BUY PIANOS CAREFULLY
You must live with your piano a long time; choose it carefully. Look well into its character for almost the meanest thing in the world is a mean piano.
We know pianos as we know people—better in fact. If nearly fifty years of piano selling can teach us anything—then we know pianos.
LUDWIG PIANOS
We recommend the Ludwig because for more than thirty years it has proven its quality in our house, and because more than TWELVE THOUSAND homes on the Pacific coast have tested and proven the Ludwig and our judgment faultless. You can safely trust in such a verdict.
