The raising of Old Glory to the top of one of the tallest masts to be found in the west yesterday marked the first formal event ever held at the new Masonic and Eastern Star home near Forest Grove.

Several thousand persons gathered, participated in the exercises and made an inspection of the new home, which, although now in use, will be dedicated early in June by officials of the Oregon grand lodge of Masons and the Order of Eastern Star.

It is particularly fitting, said Earl C. Bronaugh, past grand master, who spoke as representative of the grand lodge of Masons, "that we gather here on this Memorial day to raise the flag of our country. For Masonry has not only figured in the formation of this government but it has always been found striving its weary and utmost support to the perpetuity of the ideals that resulted in the formation of our government."

LaFayette Lodge Gives Pledge. Mrs. Minnie C. Letson of Ontario, worthy grand matron of the Order of Eastern Star, in an illuminating address pointed out some of the noteworthy Masonic incidents which are interwoven with the founding of the United States.

The flagpole, which is immediately in front of the new Masonic home, was donated by LaFayette lodge No. 3, Yamhill. It was presented to the trustees of the Masonic and Eastern Star home by Albert M. Nelson, worshipful master of LaFayette lodge.

The large wool flag that was raised was the gift of Oregon lodge No. 10, of Portland. The presentation speech was made by Archie C. Eries, past master of Oregon lodge.

The response on behalf of the trustees of the home was made by Will Moore, chairman of the building committee and the board of trustees.

Frank Ballie Is Speaker. Frank S. Ballie, grand master of the Masons, made a short address in which he lauded the men and women who had labored for years to bring about the establishment of the home which is now an actuality and in operation.

J. S. Roark, superintendent of the home, presided at the ceremony and was assisted by members of Hallock lodge, No. 30, of Masons of Forest Grove. Dr. W. Walter Blair, pastor of First Congregational church of Forest Grove, and chaplain of Hallock lodge, delivered the benediction.

Music was furnished by the Yamhill 25-piece band.

\$56,000 MAIL STOLEN. Three Pouches Disappear From Baggage Room at Trinidad.

TRINIDAD, Colo., May 29.—Government postoffice inspectors today released information of the loss of three pouches of registered mail, stolen from the Atchison, Topeka and Santa Fe railway baggage room here early on May 21. A check-up of the contents, inspectors said, found that \$6900 in currency and \$4,000 in Liberty bonds are missing, together with checks and money orders of undetermined amounts.

The three pouches had been received from Santa Fe train No. 10 from the west, running six hours late, between 2 and 3 A. M. May 21. These pouches mysteriously disappeared from the baggage office while waiting to be forwarded on another train for points east and north in Colorado.

Three postoffice inspectors and a force of railroad special agents have been engaged here since the reported robbery, but no clues so far developed, according to inspectors today.

PHEASANTS MAKE ESCAPE. BIRDS REARED AT ST. JOHNS NOW AT LARGE.

Gold and Silver Fowl Owned by J. S. McKinney Flee During Mating Season.

For more than 15 years J. S. McKinney of St. Johns has reared gold and silver pheasants at his home place, simply for his own gratification. They were never sold nor killed, but have had the run of a three-acre wooded tract and have been admired by many visitors.

From time to time he got news of their appearance in small lots at various points, some as far as five miles away from their birthplace. Recently some of the pheasants have returned to the woods they knew as their home, bringing with them broods of little ones; but many are still at large. These pheasants are of entirely different markings from the ones generally found in western Oregon, and would be noticed promptly by experienced hunters, said Mr. McKinney.

BLUE SUNDAY DRIVE BEGUN BY SOCIETY

Sabbath Movies and Baseball to Be Fought.

DRASTIC LAWS SOUGHT. Lord's Day Alliance Opens Up Intensive Campaign to Keep One Day in Week Inviolable.

NEW YORK, May 26.—(Special.)—More strict enforcement of the Sabbath laws is demanded by the Lord's Day Alliance of the United States, whose board of directors decided to renew their campaign against all Sunday sports and amusements carried on for money-making purposes. They are against Sunday baseball, Sunday movies and all other similar activities for which admission fees are charged.

The alliance is extending its activities to all parts of the United States and in the summer campaign will be preparing for a new assault on the legislatures which meet next winter.

New Headquarters to Open. A new headquarters is being opened in Chicago for the alliance, and work in the middle west, an organization is being launched in Indiana and plans are developing for work in Illinois and Minnesota. The work is also being carried into the Rocky mountain states and into the south and in all these places it is planned to carry on an extensive campaign for a better Sabbath. In a statement issued at the end of the session, the Rev. H. L. Bowby, general secretary, said: "Every state and district auxiliary and affiliated society will be advised to watch the state legislatures, and every effort to pass commercial Sunday bills will be resisted as was done last winter in Albany."

The board was unanimous also in its determination that more constructive legislation must be enacted in order to protect every laboring man and woman in every state in the right of one full day of rest in seven.

Packers Like Sunday Closing. "After a five-year trial of Sunday closing for the slaughtering and packing houses of New York a number of appeals were made recently by the packing houses of New York and vicinity to the alliance to the effect that the alliance is the most efficient to keep all of these establishments closed on Sunday."

All agreed that the experience had proved advantageous both for employees and employers. Four big Jewish establishments were among those that made this earnest request.

About seven years ago many of the packers pertinently opposed this reform movement. Now 99 per cent of this trade does not want any Sunday work of this character.

In Berlin there is a scarcity of the necessities of life; children do not have sufficient clothing and mothers are forced to use newspapers to clothe them."

BARON PERSEN EXPLAINS STUDENTS' WITHDRAWAL.

Lecturer Says Class Misunderstood Terms Under Which They Were to Be Instructed.

Withdrawal of some 60 members of a class assembled at the Multnomah hotel Monday night to hear the first lecture of a series of seven being given by Baron Eugene Persen, was due to a mistake and the ill feeling was smoothed over yesterday, according to the baron.

The baron stated that anyone was asked to withdraw from the lecture room, explained Baron Persen. "Those who withdrew had misunderstood the terms arranged by my organization and for this I take part of the blame. Today I waived the prescribed terms, though I had not yet received a cent from these students, and all may come free to the remaining lectures of the first series."

The class members had paid \$50 under the impression that the baron included instruction by the baron's teachers and his own lectures as well. The terms prescribed by the Light-bearers, the metaphysical body heads, require that each student should bring two others with \$50 payments to entitle them to sit in his lectures. Baron Persen explained the disgruntled students Monday night threatened to file suit to settle the dispute.
