CAPTAIN M. D. STAPLES, dean of the pilots at the mouth of the the Columbia, now retired after a long resord of honorable service of responsibility to world shipping, is the inspiration for many briny take one of them concerns the C. P. R steamer Danube, a caller in the Co-lumbia in the early days when the Canadian system was first invading this territory. They used to send the Danube out to gather cargo to feed their railroad lines and ocean steamers at Vancouver. Captain Staples took charge of the Danube on one outbound triny when a new British skipper was her master. A bar pilot when on the edge of the ages could be suddenly lost, and the race left to its own devices, we have no reason for assuming that men of the present day would not be able to get along somehow, albeit the cost of the lesson would be enormous, as most vital experiences are. The fittest-for that kind of life—would ulti-mately survive, as no doubt it was the fittest who survived in the cave period, and gradually, but very slowly indeed, the race would work its way back to the comparative

Come and Go.

at the Hotels.

On account of work being done on the highway between Vancouver and Kalama, Wash., C. C. Hutchins, field don't want to anchor," said the cap-tain and thus violated every known rule of sea etiquette. "Take me out." "You want to go out, you want to go out, you want to go out," shot back Captain Staples in staccato-like explosions as he looked at the smother of spume that flew over the channel. "You want to go out," shot and he rang for full speed ahead. The Danube obeyed her engines and helm and plunged for the line of breakers and the first surge went clear over the craft, burying every ing along the Washougal river. Mr. Hutchins is registered at the Multbit of her deck and smashing the nomah,

Could Be Cut One-Half. This will be a very busy summe "You want to go out," repeated for Albert Anderson, registered at the Perkins, Mr. Anderson has been awarded the Deer Horn hill section stove in the life boats and took out This was enough for the Britisher.

"It is not a theoretical question," Sam Litch, former member of the Sam Litch, former member of the county commission of Wallowa county, is in Portland. He is at-tending the meeting of stockmen who have been considering the formation of an association for mutual benefit. The idea, in a gen-eral way, is to prevent a bunch of stockmen flooding the market at one time with cattle, thus bearing form the price and instead, to send says Leslie's, "as to whether the average government employe gives as satisfactory service as he would be forced to do in the business into quiet water. And when the boat came back to Astoria for rebe forced to do in the Dualness world. A careful comparion by an expert accountant demontrates that our government employes are 40 per cent less efficient than are the em-ployes of the United States Steel corporation. The everage federal down the price and, instead, to send down the price and, instead, to send out information so that the stock employe does just enough to get by." As a result Washington is jammed the taxpayers' money and rendering the taxpayers' money and rendering as safe an entrance as there is on is required, thereby maintaining fair price.

fair price. Although the brass band of the Irrigators of Crook county will not toot in the Rose Festival parade, to run the government, which, it is claimed, would be cut in half if government affairs were run on a balance bag written to Portland function and the portland to be average to cut the same. Alfalfa Rex of the government affairs were run on a balance bag written to Portland Irrigators has written to Portland business basis. This is the situation which the avfor hotel accommodations and says that while the fire at Prineville de-stroyed all of the band instruments modations and says for hotel accommodations and says that while the fire at Prineville de-stroyed all of the band instruments, the Irrigators will be on hand with bells, and Alfalfa Rex suggesta that the Crook county contingent be placed between two nifty bands. placed between two nifty bands.

From The Oregonian of June 7, 1872, Philadelphia-Wilson is gaining as candidate for vice-president at the national republican convention you to a justice of peace, whose name is L. M. Fauquer, and he in-forms you that the minimum fine is \$10 and \$1 for each additional mile above the speed limit. No now in session here. matter what you say, this cop says

A Marion county farmer has planted 13 acres of hops this season and expects to raise \$600 an acre you are making 30 to 35 miles an hour and the man Fauquer will graciously, and considerately only soak you \$10 and advise you to on his venture.

soak you \$10 and advise you to have your speedomster corrected. If I were the only one that had been caught by this bunch I would not think so much about it, but they pick up about every man coming north who has an Oregon license during the hours of duty when this cop is on. So all autoists be on your guard and remember the town Yreka. Pass It up. Get your supplies at Sissons or before you reach Yreka.

Sissons or before you reach Treka. Since this town cannot get your money for booze they are deter-mined to get one last crack at you PORTLAND, June 6 .- (To the Edi-tor.) -- In regard to the statement

of A. Murai in The Oregonian Mon-day, I wish to state that the social evil is run entirely under govern-ment control in the Yoshiwara dis-96 East Fourteenth street. trict, the Japanese government re-

ceiving large revenue from the operations of these houses of ill
