

### IDAHO HOSPITALS HAVE SAME INMATES

Revelation of Special Clinic of  
Doctors Startling.

NEW TESTS ARE ADVISED

Old Persons, Showing No Signs of  
Senility, Declared "Railroaded"  
Into State Institutions.

BOISE, Idaho, May 10.—(Special.)—  
Sane persons are incarcerated in  
Idaho's hospital for the insane. This  
is the startling revelation that has  
been made by a special clinic of phys-  
icians—named by Commissioner David  
Purcell of the state department of  
public welfare, which has just com-  
pleted an examination of the two  
state hospitals at Blackfoot and  
Crofton. The clinic found the institu-  
tions to be overcrowded, with relief  
from this condition in sight through  
the erection of additional buildings.  
The clinic was composed of Dr. F. W.  
Almond, Boise; Charles R. Scott, Twin  
Falls; Ed N. Roberts and J. H. Ray  
of Pocatello, and F. W. Mitchell of  
Blackfoot.

**Old Persons "Railroaded."**  
Some months ago Commissioner  
Purcell declared that his investiga-  
tions of the hospitals convinced him  
that some of the inmates were wrong-  
ful wards of the state because they  
were sane and because counties had  
deliberately sent old persons to the  
institutions, making them wards of  
the state when they should be sup-  
ported at home by the counties, or  
by their relatives.

The clinic substantiates the com-  
missioner's claims and, in part, says:  
"Examination of some of the in-  
mates showed numerous cases of  
senile insanity that may not right-  
fully be considered dangerous to  
health, person or property. In other  
words, they are simply persons in  
their dotage, whose mental processes  
are not clear and therefore are unable  
to compete with the world for a  
living, probably requiring only rea-  
sonable care after having served their  
period of usefulness.

**Insanity Not in Evidence.**  
"There are also cases whose men-  
tal processes are perfectly opera-  
tive and suffering from some physical  
disability, as paralysis, cerebral hem-  
orrhage or epilepsy, and evidence no  
sign of insanity nor does their record  
show evidence of ever being insane,  
we accepting the definition of the  
word 'insane' to mean 'an abnormal  
condition of the mentality.'"  
The clinic recommends that "those  
persons not insane be re-examined  
by the courts committing them and  
other disposition made of them, and  
that some other disposition be made  
of those cases that are in their dotage  
and show signs of senility, believing it  
not fair to them or to the state to  
terminate their days in a hospital for  
the insane."

### PROJECT TO BUY LAND

Area Near McKay Creek Dam Site  
to be Purchased for Irrigation.

PENDLETON, Or., May 10.—(Special.)—  
H. M. Schilling, project man-  
ager of the reclamation service in the  
west end of Umatilla county, has re-  
ceived authorization from the depart-  
ment of the interior to proceed with  
negotiations for the purchase of 2500  
acres of land above the proposed Mc-  
Kay creek dam site, which will be  
inundated by the flood waters when  
the dam is completed.  
It is understood that the purchases  
are to begin July 1 and that if rea-  
sonable prices are not quoted within  
present bids for the creek-bottom  
land the government will start action  
to condemn. Irrigationists of the  
west end of the county are much en-  
thusiased over the news, as it means an  
additional crop in the irrigated lands  
which in the past has had to be for-  
feited in the late summer through  
lack of water.

### Woman Revivalist Is Sought.

MARSHFIELD, Or., May 10.—(Special.)—  
An effort is being made here  
to bring Mrs. Aimee Semple McPherson,  
the woman preacher, to Coos Bay  
for a series of revivals. Mrs. Mc-  
Pherson has created a great deal of  
interest and curiosity in California  
and addressed tremendous gatherings,  
besides having made thousands of  
converts. Coupled with her work is a  
reputed healing campaign, although  
Mrs. McPherson makes no claims of  
being a healer. Her disciples here,  
many of them, have seen her work  
and are anxious to have her here.  
The only drawback to Mrs. McPherson's  
appearance is the necessity for  
having an auditorium that will seat  
5000 persons or more, and there is no  
such building here.

### Salmon Fry Distributed.

MARSHFIELD, Or., May 10.—The  
Macleay Estate company, which oper-  
ates a salmon hatchery on Rogue  
river, is distributing the fry hatched  
this year and taking precautions for  
saving the fish. The fry are placed  
in cans and taken to the district  
above tidewater where possible, and  
not released near the ocean, where  
they become prey for larger fish  
which are numerous. One million  
seven hundred fish are being released  
in this fashion, all hatched at the  
Indian creek hatchery, a mile and a  
half from the ocean.

### MR. WILSON IS HONORED

METHODISTS OF SOUTH STAGE  
BIG DEMONSTRATION.

EA-President Hailed as Apostle of  
Modern Democracy and Peace  
at Conference.

HOT SPRINGS, Ark., May 10.—  
(By the Associated Press.)—Hailing  
Woodrow Wilson as "the apostle of  
modern democracy and world peace,"  
delegates to the 13th quadrennial con-  
ference of the Methodist Episcopal  
church, south, staged a demonstration  
here yesterday in the ex-president's  
honor that officials said was unique  
in the church's annals.

The scene resembled a political  
meeting, as those present, even the  
more elderly bishops, arose to their  
feet so they could cheer louder. It was  
several minutes before the presiding  
officer could stop the hubbub and  
bring the convention to order, after  
which it adopted, with shouts of ac-  
clamation, a resolution extending  
greetings to Mr. Wilson and pledging  
the conference "to the promotion of  
the truths he has so ably set forth."  
The resolution also extended the  
conference's congratulations to Pres-  
ident Harding and Secretary of State  
Hughes for achievements of the  
Washington armament conference  
and pledged support to "all measures  
looking toward the establishment of  
peace on earth and good will toward  
men."

