

BIG FEDERAL SUMS SPENT IN OREGON

Road Programme Alone Gets \$4,122,055.

CRITICS ARE ANSWERED

Mr. McArthur Cites Large Appropriations for Harbors, Irrigation and Forest Reserves.

How Oregon has fared in the way of federal appropriations is explained by C. N. McArthur, representative of the third congressional district.

Mr. McArthur has compiled the statistics in answer to the charge made by opponents in his campaign for re-election that Oregon is being neglected when government aid is given.

Representative McArthur's statement follows: "Oregon is not the poor little Cinderella of the family. We have been treated with generous hand by the federal government."

Since the creation of the federal highway department by the act of 1916, \$4,122,055 has been expended from the federal treasury on the road programme in Oregon, as compared with \$2,282,854 in California, \$3,342,614 in Washington and \$2,946,192 in Idaho.

In the matter of rivers and harbors, if we count the Columbia as an Oregon project, a total of \$2,305,464.82 has been appropriated and spent in this state by the board of army engineers since the year 1918.

Reclamation Expenditure Big. "In reclamation expenditures Oregon has received more money than the state of California, but less than Idaho and Washington."

Other Projects Ahead. "In addition to the funds that are being spent from year to year on federal activities in Oregon, there was an expenditure of \$2,644,577 by the United States spruce corporation."

Army Evader Charged With Entering United States Illegally.

Chris Asperos, an unaturalized Greek, proprietor of a restaurant on Third st., faces deportation on the charge of entering the United States illegally, although he has been a resi-

dent of this country for a number of years.

In spite of his long residence in America, Asperos failed to become naturalized. A year ago he returned to Greece for a visit and was promptly drafted into the Greek army to fight the Turks.

He was arrested soon after his arrival back in Portland by P. G. Bonham, chief immigration inspector. Two charges have been lodged against him, one of entering the port of New York without a passport, and the other of failing to pass the immigration inspectors.

He was released on \$1000 bail yesterday pending final disposition of his case. Immigration officials in Washington will decide whether he is to be deported, or whether his wife, now in Greece, will be allowed to join him here.

BANK INQUIRY PROBABLE

PROBE OF LATE SEATTLE INSTITUTION INDICATED.

Indications Are That Management of Defunct Establishment Will Come Before Grand Jury.

PUGET SOUND BUREAU, Seattle, Wash., May 8.—(Special.)—The management of the Scandinavian-American bank during the later stages of its operations before its doors were closed July 1 last year seems to be attracting investigation by the county grand jury impaneled here today.

The jury, which reported for service today, was called especially to investigate the county ferry scandal and the murder of Charles O. Legate, policeman, but Presiding Judge Hall's instructions to the jury permit a general inquiry into the conduct of public offices and consideration of other matters.

In examination as to their qualifications for service each juror was asked this question: "Are you acquainted with or related to any county official, member of the police department or director of the Scandinavian-American bank, or were you a depositor in that bank?"

Seven women and ten men comprise the jury.

BETTER THAN CALOMEL QUEER FEELINGS AT MIDDLE AGE

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headache, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clean" a clouded brain and "perk up" the spirits. 16c and 30c—Adv.
