

FOREIGNERS FLEE FROM CANTON FIGHT

Bombardment Is Ended by Signing Truce.

U. S. ENVOY PROTESTS

Chinese Leader Then Agrees to Confine Shelling to Forts Outside City.

PEKIN, June 19.—(By the Associated Press.)—Foreigners at Canton were forced to flee for safety from the indiscriminate firing of Sun Yat Sen's gunboats Sunday, according to a Canton dispatch to foreign legations here.

After a considerable exchange of fire between the Chen Chung-Ming forces ashore and Sun's flotilla, a truce was arranged and firing ceased.

General Chen Chung-Ming, who drove Dr. Sun, president of the South China government, out of Canton last week, still holds the city, but Sun was reported to be bringing up reinforcements in an attempt to recover it.

Soldiers Fire on Warships. The dispatch to foreign legations here, describing the bombardment, said:

"Sunday four of Sun Yat-Sen's gunboats and one torpedo boat steamed up the Pearl river. When they reached a point along the bank between the Oriental hotel and the Chinese postoffice Chen Chung-Ming's soldiers opened fire upon them, whereupon the gunboats responded with machine guns. The firing continued until the gunboats reached the anchorage for foreign warships opposite the Shamen in the river. Bullets fell over the British steamer Sineban, which, however, escaped damage. The fire of the machine guns was directed against White Cloud, where Chen's troops were stationed.

Red Cross Helps Wounded. "After the firing had ceased Red Cross workers went to the bank and took over the care of the wounded. Two thousand persons, including foreigners, boarded a vessel when the bombardment became dangerous and departed for Hongkong.

A truce has been arranged, under which Sun's forces agreed not to bombard the city on condition that Chen Chung-Ming will cease firing upon the gunboats.

"During the bombardment of the city, the Shamen is the foreign settlement, which is on an island belonging partly to France and partly to Great Britain. It lies near the western end of the city.

A dispatch from American sources at Canton said that during the bombardment the American consul, accompanied by the consul general and a naval officer there, boarded the Chinese flagship Saich and protested against firing upon the defended city. The consul general's indiscriminate firing was endangering lives of women and children. Sun Yat Sen, commanding the naval forces in the river, the dispatch said, promised to confine his bombardment to barracks and gun emplacements outside the city.

Reunited China Indicated. Two significant developments today pointed to a reunited China in the near future. One was the official advice from Canton that Sun Yat Sen's downfall was complete. The other came in a telegram from the three provinces of Manchuria, where Chang Tso-Lin has attempted to establish a separate empire, that the three provinces were ready to join the united China movement.

The telegram from the Manchurian assemblies stated that, while Manchuria enjoys self-government, it nevertheless was willing to join in the programme for unification.

Advice from Canton, made public by the Peking government, declared that Sun Yat Sen, ex-president of South China, although still unconvinced of his defeat, had been entirely eliminated from the field of Chinese politics and that General Chen Chung-Ming, ardent proponent of the unification movement, was in complete control of the ex-South China capital.

Early Reunion Foreseen. Early reunion of China under a constitutional government is foreseen by the Chinese press as a result of the elimination of Sun Yat Sen and the overthrow of Chang Tso-Lin. The vernacular papers described both the north and the south as drawing together in the conviction that the interests of all factions are mutual and that China will be unable to make progress along any other road than that of reunion.

It is understood here that President Li Yuan-Hung, before accepting the presidency, had received the pledge of General Chen Chung-Ming that the latter would attempt to abolish the Canton government and that Chen's coup of last week was carried out in furtherance of this promise.

In this agreement between Li and Chen, to which General Wu Pei Fu, conqueror of Chang Tso-Lin, was a party, the following stipulations are said to have been made contingent on the fall of Sun Yat Sen: First—That the old republican parliament be recognized as the national legislative body with unlimited power to elect a president of the republic.

Second, that if the parliament elects as president any other than Li Yuan-Hung, present chief executive, his choice shall be undisputed, Li withdrawing without protest.

Autonomy Is Stipulated. Third, that all the provinces of China shall enjoy autonomy with rights similar to those of the states in the American union.

Fourth, that all armys shall be reduced to the minimum needs of national defense.

It is expected that parliament will be able to muster a quorum for a meeting August 1. All the Canton members have been urged by Chen Chung-Ming to proceed to Peking for the reconvening of the old republican body.

Several of the provinces already have signified their willingness to disband their separate armies. The tuchun, or military governor of Shensi, has asked other provincial commanders to join him in his stand that China needs only one-sixth of

Senorita Graciela Mandujano, Chilean delegate to the recent Pan-American conference of women in Baltimore, has asked who are the 12 greatest American women, thereby creating a great amount of argument and discussion. She wishes to be able to hold up to the women of Chile these 12 women as guiding lights. A great many lists of 12 have been submitted to the League of Women Voters, but so far no agreement has been reached.

her present standing army. The tuchun of Chekiang has gone a step further and has declared his willingness to resign.

Sun Is Planning Attack. HONOLULU, June 19.—A cablegram from Hongkong to the Liberty News, a Japanese-language weekly paper here, today said Dr. Sun Yat-Sen is preparing to launch an attack with 30,000 troops against Canton in an effort to regain possession of the city from General Chen Chung-Ming, who drove him out last week.

