

MINNESOTA WOMAN FIGHTS REPUBLICAN Democratic Nominee Lined Up Against Veteran. CONTEST IS UNUSUAL ONE

Senator Kellogg Is Opposed by Mrs. Peter B. Olesen, Known as "Best" Feminine Speaker.

BY MARK SULLIVAN. Copyright, by the New York Evening Post, Inc. Published by Arrangement. WASHINGTON, D. C., May 23.—(Special.)—The fact that the woman voters were the largest single factor in the success of Gifford Pinchot in Pennsylvania and the fact that this was the most conspicuous demonstration of the country so far had of organized activity on the part of the women since the election of 1916...

"DELIGHTED," SAY BOTH PINCHOTS WHEN PINCHOT IS NOMINATED FOR GOVERNOR OF PENNSYLVANIA.

MR. AND MRS. GIFFORD PINCHOT. This shows Mr. and Mrs. Gifford Pinchot just after the nomination of the former for governor of Pennsylvania had been assured. The Pinchots were intimate friends of the late President Roosevelt and often heard him use the "delighted" they are echoing today. The republican nominee denied that he had any thought of running for president two years from now. He added that the republicans of Pennsylvania will stand united in support of President Harding. Mr. Pinchot still continues to receive congratulations from all parts of the country. One telegram that pleased him much was from Mrs. Theodore Roosevelt, wife of the late president. "Hurrah for Pennsylvania," she wired. "Your friends are delighted."

4 HURT IN TRAIN WRECK LOGGING ENGINE RUNS AWAY WITH TEN CARS.

Failure of Brakes to Hold When Air Was Applied Blamed for Accident Near Mehamah. SALEM, Or., May 23.—(Special.)—One man was injured quite seriously, three others suffered slight bruises and property was damaged to the amount of more than \$5000 when a logging train operated by the Silverton Lumber company ran away late last night, white descending a steep grade at a point six miles northeast of Mehamah. Six of the ten cars in the train and the front trucks of the locomotive were derailed. As the train started down the grade the engineer attempted to apply his air brakes, but without satisfactory response. Realizing the danger, he called to members of the crew to jump, with the result that Jack Reeves, fireman, and T. L. Rydell and J. M. Brickey, brakemen, abandoned the train. Although not seriously hurt, the three men suffered numerous body bruises and suffered somewhat from shock.

SCHOOL MAGAZINE OUT Canby High Students Publish Annual With Illustrations.

CANBY, Or., May 23.—(Special.)—The Canby annual, of the Canby high school, has come off the press, and is one of the best, if not the best, ever published by the students. There are 20 pages more this year than heretofore, and it is well illustrated. The frontispiece shows "Canby Castle," the public school building, while beneath are lines written by Eva Emery Dye of Oregon City. The verses follow: In Canby town our castle stands, In fair Willamette's vale, And wide and far our goodly lands Invite the summer gale. Mount Hood looks down with regal frown, Mount Adams tops the firs, And slim St. Helens' queenly crown Smites her worshippers. Our castle walls girl round with gray, Know not the moat or barbican, Our turret never greets the day In fear of robber clan. Our stronghold has no pallade, No gate for friend or foe, But open unto man or maid, Our halls with youth overflow. Our staircase grand rings with the tread Of knights and ladies fair, And wisdom's wings are widely spread To bid us welcome there. Then, ho! Sing, ho! For the castle hall And, ho! For the castle dome! Whose gracious courts and turret tall, Guard this, our study-home. The annual is illustrated throughout, showing the seniors, juniors, sophomores, freshmen, the glee club, the baseball team, the basketball and football teams, student body officers and the Canby staff. The faculty is also shown.

RADIO OFFENDERS SOUGHT EFFORT MADE TO LOCATE CERT DISTURBERS.

