The skirt is in three gores, closing at front. Each front piece is 20 1/2 inches in front and 9 inches at top. Back is 36 inches in back and 4 1/2 inches at top. Is there anything I could put with this to make a dress, if so, what and how long is it? It is too small around the hips as it is.

I will surely appreciate your aid as I have the confidence in my own choosing in remodeling.

Thanking you in advance, MRS. L. Mrs. L.: For the brown material, there is a pleasing design in the July Delineator, on page 31, 372.

Have the lower portion of the skirt of the Canton crepe and show you care to take the time I would have the lattice trim introduced as a border design. Trim the sleeves in the same manner. A girle and the long ends, as shown in the picture, will be an attractive line for you and can be in a contrasting shade, such as amber brown or a fuchsia.

The check will make up nicely after the model in same issue on page 28, No. 3734. Omit the cross-pieces at the hip, as they will not add to your line. The blouse of gray crash or Canton will combine well with your material. Will be glad to be of further help should you require it.

NEW RATES ARE PRINTED
Southern Pacific Distributes Schedules With Reductions.

New freight tariffs, embodying the 10 per cent reduction in freight rates ordered by the interstate commerce commission, are now being distributed by the Southern Pacific company. According to freight department officials of the company, the reduction becomes effective July 1.

Railroad men expect a considerable increase in the volume of freight business immediately after the reduction goes into effect. Many shippers, knowing of the lower rates, have been withholding shipments in order to take advantage of the saving made possible by the commission's ruling.

The new tariff affects all class and commodity rates except where reductions have been made to an equal amount since August 26, 1920. Farm products and livestock rates, which were lowered in January, 1922, are not affected by the new ruling.

ELOPERS ARE RUN DOWN

STUDENTS OF LINCOLN HIGH CAUGHT IN WASHINGTON.

Mother of Mavis French Rushes to Reclaim Girl and Argues Lambert Is in Jail.

With the prospective bridegroom behind the bars of the county jail at Kalamazoo and an angry mother speeding to the rendezvous of the young couple to reclaim her daughter, the elopement of Mavis French, 15 years old, and August Lambert, 18, both Lincoln high school students, has turned out in disaster.

Young Lambert was arrested yesterday afternoon by Sheriff Hoggatt at Kalamazoo and held pending advice from local authorities. Lambert told the sheriff of a meeting which he and the girl had planned at Chehalis at 3 o'clock this morning. Information of the elopement was relayed to the mother of the girl, who immediately boarded a train for Chehalis.

Young Lambert, son of a Portland Heights clothes cleaner, left home a week ago yesterday, ostensibly to go on a fishing trip to Oswego lake. A day later the girl disappeared after announcing her intention of going to California. The pair had been "keeping company" for about a year.

According to word received from Kalamazoo, the couple made the trip down the river by boat and reached that city yesterday. When Mrs. French learned, through Portland newspapers, that the authorities were searching for them, the girl hurried on to Chehalis and Lambert agreed to return.

Just what action will be taken in the case of the runaways depends on the mother's attitude after she returns to Portland. "I want my girl back first, then I'll decide what to do," she told local police officers yesterday.

AVIATORS SCORED

GYMKANA DIRECTOR SAYS CONTRACT BROKEN.

Plier Declares He Showed Up at Field, but That Crowds Had All Gone Home.

Failure on the part of the Ayres aviation service to stage the aerial acrobatics advertised for the gymkana on Multnomah field last Thursday night, was announced by a breach of contract in a statement made last night by Clay S. Morse, director in charge. He said a written contract had been drawn up and signed by Lieutenant Vern U. Ayres, which specified that there would be wing walking, rope ladder stunts and a leap from one plane to another in midair.

To clinch the contract \$203 was paid in advance on the \$500 price of the contract, which called for circling above the athletic field between 1 and 5 o'clock during the other parts of the programme. Signals were arranged as cues for the aviators to drop the numbered cards, from which one would be caught to determine the winner of a \$100 cash prize, and also for them to start their acrobatic programme. Mr. Morse said that although the signals were given the aviators failed to respond.

Lynch claimed that he was scheduled to put on the acrobatic work at 5 o'clock and that when he arrived above the field the crowds had gone home. Chairman Morse said that the aviators had been given at 3:55 o'clock and at 4 o'clock, when the planes were in sight high above the ground and that the flyers did not come down to put on their stunts.

No information was forthcoming regarding the settlement of the contract, as the aviator, Vernon U. Ayres, had not had time to consider the matter. The \$100 set aside for the cash prize will be turned over to some worthy charity, it was said yesterday.

Aided by Allan Byton, assistant United States attorney, Park entered the court, confessed to the crime and McCabe was fined \$300 for possessing liquor and W. R. Carpenter was fined \$150. James A. Leonard was indicted by the grand jury also. He is expected to plead this morning.

