented to the before the city council next Wednes-city council yesterday, passing to day at 3 P. M., to show cause why a third reading, and set aside for final to the consideration for the party of the city council next Wednes-day at 3 P. M., to show cause why a third reading to the city council next Wednes-day at 3 P. M., to show cause why a third reading to the city council next Wednes-day at 3 P. M., to show cause why a third reading to the city council next wednes-day at 3 P. M., to show cause why a third reading to the city council next wednes-tage of the city council next wednes-tage of the city council next wednes-day at 3 P. M., to show cause why a third reading to the city council next wednes-tage of the city council next we can be compared to the city of consideration following a public hearing on May 10 at 2 P. M.

The amendments to the code were frawn by H. E. Plummer, co-operat-ing with a committee appointed by the Portland Chamber of Commerce, the Portland Chamber of Commerce, headed by H. A. Whitney. The purpose of the proposed changes is to modernize the construction, materials and appliances used in building and to effect a complete gas-heating code which has been lacking.

While there are many minor changes which as

which has been lacking.

While there are many minor changes which are important to the builder in his everyday work, the before the council at one time, but amendments submitted contain but three main changes to the present was not conclusive.

Wall Thickness Decreased. The first change relates to brick CITY TO PROVIDE BASE assorry bearing walls, wherein the mendments modify the present regulations so that such walls not ex-

The statue will cost between \$25,000 and \$30,000. Statistics gathered by ortical height of a building, meaning city Commissioner Pier, in charge of the vertical distance between the steral support and the wall which is nchored to a support of some kind, task regulated on a ratio of 18 times city by individuals. lateral support and the wall which is

Installations Are Defined,

The third important change in the mendments is a complete set of new ections defining the method of installation of gas-heating and electri-While the gas-heating and electri

While the gas-heating and electrical appliances have come into wide-spread use during the past few years, the code did not recognize this fact, and as a result the contractors had no guide to follow.

Under the proposed amendments this is cared for through what might be termed a miniature gas and electrical code to be included in the main building code.

The work of compiling the amend-related the contraction of the contraction

them to the city council resterday morning, said he desired to have a public hearing on the question, so that all interested in the subject might have full opportunity to be

Capital Stock Incorporated.

SALEM, Or., April 26 .- (Special)-The Umpqua Valley Canning company, with headquarters in Roseburg and capital stock of \$25,000, has been incorporated by Frank J. Norton, A. J. Geddes and George Neuner Jr. Articles for the corporation were filed which filed articles follow:

Higgins Manufacturing company, Portland, \$20,000; Lee R. S. Higgins, J. W. Higgins and George Alexander.

Lausanne hall, the new girls' dor-mitery, lately completed at a cost of \$140.000, will be opened for the ac-commodation of women students attending the summer session. Both men and women will be given board

BAD CHECK PASSERS BUSY

Even Schoolboys Use Worthless Paper to Make Easy Money.

Another orgy of bad-check passing to in progress in all parts of the city, according to Folice Detective Swennes, in charge of the bad-check and forgery branch of the detective bureau For the past week an average of 15 bad checks a day has reached the

"Merchants generally are too care less in demanding proper identifica-tion of persons presenting these checks, Swennes asserted. "A close scruting of the checks, coupled with a demand for positive identification, will result in a minimum loss to the marchants."

School boys have even taken up had-check passing as a means of pro-curing easy money. Swennes says, and an investigation along this angle

EARLY SETTLER IS DEAD

Mrs. Anna V. Lyman, Bonita Heights, Crossed Plains by Stage. Mrs. Anna V. Lyman died Tuesday at the age of \$1 at the home of her

daughter, Mrs. Louise Patton of Bonita heights, near Portland.

Mrs. Lyman crossed the plains from Sabeths, Kan. to Marysville. Cal., by stage in 1852, where she resided for veral years, coming to Corvallis. ., in 1881, and two years later to ortland, where she had resided ever

since.

Her husband, V. P. Lyman, crossed the plains in 185e by ox-team over the Old Oregon trail to Ogden, and thence to Marysville, to be joined two years later by his wife. He kept a dary of the trip, day by day, giving miles traveled, people in train and little happenings, which is preserved with great pride by the family. Mr. Lyman died in October, 1909.

There are two sons and three daughters surviving—Mrs. A. J. Suthorland of Portland, Mrs. Louise Patton of Bonita heights, Mrs. J. C. Huntley, Beaverton, Or., and B. L. and C. W. Lyman of Seattle, Wash.

to Be Public Donation.

to Be Public Donation.

The city of Portland probably will supply the base for the Roosevelt maintained that the walls on the upper story of a building, having nothing to support, should not be as thick as bearing walls lower on the building, the present code has required the minimum thickness of 12 lacker the present code the unsup-

anchored to a support of seme kind, was regulated on a ratio of 18 times the unsupported height.

Under the proposed amendment the ratio is fixed on the basis of material used, varying from a ratio of 12 to 28 times the height of the unsupported wall.

BULL RUN SNOW DEEP

Portland Declared Likely to Have Plenty of Water This Summer.

Unless a forest fire sweeps through the Bull Run forest reserve, Portland need have no fear of a water short-

Iding code.
The work of compiling the amend nis has taken months' time and City munissioner Barbur, who introduced and three feet on the flats at Tru-

this time of the year.

CANNING COMPANY FILES WIDER ROAD ADVOCATED

Roseburg Concern With \$25,000 Pavement 36 Feet Wide Is Urged

On the ground that the Greeley residents of the peninsula district appeared before the Multnoma county commissioners yesterday morning to petition for a 35-foot pavement for this street instead of the 18-foot strip contemplated.

The extension is from Albina ave-nue to the Willamette boulevard, and

is only graded and graveled at pres ent. G. B. Hegardt, engineer for the dock commission, and Coe A. McKen-na, real estate man, were among the speakers favoring the project. The commissioners took the matter

Ourhalf dollars will build a greater Oregon

F EVERY resident of Oregon diverted 50 cents a day of his or her present normal expenditure to the purchase of Oregon-made products the immediate results would be:

25,000 more people employed in Oregon industries. \$30,000,000 increase in annual payrolls of the state. \$120,000,000 increase in yearly output of Oregon factories.

Insist upon Oregon-made products. They successfully compete with the world's best.

Buy Oregon - made goods on merit. Our half dollars will build a greater Oregon.

Send for directory of products manufactured in Oregon. Refer to it when you make your purchases.
