

RIVERS IS SPEEDY IN GYM WORKOUTS

Stamina Big Factor in Bout Booked Here.

HARPER'S YOUTH TO TELL

Seattle Boy Likely to Wear Down Veteran in 10-round Event Tomorrow Night.

Joe Rivers stepped ten fast rounds of bag punching, rope skipping and shadow boxing at the Olympic gymnasium yesterday.

If condition counts for anything Rivers can be depended to take care of himself tomorrow night against Seattle Robert.

Joe Rivers has perhaps had the most varied career of any lightweight in the country.

Rivers on Down Grade. Of course the Joe Rivers of today is not the Joe Rivers of five years ago.

Over the short distances of four, six and even ten rounds Rivers should be able to outlast like the Mexican marvel of old.

Matchmaker Hansen is featuring Sammy Gordon, the little battling featherweight, and Jimmy Britt of Tacoma in the main event.

Australian Golf Wizard Converts Skeptics

Joe Kirkwood proves he can go through tournament play with anyone.

BY ROBERT EDGREN.

WHEN Joseph Kirkwood, the Australian golfing wizard, was giving exhibitions in this country a few months ago I heard several golfers ask why, since Kirkwood could make such wonderful shots, he hadn't shown up among the champions.

There's a world of luck in championship golf, which is shown by the fact that champions seldom repeat their victories the ensuing year.

France may have a tough time raising enough funds to hold the 1924 Olympic games, but it would take a lot of arguing to induce any Paris to give up that 1924 hack at the bankroll of about 20,000 Americans who will go over to see our boys clean up again.

Tex. Rickard was "mystified" when his first two cabled offers to Carpenter for a match with Harry Greb for the world's light-heavyweight championship brought no reply.

Jack Kearns explains that Carpenter can't fight Greb here, being under an agreement not to risk beating by anyone before the scheduled Dempsey-Carpenter bout.

Some politicians are learning that even though the dead speak, nobody pays any particular attention to Atlanta's Constitution.

tion away in anything less than a round hour. "And if Georges pops one on Harry's chin the way he did on mine in the second round," Dempsey said, "Harry might bounce on the floor a couple of times. Oh, yes, he might get up, for that bird has a rubber core and a gutta percha cover like a golf ball."

George Engle has changed his mind about taking a European trip just now. He says Carpenter must come to this country if he's to fight Greb. "Harry's claim to the title is as good as Carpenter's," says Engle. "Harry beat the best men in this country—Tom Gibbons and Gene Tunney—and they of them could have beaten Bat Levinsky easily when Carpenter beat him. I knew Carpenter well in France and have the greatest admiration for him. He's a splendid boxer, game, fast and a puncher. But he hasn't mixed up with a buzz saw yet and if he ever meets Harry Greb he'll have a new experience. He wouldn't have any speed or punch if he was on his heels all the time, and that's where Greb keeps every man he fights."

Major Wilson, the English promoter, offered Greb \$100,000 and passage to meet Carpenter in London, and the offer was refused—probably because the English war tax would not leave Harry enough of that to pay his income tax at home.

California's second victory in the intercollegiate calls to mind a few other instances in which western athletes have surprised the east in the past few months.

There's a world of luck in championship golf, which is shown by the fact that champions seldom repeat their victories the ensuing year.

George Foster Sanford, looking over the Nebraska team that played his Rutgers eleven at the Polo grounds, said: "See which of those team you'd be writing stories about my giant. They've got a whole team of 'em. But their training is crude. They don't know the game."

A Tonic for Golfers. ONLY AMERICAN WINNER OF BRITISH OPEN. BY JOCK HUTCHISON.

ANDWICH, England, June 25.—In England they are discussing the possibilities of Miss Joyce Wethered winning the woman's title in America this fall.

Stranger to say, the golfer whom British experts think will be Miss Wethered's most dangerous opponent is not the present champion of America, Miss Marian Hollins, or the former sensation and three times champion, Miss Alexa Stirling, but rather the youthful Miss Glenna Collett, whose fame as a "child wonder," like that of Bobby Jones, has spread all over the British Isles.

Major Wilson, the English promoter, offered Greb \$100,000 and passage to meet Carpenter in London, and the offer was refused—probably because the English war tax would not leave Harry enough of that to pay his income tax at home.

There will be little to choose from in regard to the tee shots of Miss Wethered and Miss Collett. Of the American girl it is said she has something on any woman player in driving, but the golfers over here are not prepared to believe this statement and must be shown.

Experience counts for much in match play or medal play either, and the English girl may have something of an edge in that respect, although Miss Collett, with her steady play in the south last winter and in the north in the summer, has gained a lot. I have just heard that the Providence girl won the recent eastern championship, which, added to what she won last fall and her north and south crown won at Pinehurst, gives her a number of titles.

