

\$40,000,000 MORE IN CUTS EXPECTED

New Reductions in Rail Pay Effective July 1.

CLERKS TO SUFFER MOST

255,000 Additional Employees Are to be Affected by Order and Total Cut Is \$150,000,000.

CHICAGO, June 12.—(By the Associated Press.)—Wage reductions estimated at not exceeding \$40,000,000 for 350,000 additional railway employees, whose wages the carriers seek to lower through the railroad labor board, are expected to issue from the board within a few days to be effective July 1.

The bulk of those whom the new cut will hit are railway clerks, number approximately 200,000. Their pay, it was said today, would not be cut more than 5 cents an hour, however, and certain chief clerks and other supervisory clerical forces may not feel the order at all.

Dispatchers Not Touched. About 5000 train dispatchers, generally considered as subordinate officials, while coming under the pending decision, will not suffer any reduction, according to authoritative information. Supervisory officials in the shop crafts, whose pay was recently slashed \$80,000,000, likewise receive no cuts.

Coal passers, oilers and water tenders, including in the general classification of stationary engineers and firemen and freight handlers, and other common labor included in the station employees' group, are expected to receive a reduction of approximately five cents an hour, the same cut applied to common labor in the maintenance of way department. There are about 125,000 unskilled laborers in these two classes.

The signal men and marine employees, numbering 15,000 and \$90, respectively, are expected to come under the reduction but no figures were available to indicate the amount of their cut.

Strike Vote Expected. Anticipating a reduction, however, D. W. Hill, president of the signal men, declared in the board meeting that he could find no justification for the cut and that he expected them to vote to strike as soon as the decision was issued.

E. H. Fitzgerald, president of the clerks, likewise declared a further cut was unnecessary and that his organization would begin a strike vote immediately when the decision is announced, in line with the agreement of the 11 organizations affected by the cuts to take strike votes, made at a conference in Cincinnati last week.

It was rumored today that any rail strike growing out of present threats may be directed and financed from Canada as a means of evading the recent decision of the United States supreme court holding unions liable for damages caused by their members.

Leaders of the rail unions said to be contemplating the move viewed the establishment of Canadian headquarters as legitimate in view of conditions caused by the supreme court opinion, because the unions are international organizations. Financial penalties in case of a walk out could thus be averted, it was said.

Strike ballots to the 400,000 railway shopmen, sent out from Chicago, were accompanied by the following letter: "Every possible effort should be made to obtain the vote of every employable eligible. This ballot will be tabulated as soon as possible and there must be no stoppage of work until you are properly authorized to do so."

"This is the time for action and not talk or unnecessary delay. The railway employees' department desires that every ballot shall be in Chicago at the earliest possible moment and in no case later than June 30."

CARMAN STABBED; DIES

Attempt to Eject Disorderly Negro Costs Life.

RICHMOND, Va., June 12.—P. L. Eurlison, a conductor in the employ of the local street railway company, was stabbed to death Sunday in South Richmond by several unidentified negroes following his attempt to eject a disorderly negro from the street car which he was operating. The slayers made their escape.

Eurlison was caught by his slayers on the running board of an automobile in which he had sought safety when menaced by several of the negro passengers. The automobile was proceeding alongside the street car at the time and before the driver could get under way the conductor was pulled down and stabbed repeatedly.

Charles Hall Leaves Marshfield.

MARSHFIELD, Or., June 12.—Charles Hall left today with his family for Portland, traveling overland by way of Roseburg. Mr. Hall said he had authorized no statements regarding a contest on the primary election, but still had his attorneys at work on a proper preliminary subject to action providing the investigation now going on warrants action.

Healthy Liver Healthy Life

Your liver—healthy or clogged, active or sluggish—makes all the difference between a vigorous, cheerful life and low spirits and failure. To subdue a stubborn liver, overcome constipation, distended bile, indigestion, headache and the blues there is nothing on earth so good as Carter's Little Liver Pills. Purely vegetable. Small Pill—Small Dose—Small Price.

RAIL UNION LEADERS, MEETING IN CINCINNATI, OPPOSE STRIKE AT THIS TIME.

Above, left to right—E. H. Fitzgerald, Frank Paquin, Timothy Healy, Edward Tegtmeyer, W. H. Johnston, D. W. Hill, E. L. Oliver, Edward J. Evans, H. J. Carr, J. W. Burns. At table, wearing coats, are President Bert M. Jewell (left), who sent out the call, and W. T. Brown.

This photo was taken Tuesday in Cincinnati, and shows the railway union chiefs, who decided that a strike vote shall be taken, but that the walkout as a result of the wage cut just ordered by the labor board be deferred until business improves.

Bert M. Jewell, president of the railroad section, sent out a call to all lodges calling upon them to vote as soon as possible on the question of striking. The unusual feature of the call is the specific instructions that all members, whether now in actual railroad service or not, be called upon to vote.

UNIONS HELD AT STAKE

LIFE IS IN DANGER, CONVENTION IS TOLD.

Samuel Gompers Is Cheered During Address in Crowded Hall.

(Continued From First Page.)

Toward abolishing war and that labor throughout the world made the "greatest contribution toward that purpose."

Executive Council Reports.

The record of organized labor's accomplishments in "a year of unusual strife and unusual industrial depression" was laid before the convention in the report of the executive council.

The report declared that American labor during the year not only suffered from the widespread unemployment that existed but was beset "by opponents more active and determined than ever."

In addition to strictures on the conduct of employers in numerous cases, the report added explicit and pointed criticism of congress and of some state legislative bodies, declaring such branches of the government to be "succumbing to a wave of reaction."

During the last two years he has been retired from active business life. Mr. Bolton was one of nine who took the examination for the postmastership last January when it was announced that post business experience would count 80 per cent in the result.

Live in Eastmoreland —and play golf at home. A round on the Public Golf Links in the morning—a quick shower, breakfast and downtown by 8:30—is the daily programme for many of the business and professional men of Eastmoreland. And Eastmoreland is an improved residence district of particular attraction. Beautifully platted in such a way that no matter what location you choose for your home, further building cannot possibly restrict a wonderful view of surrounding country; winding vistas and wide parkings add to its natural beauty. Enjoy a ride through Eastmoreland if you haven't been out there recently. See for yourself the many advantages of this choice district. Then choose your home site.

And each for its own charm, consider also: Sunny Dunthorpe. An acre or more, with "Country advantages and city conveniences." LADD'S ADDITION. A close-in residential section of most desirable character—congenial neighbors and handsome homes. Westmoreland. Beyond the city's dust and toil. Near Eastmoreland, the Public Golf Links and Reed College. Phone Broadway 5754 for Appointment.
