

KLAN LARGE FACTOR, SULLIVAN ASSESTS

Effect on Oregon Election in November Forecast.

CONTEST SIGNIFICANT ONE

Election of Democratic Governor in Normally Republican State Is Declared Possibility.

BY MARK SULLIVAN.

(Copyright by the New York Evening Post, Inc., Publisher by Arrangement.) WASHINGTON, D. C., May 22.—(Special.)—The result of the Oregon primaries in the case of the gubernatorial makes it certain that the Ku Klux Klan and a series of affiliated religious organizations will have considerable effect on the November elections, and the Ku Klux Klan is going to be a major political issue in at least one other state.

Other Organizations Active. It is not merely the Ku Klux Klan that is active in Oregon politics. The Klan's purposes are helped by other organizations that ordinarily are on a much higher plane and do not commonly take an active part in politics. Under the name of the "federated patriotic societies" these organizations are directing their energies among other things, against the Catholic parochial schools. The federated patriotic societies are backing an amendment to the constitution which shall compel every child to attend the public schools through the primary grades.

Paraphrasing one of the Oregon results throws light on some other issues. The Oregon representative, C. N. McArthur, who represents the district that includes the city of Portland, was one of the comparatively few men in congress who opposed the southern honor roll. For this he was opposed in the primary by the American Legion. Mr. McArthur also led opposition from the Ku Klux Klan and from other groups of kindred opinion. In the course of this he was carried through to a remarkable success by the favor in which he was held for his known independence.

Klan Also Texas Issue. The other state in which the Ku Klux Klan figures in politics to a degree difficult for outsiders to realize is Texas. In this state one of the veteran senators, Charles Culberson, is a candidate for re-election. He has declared against the Ku Klux Klan as a means for the kind of organized society. One of Senator Culberson's opponents has come out with a speech in which he indorses and praises the Klan in its static language. The man who takes this position is not an unknown nor an erratic radical nor a provincial. He is Robert H. Henry, who has spent 29 years in the lower house of congress and is one of the five or six democratic leaders and members of the important committees on rules.

In Texas the activities of the Ku Klux Klan seem to be less exclusively religious than in Oregon. In Texas the Klan has made itself a leading social censor of personal conduct, especially in matters concerning what is occasionally described as the moral code.

A man whose conduct is regarded as reprehensible receives a formal notice from the local Klan calling attention to his alleged derelictions and demanding that he remove himself to another county. Failure to take action on this warning is followed by an official visit from the Klan, midnight abduction to the country, and 75 lashes on the bare skin. The power of the Ku Klux Klan has come to have in Texas as one of the chief issues in the state's politics.
