The Beavers went on another batting rampage yesterday and beat Salt Lake 7 to 1. Once more the big bat of the new second baseman, Frank Braxill, set off the fireworks. With the score 2 to 1 for Portland in the fourth, up came Mr. Brazill with Hale on first and lammed one of Rudy Kallio's pitches over the right-field

That ball was surely traveling. It was a line drive, not a fly, and it cleared the fence and smashed into the end of the red factory building across the street from the park with a clump that could be heard in the

The victory made two straight from the Bees and was the third win in a row for the Beavers—likewise their eighth win in ten games. The home gang seems to have recovered from its first gloom over the Kenworthy suspension and to have hit its stride. The boys certainly were on their toes yesterday and the day before.

Two Score On Squeeze Bunt.

Beaver runners scored on a squeeze bunt by Cox. The bunt was perfectly handled, too, yet Cox was safe at Angeles made it two straight from

along the third-base line. High was across before Oscar Vitt had picked up the ball. Vitt threw like a shot to first, but Cox was safe by a step Waish, 3 4 0 0 and in the meantime Hale, instead Elishal of stopping at third, raced full steam C'Co'lm for the plate.

ANGELS DEFEAT SEALS AGAIN

An instance of that came in the Second Straight Game Is Won by Score of 7 to 6.

LOS ANGELES, Cal., May 24.-Los first himself. High came in from third and Sam Hale, running like a coyote, raced in from second and tallied before the Bees knew what it was about. High had walked and gone to third on Hale's single and Sand made a nifty play when he knocked down Brazill's line drive bouncer, held High on third and threw out Brazill at first, though Hale reached second. Then as Kallio started to pitch Cox flashed the squeeze sign and High and Hale both started to run.

Cox laid down a beautiful bunt along the third-base line. High was sainly lead four runs, gave the Angels the game. McAuley started the rally when his single scored Killefer and sent Lindimore to third. Kilduff's grounder filled the bags and William McCabe's triple to the score board cleaned them. The Seals took an early lead, scoring five runs in the second inning on four singles, driving Hughes from the mound, Wallace replacing him. Score: San Francisco— Los Angeles—

thimbleful thimbleful to the does it! It takes fewer drops of Veedol than a small medicine dropper holds to form the vital power-seal between each piston and cylinder wall of your automobile engine. But think what those few drops must withstand!

Each explosion in the combustion chambers lets loose a raging inferno of power and heat. Those few drops of Veedol actually master the deadly heat of 1000 degrees at the piston head. They actually seal in full power and protect the flying metal surfaces.

Insist on genuine Veedol, the Pennsylvania base oil. It is specially refined under the exclusive Faulkner process to resist deadly heat and friction-and it does. Look for the orange and black sign.