Unlike Bobby Jones or Jess Sweetser, Miss Collett has not played long. She was not a prodigy such as young Jones. Miss Collett, according to report, never took up the game until she was 14, so she has scarcely had five years of play.

Stories came out of the south last winter telling of the tremendous distance she was getting with the steel-shafted clubs. All her success was laid to this fact. But after her return north, when the steel shafts were barred, Miss Collett continued to drive with the hickory shaft just as far as ever.

FLAG RACE SPECTACULAR

THREE-CLUB HUNT IS ON IN AMERICAN LEAGUE.

St. Louis Browns Increase Lead to Three and Half Games Over New York Yanks.

NEW YORK, June 25.—While the New York Giants are making pretty much of a runaway race of it in the National league, despite a series of reverses last week, the persistent hunt in the American circuit has developed into a spectacular three club affair.

The St. Louis Browns, breaking even in four games with Detroit as a result of today's shutout victory, increased their margin to three and a half games over the second place Yankees, who were idle today, and to four and a half games over the battling Tigers. The Giants, by winning from Boston, raised their lead of five games over St. Louis and five and a half over Brooklyn, both of whom kept pace with the leaders by winning.

The Browns, with Williams and Sisler leading a terrific attack, and fortified by steady pitching, will be hard to displace, while Ty Cobb has his outfit hitting a dangerous pace. Taking four games in a row from Cleveland, the Chicago White Sox have gained a hold on fourth place while the Indians have dropped into sixth place, below Washington.

Baseball played havoc with the National league schedule early in the week, the Cincinnati Reds supplying the outstanding feature by taking three straight victories today's game, from Pittsburgh and climbing to fourth place.

Loose fielding was largely responsible for the Giants' reverses. Brooklyn took two out of three games from the leaders and with the Pirates in a slump, hopped into third place, which they held today by a margin of two and a half games.

The Cardinals recovered their batting eye today after dropping two in a row to the Chicago Cubs. Despite the reverses the Cubs gained a slight advantage over the Pirates, with whom they had been tied in a battle for fifth place.

The Boston and Philadelphia clubs in both leagues hovered around the cellar.

The week's record in each league of games played, won and lost, together with batting averages, runs, hits and errors, are given in the table on bases, including games of Saturday, is as follows:

Table with columns for League, Team, W, L, Pct., Runs, Hits, Errors. Includes teams like American, P. W. L. R. H. E. Lb. Bush League Notes.

The 50th Anniversary of Vancouver baseball was an exciting ten-minute baseball game from the nine of the battlement Connecticut at Vancouver, Wash., yesterday, 3 to 2. Both teams played well, but Johnson, the winning pitcher, was better in the pinches than Thompson. The catching of Griffith, who mipped three army runners at second, and the hitting of Whiskey, the army pitcher who made a home run, featured.

Safe or Out?

BY CHARLES D. WHITE.

BY ANY player except Kenneth Williams of the St. Louis Browns made three home runs in one game in the American league?

Q. What is the only one? A. He is the only one. Q. The batter hits the ball down the third base line. The ball strikes the bag and bounces 15 feet. Is it fair or foul? A. The ball is fair. Whenever a batter hits the ball either third base or first base it is called a fair ball.

Q. The batter hits an infield fly, and when the ball drops to the ground, as it is not caught, it hits him while he is running to first base. Is he out for being struck by a batted ball? A. He is out by the first baseman.

Q. He is to be called out on an infield fly caught by who ever of the infield. Is this correct? A. Yes, it is. Q. The pitcher takes his position to pitch and delivers ball to the batter. He does so the runner on third starts for home. The catcher steps in front of the batter so that the latter cannot get a proper swing at the ball. What is the decision? A. The batter should be sent to first base and the runner should be permitted to score because the pitcher delivered a strike to the plate.

REO SPEED WAGON. Large stylized text advertisement for Reo cars.

"The World's Best"

If you did not know—if from your own experience or observation you could not testify to—the truth of that statement, we would not use it.

Here is one product that is so outstandingly superior that it knows no real rival—no equal.

No other truck has done, or can do, its work. None has shown the same stamina or efficiency.

It is literally true that this Speed Wagon will carry "a pound or a gallon or a capacity load" between any two points, quicker and cheaper.

Its range of highest efficiency—its greatest margin of economy over all others—is from 500 to 2500 pounds.

But—inasmuch as it will cover any route with no load, or loaded to full capacity, cheaper than either a flimsy-light, or an excessively heavy truck—it has proven to be the world's most economical carrying unit.

The majority in favor of the Speed Wagon is overwhelming—as evidenced by the fact that today there are more than 70,000 in use.

That's more than of all other makes combined—of similar type or size.

Demand is great. Only way to obtain a Speed Wagon is to order at once.

YOU'LL GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this get two ounces of calomine powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the face that form in the pores of the skin and you will be surprised how the blackheads have disappeared.