One secret indictment and five not true bills were returned by the grand jury. May Leive, charged with violating the prohibition law; John Barnhart, charged with forgery; Dennis C. Stone, charged with setting fire to a government building; Frank Marqueth, charged with violating the prohibition act, and J. E. Carvillers, also charged with violating the dry law, were all freed.

POLICY TO BE RESTORED

Children Again to Clamor for Balloons at Hippodrome.

A flock of children clamoring for big balloons, all at the same time, will again be a familiar sight at the Hippodrome theater. On his return from San Francisco, where he spent part of a six week's vacation, W. W. Ely brought the news that when he puts on the managerial harness to-day, he will resume pretty near all of the old-fashioned Ackerman & Harris policies.

Particularly will be the immediate restoration of the balloon matinee and matinee. Ely said that the children will find a balloon waiting for each of those who attend the matinee performance. Also there will be one for each of them on Saturday afternoon. Ely said that other change back to old policies will be the invitation to mothers to bring their infants in arms. There will be a nurse in attendance to watch over the smaller children.

STORE BUILDING BURNED

Loss Totals \$1750—Defective Hose Handicaps Firemen.

Fire, caused by a defective fuse, completely destroyed the one-story frame store building at 506 North Jersey street about noon yesterday and did damage amounting to about \$1750. The building and the stock are a complete loss.

The principal losers are Mrs. Belle Barlow, who owned the operation and confectionery store in the building. Her loss is \$1000, of which \$800 is covered by insurance. Roy Wilcox, who owned the building, destroyed, entailing a loss of about \$100, not insured. The building, owned by P. A. Bredeen and valued at \$600, was not insured.

DRUG THEFT FRUSTRATED

ADDICT MAKING AWAY WITH NARCOTICS CAUGHT.

Police Detectives Riding Past Store Glimpse Fugitive Just in Time to Arrest Him.

Two police detectives, riding past on a street car, nipped the attempt of Edward A. Thornton, Seattle drug addict, to steal \$200 worth of morphine, cocaine and heroin from the Meyers Brothers drug store, Grand avenue and East Morrison street, yesterday. Thornton, with the stolen narcotics in his possession, was caught and jailed on a charge of larceny.

Representing that he had a sore foot, the man entered the store shortly after noon, purchased a roll of bandages and requested permission to dress his foot in the store. This was granted and he went behind the prescription counter, ostensibly for this purpose.

Out of sight of the clerk, Thornton immediately bundled all the narcotics in the prescription racks into one package and started out of the store. The theft was discovered and the clerk raised the cry of "thief." Thornton ran, and in so doing attracted the attention of inspectors Drennan and Callih, who were riding Monday and placed himself at the policeman jumped from the car and caught the fugitive.

VICTIM IS UNCONSCIOUS

Assault on Aged Man May Be Held for Manslaughter.

Still unconscious, Edward Cushman, 64-year-old victim of a first fight against a man in the room of the Elgers Plance company Monday, has a chance for life at Good Samaritan hospital. Physicians operated on Cushman yesterday, removing sections of splintered bone from his skull.

Meanwhile, C. T. Haas, attorney representing George Kern, the young bookkeeper who struck the blow, appeared at the district attorney's office and announced that Mr. Kern, who left the city immediately after the affair, would return today or Monday and place himself at the disposal of the authorities.

In the event of the man's death, criminal prosecution of young Kern will follow. Deputy District Attorney Mowry announced yesterday that Police Inspectors Hellyer and Mallett investigated the case yesterday, secured data and evidence which they placed in the hands of the prosecutor.

Should Cushman die Kern probably will face a charge of manslaughter, Deputy Mowry said.

ACCIDENT FUND IN COURT

Appropriation Is Attacked in Suit in Effort to Invalidate It.

OLYMPIA, Wash., June 23.—(Special.)—Demand that \$115,533 appropriated by the legislature from the accident fund, from which industrial insurance claims are paid, to be used for operating expenses of the industrial insurance division of the department of labor and industries, be declared void, and that the money be returned to the accident fund and used only for payment of insurance claims, is contained in an action against the state auditor and state treasurer.

The suit for an alternative writ of habeas corpus was filed in the state supreme court today by the Bloedel-Donovan Lumber company of Bellingham, Clark-Nickerson Lumber company of Seattle and Clear Lake Lumber company of Clear Lake.

The petition alleges that the legislature, in appropriating from the accident fund to pay administrative expenses of the department, exceeded its authority.

BANK DECISION IS DUE

Judge Tucker to Rule on Rights of Depositors.

Circuit Judge Tucker is scheduled to hand down a decision of general interest today in a suit filed in the case of the State Bank of Portland, recently closed by Frank C. Bramwell, superintendent. Large numbers of depositors and others are anticipating the ruling, which probably will have widespread effect in Oregon.

Two points, chiefly, are involved, the first being whether the department against whom the bank holds a note can apply said deposit in payment. Such is the prevailing custom now. The second point is as to whether a savings bank depositor is a preferred creditor.
