## COUNCIL ASKS ADVICE

CLOCKS TO BE SET AHEAD IF

Citizens May Decide Matter by Expressing Desires, Says Mayor Baker.

Careful consideration will be given to the proposal of daylight saving in Portland and unless the public shows a demand for turning the clocks BILL HART LETTER IS READ ahead one hour during the summer. the city council will not enact any

ordinance along this line. This was made known yesterday by Mayor Baker and the councilmen, who explained that there would be no speedy action in connection with the proposal recommended for passage by the directors of the Portland Chambe of Commerce and indorsed by the Portland clearing house.

"Daylight saving is in vogue in practically all of the eastern cities and I am willing to vote for an ordinance of this kind if the people want it here," said Mayor Baker. "The bankers state that daylight saving is necessary because of the difference of time between the Atlantic seaboard and Portland. The business men rep resented by the Portland Chamber of Commerce seem to favor it.

"The question that the counci wishes to have answered is how the rest of the public feels about it. . If

posal I will favor it."

### **NEWSPAPER MEN HONORED**

Six Editors Elected to Membership

in Fraternity. UNIVERSITY OF OREGON, Eugene, May 23.—(Special.)—Six newspape editors, well known throughout the state, were elected to associate-mem bership in Sigma Delta Chi, national honorary journalism fraternity, today The new members admitted are Horace Thomas, city editor of The Oregonian; O. C. Leiter, managing editor of the Telegram; Fred Lockley, editorial writer of the Journal; Albert Hawkins, editorial writer of The Ore gonian; Frank Jenkins, editor of the Eugene Register, and Robert C. Hall,

Initiation of the new members is set for tomorrow night, after which a banquet will be held. Edwin Frase With returns, official or unofficial, of Ashland, Fred Michelson of Eupractically complete from all coun- gene and John Anderson of Ashland,

# THREE ENTER RACE SIGNS OF DINOSAURS ARE FOUND IN ASIA

Cablegram Says Cretaceous and Tertiary Beds With Fragmentary | Stanfield Clip Brings Fossils of Mammals Located.

NEW YORK, May 23 .- (Special.)-

Harry Fairfield Osborn, president of the American Museum of Natural History, has just received the following SHEARING IS NOT FINISHED Asiatic expedition, now in the desert of Gobi, in Mongolia: "Expedition immediately discovered

aportant cretaceous and tertiary Demand for Product Makes mammals and dinosaurs."

This expedition was sent out in co operation with the American Asiatic society and Asia magazine for the purpose of collecting the animals of China, past and present. Little has PORTLAND MARKET BUSY been known of the geological history of Mongolia, but in the opinion of experts the discoveries indicated in the essage will be of great scientific interest. No dinosaura have ever been found in central Asia and very little has been known of the fossil mammals of this vast region.

The expedition left Pekin on April for Urga, whence the members planned to explore the country to the west and south. This country, although called a desert, is a region of estimated at 1.750,000 pounds, most of rolling plains and foothills leading up which is still on the sheeps' backs. to snow-covered mountains.
