AT AN impressive home ceremony last night Miss Ruth Small became the bride of Preston Brady Delano of San Francisco. The wedding was held in the residence of Mr. and Mrs. J. S. Bradley, uncle and aunt of the bride. Only relatives and a few friends were present. Mrs. George H. Sallor (Louise Small) was her sister's only attendant and Dr. Richard E. Dillehunt was best man. The rooms were decorated in white lilacs and dogwood. Rev. Harold Leonard Bowman was the officiating clergyman. The bride wore white crepe princess trimmed with iridescent beads. Her train was elaborated with duchess lace and she carried white sweet peas and lilacs of the valley. Mrs. Sallor wore her wedding gown of white tulle over white satin and silver and carried pink snapdragons.

Mr. and Mrs. Delano will make their home later in San Francisco.

With pink and white tulips as a background, Miss Flora and Fred Hickox, son of H. O. Hickox, were married shortly before noon yesterday. The ceremony, which was witnessed by the relatives of the young couple, was solemnized in the home of the bride's parents, Mr. and Mrs. George H. Flora of Laurelhurst. Rev. Thomas H. Gallesher of the Sunnyside Methodist church read the service. The bride wore a tulle of blue and white with a becoming Leghorn hat trimmed in blue. Her bouquet was a graceful arrangement of Ophelia roses and lilies of the valley. Miss Christine Forbes was maid of honor. After the ceremony a wedding breakfast was served. Household Problems

NEWBERG, Or., May 18.—Dear Miss Tingle: Please publish at your earliest convenience how to make ice cream with gelatin. Also your best recipe for chop suey, and advise one who has been greatly helped by your advice. Most sincerely,
E. M. S.

I am glad you find this column useful. You do not say what kind of ice cream you want.

A small amount of gelatin, soaked in cold water and dissolved over hot water, can be added to almost any ice cream or sherbet of the plain type (except, of course, junket). Usually 1 tablespoon gelatin to one or two pints liquid is as much as should be used, since too much gelatin tends to hinder freezing. The gelatin to give "body" to the cream but is not necessary. I can give you a recipe, if you need one, but I should think you could make your own from this.

I have no "chop suey" recipe that I can call "mine." Which is "best" depends upon the taste of the eater. The recipe for "chop suey" has appeared since your letter was received. I hope you saw it.

SCHOOL BONDS FAVORED

CHAMBER OF COMMERCE DIRECTORS FOR ISSUE.

Argument for More School Buildings is Based on Growth of City and Attendance.

A bond issue which will permit the building of more and better public schools in Portland is favored by the board of directors of the chamber of commerce. Unanimous approval of such a bond issue by the school district was made by the directors at their weekly meeting yesterday.

As an argument for the issue it was pointed out that the population has been no great increase in the number of school buildings in the city, while the population has increased 13 per cent and school attendance 28 per cent.

Most of the time during the meeting was consumed in discussing plans for state development. When G. W. Weikie assumed his duties as president of the chamber of commerce he announced that his aim was to work for the state at large, with special reference to the Willapa valley.

Stump Burner to be Demonstrated.

SOUTH BEND, Wash., May 24.—(Special.)—How to get the immense stumps out of logged-off land in Pacific county without spending a fortune for powder will be demonstrated here next month when the county agricultural agent, J. It is of unusual value here because the heavy growth of trees in Pacific county has left myriads of stumps on logged-off land, many of them of huge size.

NEW ROSE SHOW FEATURE

HILL CREATION TO FIGURE IN COMING DISPLAY.

First Plants of Latest Production of Exports to be Awarded as Prizes at Exhibition.

A huge bouquet of Caroline Testout roses, together with a cordial message of greeting and an invitation to the people of Victoria to attend the approaching Rose Festival, was sent by Queen-elect Harriet of Rosario to Her Royal Highness Lillian, May Queen of Victoria, B. C., who reigned the northern city during its annual festive celebration yesterday.

Queen-elect Harriet's roses and messages were presented to Queen Lillian immediately after her coronation by Mrs. William F. Fleig of Portland. Mr. and Mrs. Fleig, who left early in the week for British Columbia points, were officially commissioned representatives of the Portland Chamber of Commerce and the Portland Rose Festival.

The prize list for the rose show to be held during the Rose Festival, according to Vice-President Curry, will be the longest and most attractive ever offered here. Besides the many silver cups and trophies, utility prizes, bouquets, rose growing, etc., there will be a notable collection of rose shrubs donated by famous rose culturists of national repute.

A telegram was received by Mr. Curry yesterday from E. G. Hill of Richmond, Ind., considered the premier American rose producer. This famous rose culturist places at the disposal of the rose show committees 25 plants of his newest rose creation, which has been christened America. This new rose has not yet been put upon the market. Its initial showing recently at the New York and Indianapolis rose shows created a sensation pronouncing it the greatest yet produced, even outranking the American Beauty, Ophelia and other famous varieties.

As no growers have yet received shrubs of this new rose, the fortunate amateurs to whom the 25 plants are to be the first to secure it anywhere in the country. The production of this great rose, according to Mr. Curry, marks the 50th anniversary of E. G. Hill's career as a rose grower.