Spark Stations Seem to Get Much Enjoyment Out of Interfering With Programmes. VANCOUVER, Wash., May 23.—(Special.)—Several owners of spark stations seem to be getting much enjoyment out of interfering with the daily concerts given by The Oregonian and other broadcasting stations in Portland. Yesterday afternoon when the daily concert started one or more spark stations began to hit the keys and in several cases held them down for several minutes, making discord for the radio listeners. The operator at The Oregonian tower pleaded with the spark stations to "stand by" for the concert, but as soon as he continued the programme the spark signals resumed in several places at the same time. These stations were not communicating, but were just throwing discord into the air and destroying the music. This disturbance also troubled the broadcasting station of the United States army in Vancouver barracks. These offenders probably will be found and their licenses taken away from them, as a number of fans are taking their call letters and making every effort to locate the guilty ones.

WHAT CONGRESS DID AS ITS DAYS' WORK.

Senate. Recognition of soviet Russia discussed by Edge, Borah and Watson of Georgia. Ashurst created sensation by appearing in first complete Palm Beach outfit of season. Tariff debated with usual slow progress. Sentiment prevailed among political leaders on the republican side that some attempt to enact anti-lynching law must be made. House. Bill extending the charters of national banks passed. Bill to enlarge the federal reserve board passed.

LANE BONDS ARE SOLD Lumbermen's Trust Company Takes Issue of \$350,000.

EUGENE, Or., May 23.—(Special.)—The Lumbermen's Trust company of Portland this afternoon obtained \$350,000 of Lane county road bonds, the bid of this institution being considered by the county court as the best of a dozen submitted. The Portland bank offered to take the issue at the rate of \$102.05 for each \$100 and accrued interest. The bonds bear 5 per cent interest and are payable at the rate of \$25,000 each year after five years. The county court advertised \$500,000 of the bonds for sale, but after the advertisements had been inserted in papers it was decided that road work contemplated for this summer and next year would require but \$350,000.

SENTENCES OF WAR-TIME OFFENDERS COMMUTED.

All Said to Have Expressed Proper Appreciation of Laws; Joseph G. Gordon One. WASHINGTON, D. C., May 23.—Announcement was made today by the department of justice that President Harding had commuted the sentences of Joseph G. Gordon, Albert W. Wehde and George P. Boehm, all of Chicago, convicted of wartime offenses. The commutation in each case is effective at once. "All three had expressed a proper appreciation of the laws of the land," the department said in announcing the commutations. Gordon was one of the 97 persons convicted in Chicago in August, 1918, for their I. W. W. activities and was sentenced to three years' imprisonment and a \$20,000 fine. The fine has not been paid and becomes void by the commutation. Wehde and Boehm were convicted

Minor Contest Is Watched.

Under normal circumstances it should be easy for Senator Kellogg to win his re-election. The democratic party suffers conspicuously in Minnesota from lack of organization, which is its most serious handicap elsewhere in the country. One of the minor contests in Minnesota that will be watched with some interest in the country will be the effort to be re-elected to that congressman who needs only to be named to be re-elected—Andrew B. Volstead. Congressman Volstead will be opposed by the same candidate who two years ago saved him in a tight fight—a clergyman named O. J. Kvale.

Mill and Camp Started.

STROSSER, Or., May 23.—(Special.)—The Rose Lumber company, of which D. Y. Rose is president, has started its logging camp and mill here and will cut about 30,000 feet a day. The company will employ about 50 men. Poindexter Resumes Duties. THE OREGONIAN NEWS BUREAU, Washington, D. C., May 23.—Senator Poindexter returned to the senate today for the first time since he underwent an operation at Georgetown hospital two weeks ago. Orpheum matinee today, 15-25-50-Ad.

FLAT PERMITS FAVORED Granting of Applications to Be Recommended to Council.