SIX MAKE RADIO DEBUT (Continued From First Page.) "Cadman" and "Annie Laurie," both great favorites with the radio audience, and both turned out in exquisite form and voice by the singer.

The concert was concluded by the two soprano solos sung by Miss Olga Ruff, which made a beautiful finale to the programme. Miss Ruff leaves Portland this week with Mrs. Fred L. Olsen to study in Chicago this summer, and her singing last night endeared her to hundreds of radio fans who will be glad to hear her again when she returns in the fall. She sang "I Know a Lovely Garden," "Sweet Genevieve," the last with trio parts.

NAVAL FUND BILL PASSED BY SENATE

\$295,450,000 Measure to Go to Conference.

86,000 MEN PROVIDED

Action on Enlisted Personnel Is Final, as House Decision Has Been Accepted.

WASHINGTON, D. C., June 19.—The annual naval appropriation bill carrying approximately \$295,450,000 and providing for an enlisted personnel of 86,000 men was passed late today by the senate and sent to conference with the house.

Action on the enlisted personnel, now about 115,000, is final, as the senate accepted the house decision, and the question will not come before the conferees, who will deal principally with increases of \$44,000,000 over the house bill. There was no record vote on final passage and no effort was made to reduce the enlisted personnel.

Haiti Occupation to Stay. Unsuccessful efforts to end American occupation of Haiti, the Dominican republic and Nicaragua and to launch a congressional investigation of navy administration marked the final day's debate. An amendment by Senator King, democrat, Utah, providing for withdrawal of American marines from the two republics and Nicaragua December 31, next, was rejected, 42 to 9, after a day's debate in which the American policy of intervention was both attacked and defended.

Investigation of naval administration was proposed by Senator McCormick, republican, Illinois, but his resolution drew objection from Senator Dial, democrat, South Carolina, and was referred to the senate committee. It contemplated a survey to abolish useless navy yards and stations, Senator McCormick declaring there was a navy "pork barrel" and one third of its establishments were unnecessary.

Controversy on the Haitian and Dominican intervention policy divided both parties. Five republican senators, Borah, Idaho; Johnson, California; Ladd, North Dakota; La Follette, Wisconsin, and Norris, Nebraska, supported Senator King's withdrawal amendment, and four democrats, Senators King, Overman, North Carolina; Walsh, Massachusetts, and Walsh, Montana, voted in its behalf. Another amendment by Senator King to cut the marine corps from 19,500 men to 17,500 men, was rejected without a record vote.

Supporters of the King withdrawal amendment declared that American intervention in Haiti, San Do-

mingo and Nicaragua was causing feeling in Latin-America and also in Europe against the United States. Senators McCormick, republican, Illinois; Pomerene, democrat, Ohio, and Odde, republican, Nevada, of the senate committee investigating Haitian affairs, on the other hand said no effort was necessary to aid the Haitians and establishing an orderly government of their own and denied statements of opponents that permanent policy of occupation was involved.

Americans Are Blamed. Americans with business interests in Haiti, Senator Borah and others

declared, were desirous of continuing American control. Senator Pomerene declared it would be "little short of a crime" to terminate American supervision in Haiti so soon while Senator Odde charged that German propaganda in support of American withdrawal had been circulated by interests in German-owned property in Haiti. Senator Odde said it would be "barbarous and inhuman" for America now to withdraw its protection from Haiti, he and Senator Pomerene asserting that civil war and revolutions probably would result.

Sensor Borah declared that "all American nations are very much in opposition to our policy in Haiti, Santo Domingo, Nicaragua and Guatemala. Central Americans, he said, regarded intervention as "invasion" and that the United States intended to "annex" the countries occupied. American forces, he added, would not be withdrawn until American debts were paid.

American intervention, Senator Morris said, was a "disgraceful page in American history."

IRISH FAVOR TREATY

ONLY FRAGMENTARY ELECTION RETURNS ARE IN. Anti-Fact Poll Believed to Be Less Than Fourth of That in Favor of Peace.

DUBLIN, June 19.—(By the Associated Press.)—Only fragmentary election returns were available at a late hour tonight, but the results thus far known show unexpectedly heavy voting for the independent candidates and, as between the treatyites and the anti-treatyites on the panel, a predominance of support for the former.

Generally the results confirm the Cork conclusion that laborites' second preferences overwhelmingly favored the treaty and that the anti-treaty poll was less than one-fourth that given for the treaty. Nevertheless at the headquarters of the republicans it was declared that the republicans did not count on a diminution in their strength by more than 15 members of parliament. The most pessimistic estimate there was 40 republican members of the Dail.

Eamonn de Valera evidently is awaiting full results before venturing a statement on the elections. It now is considered doubtful whether a coalition can be formed. The difficulties of army unification have not been overcome and all prospects for peace are said to depend upon an arrangement with the regular forces.

HOUSE PUTS OFF BILL

Bad Results of Capper-Tincher Measure Feared. WASHINGTON, D. C., June 19.—The house rules committee today postponed without prejudice a rule upon which it was proposed to take up for consideration in the house the Capper-Tincher bill to supplement the future trading act.

Representatives Rainey and Chidlow attacked the bill as immature legislation. The latter insisted that it was a "slipshod" attempt to try out in the courts the principle laid down in the packers' and stock yards act by applying it to grain. He declared such a law would "certainly strangle to death every grain exchange," and urged the rules committee to assist in demanding carefully considered legislation.