### ACCUSED MINISTER QUILTS

Hearing of Charges of Unbecom-  
ing Conduct Halted Abruptly.

LAWTON, Okla., May 10.—(By the  
Associated Press.)—For the first time  
in 20 years, the Rev. Thomas J. Irwin,  
ex-pastor of the First Presbyterian  
church of Lawton, did not have in  
his possession last night the keys to  
the church. Tuesday he presented  
to the governing presbytery his resig-  
nation from the church with which  
he had been connected since it was  
organized and with the resignation  
went the keys. The resignation was  
accepted and the Rev. J. T. Means,  
clerk of the presbytery, took the  
keys and locked the church.  
The unconditional surrender of the  
Rev. Mr. Irwin, whose church has

### INDIA'S PLIGHT HOPELESS

Misery, Poverty and Ignorance  
General, Says Chicago Man.

SHANGHAI, China, April 20.—(Cor-  
respondence of the Associated Press.)

—India is "stuck in misery, poverty  
and ignorance such as I never could  
have believed might exist anywhere,"  
in the view of Carter H. Harrison,  
former mayor of Chicago, who is  
homeward-bound on a trip around the  
world.  
Mr. Harrison, with Mrs. Harrison  
and his sister, Mrs. Heaton Cawley,  
of Chicago, will tour China, Korea  
and Japan and sail in June from Yokohama for the United States.  
"We saw much of India," said Mr.  
Harrison. "The people have developed  
a nullen animosity for the British  
everywhere and this feeling is strong  
even in Burma."  
"Wherever we went this animosity  
was apparent and was thrust against  
us until mysteriously, it was removed  
by speech from our guide. 'They  
thought you were English,' he said.  
'I tell them you are Americans.'"

### TACOMA VOICES PROTEST

Delegation Calls on Atlantic Inter-  
coastal Conference.

NEW YORK, May 10.—A delegation  
representing business men of Tacoma,  
Wash., charging that their city had  
been discriminated against, appeared  
Tuesday at a session of the Atlantic  
intercoastal conference to protest  
against the decision to eliminate  
Tacoma as a port of call.  
The delegates charged that the  
elimination of Tacoma would result  
in the diversion of an important part  
of its seagoing traffic to nearby com-  
petitive ports.  
The conference, which is composed  
of several lines operating between  
Atlantic and Pacific ports, also is  
said to have decided to eliminate San  
Diego, Astoria, Vancouver and Vic-  
toria as ports of call. The conference  
adjourned until next Monday without  
giving a decision.  
The Tacoma delegation is headed  
by Representative Johnson.

### PRINCESS' DIAMOND SOLD

FATIMA'S \$100,000 JEWEL  
BIDINGS \$53500 AT AUCTION.

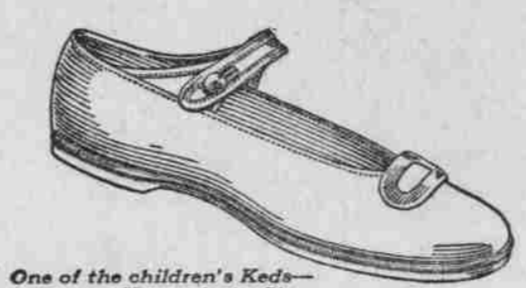

Former Adornment of Regal Tur-  
bans Rolls Into New York Com-  
mission Merchant's Safe.

NEW YORK, May 10.—The Dara-  
Yai-Noor, Princess Fatima's \$100,000  
diamond, which once adorned the  
regal turbans of her Afghanistan  
parents Tuesday rolled into a New  
York commission merchant's safe—  
for only \$53,500.

The jewel was auctioned at a sher-  
iff's sale primarily because its owner  
owed the government \$1400 duty on  
the gem.  
The princess brought it to sell, so  
that she could send three sons to  
college. She expected it to provide  
funds for her own living, too, and  
even planned a villa on the Hudson.  
But the princess will get a bit less  
than \$1100 cash, and most of that  
will go to hotel keepers.  
The princess, who went broke after  
a tour of the country, during which  
she was introduced to President  
Harding, now is living in obscurity,  
"somewhere on the East side," ac-  
cording to her attorney. She didn't  
attend the sale, but her princelings,  
Fashim, Azim and Akber, were there.  
The diamond had been in the safe  
of the sheriff since early in March.

### POLITICAL ACTION URGED

Esch-Cummins Bill Denounced by  
Railroad Labor Leader.

HOUSTON, Tex., May 10.—Edward  
F. Keating of Washington, former  
representative in congress from Colo-  
rado and editor of the official pub-  
lication of the 16 railway brotherhoods,  
urged the necessity of organized po-  
litical action on the part of the  
brotherhoods, attacked the Esch-  
Cummins bill and told of plans for  
the establishment of labor news-  
papers, in his speech Tuesday before  
the delegates attending the 29th tri-  
ennial convention of the International  
Brotherhood of Locomotive Firemen  
and Engineers. Mr. Keating charged  
that the Esch-Cummins bill present-  
ed a billion dollars to the railroads  
and placed the employees at the mercy  
of the labor board.  
He urged that the unions get be-  
hind the establishment of a labor  
press for the distribution of news of  
interest to the brotherhoods and get  
their story before the public.  
Mr. Keating predicted that within  
five years there would be labor papers  
in all of the principal cities in the  
United States.