Favorable action on applications for permits for several flat and apartment house projects in east side districts will be recommended to the city council today by Commissioner Barber. These include the applications of R. L. Zeller to erect a two-story frame structure, as a four-family flat on East Burnside street, between East Seventeenth and East Eighteenth streets; application of Fred Brown

Rear wheels locked! —a test every tire must meet The unseen weakness in ordinary tires that causes trouble in emergencies

TRYING to hold back on a down grade! You jam on the foot brake—perhaps have to pull the "emergency." The locked rear wheels drag over the hard dirt road. Do strains like this prove too much for your tires? Why is there this constant threat of tire trouble? Cannot tires be made to resist an abnormal strain? As tire distributors, we have heard a good many motorists ask these questions. Here's our answer: If the materials put in tire rubber to give it strength do not mix in evenly, they stick together and form "lumps." The accompanying photographs show the results as compared with a successful compound.

It is these "lumps" that cause the tire to weaken and "blew-out." Remarkable rubber compound discovered Starting with this knowledge, the scientists of the Thermoid Rubber Company perfected Crolide—a rubber compound that reduces "lumpy" formations to a minimum—that eliminates premature tire troubles. Crolide Compound is today used exclusively in the manufacture of Thermoid Tires. Either the Cord or Fabric type gives maximum mileage under all road and weather conditions. We have compared the Thermoid Tire carefully, point by point, with other tires on the market today, and we confidently believe that no other tire compares with it for service and durability. You are invited to call and see these new tires for yourself—also the famous Crolide Compound Tubes.

HARDING SETS THREE FREE

WASHINGTON, D. C., May 23.—Announcement was made today by the department of justice that President Harding had commuted the sentences of Joseph G. Gordon, Albert W. Wehde and George P. Boehm, all of Chicago, convicted of wartime offenses. The commutation in each case is effective at once. "All three had expressed a proper appreciation of the laws of the land," the department said in announcing the commutations. Gordon was one of the 97 persons convicted in Chicago in August, 1918, for their I. W. W. activities and was sentenced to three years' imprisonment and a \$20,000 fine. The fine has not been paid and becomes void by the commutation. Wehde and Boehm were convicted

Meeker to Travel Trail.

YAKIMA, Wash., May 23.—Ezra Meeker of Seattle, Wash., nonagenarian pioneer, will leave here this afternoon with several cameramen to take motion pictures of the old Oregon trail. He says that he wishes to reproduce the scenes of the time he first crossed the trail in 1854 as closely as he can. East Side Pushes Project. Petition from east side property owners, asking that proceedings be started on five public works projects in that territory will go before the city council at its session today. They include: Improvement of East Hoyt street, from East Fifty-third to East Fifty-seventh streets; improvement of Minnesota avenue, from Emerson to Alberta streets; improvement of East Twenty-third street North, from Prescott to Crane streets; construction of the Madrona street and East Tenth street sewer system; construction of a sewer in East Irving street, from East Seventy-first street to connect with a sewer in the latter street.

Three Minors Married.

VANCOUVER, Wash., May 23.—(Special.)—Three minors were married in Vancouver today. They were Wiley B. Fisk, 17, and Miss Frances Hitchcock, 20, both of Hillsboro, Or.; Clarence Elliott McCumber, 21, and Miss Cleo Elicka, 18, both of Newberg, Or.; and Leo C. Myers, 21, and Thelma Masters, 17, both of Portland. Orpheum matinee today, 15-25-50-Ad.

Nash Leads the World in Motor Car Value THE smooth, vigorously powerful performance of the Nash persists over an uncommonly long period of time, with but the most infrequent need for "tinkering" or "tuning up," so that the car has come to be known everywhere as a long-lived car. WOMAN'S ILLS MAKE UNHAPPY HOME There is no question but what the ills of women conspire against domestic harmony. The husband cannot understand these troubles and the physician finds it hard to cure them; therefore the overworked wife and mother continues to drag around day in and day out with headaches and backache, fretful and nervous. Such women should be guided by the experience of women whose letters we are continually publishing in this paper. Many of them declare that they have been restored to health, strength and consequent happiness by Lydia E. Pinkham's Vegetable Compound after doctors and all other medicines had failed to help them. It will surely pay women who suffer from such ailments to try it—Adv.
