

PUGET SOUND GIVES DATA ON SHIPPING

Federal Commission Holds Hearing at Seattle.

INTERESTS ARE DIVIDED

Portland, With United Front, Is Said to Have Presented More Convincing Argument.

PUGET SOUND BUREAU, SEATTLE, Wash., July 12.—Puget Sound's presentation of facts and opinions for the information of the United States shipping board commission was made in one day, the formal hearing opening at 10 o'clock this morning and adjourning at 4 this afternoon with two hours off for lunch. Tomorrow Commissioners Chamberlain, Benson and Lissner will make an inspection of the Seattle waterfront, leaving at night for San Francisco.

Persons who attended both hearings say that the showing made in Portland in opposition to section 28 was much more comprehensive and convincing than the presentation made in Seattle. Portland interests presented practically a united front; Puget sound interests were divided to the extent that representatives of the Pacific Steamship company, which operates shipping board vessels from these ports, were lined up in support of section 28 and in fervent expression of hope that the board would require the enforcement of that section.

MINISTERS DEFEND PRIVATE SCHOOLS

Presbyterian Synod Members Voice Views.

FORMAL PROTEST MADE

Aim of Compulsory Educational Measure Held Inimical to Highest Human Welfare.

CORVALLIS, Or., July 12.—(Special.)—Members of the Presbyterian synod in session here this week released for publication today a resolution or statement of belief signed by 26 leading pastors of the state, in which they declare themselves opposed to the measure on the next election ballot directed against continuance of privately controlled schools. They desired it understood that the resolution signed by them was not presented to the synod in official session, but was circulated among the ministers in attendance and signed without pressure or urgency. The resolution reads as follows:

"Whereas, it has been proposed to the people of Oregon legislation abolishing all privately controlled schools of primary and grammar grades; and whereas, much of the propaganda in favor of this bill has been conducted in the name of Protestantism, we, the undersigned Protestant ministers, members of the Presbyterian church, believe that the proposed legislation is inimical to the highest human welfare for the following reasons:

"1. It proposes to abolish one system of religious education and offer no substitute therefor in any plan of religious instruction in connection with the public school system.

"2. It is based on the philosophy of autocracy that the child belongs primarily to the state; it is an unwarranted invasion of family authority and threatens ultimately the guarantees of our American liberty.

"3. The proposed legislation in its conception, promotion and execution violates what we conceive to be the spirit of fraternity and brotherly love taught by our Master."

Signers of the resolution were: William K. Boddy, pastor community church, Hood River; Bouciet Seeley, superintendent of church extension, Portland; Presbyterian, Edward H. Pence, pastor Westminster Presbyterian church, Portland; Ward W. McHenry, Mt. Tabor Presbyterian church, Portland; Arthur M. Rice, pastor, Klamath Falls; Allan McEneaney, pastor, Tillamook; W. Lee Gray, Portland; George H. Pratt, Wendling, J. E. Youel, pastor, Dallas; O. H. Wilbur, Milton; William Moll Case, pastor Central church, Eugene; John J. Canole, pastor, Lebanon; William Crosby Ross, pastor, LaGrande; Bert S. Hughes, pastor, Union; A. J. Hannan, pastor Marshall street church, Portland; A. R. SpFarow, pastor, Cottage Grove; James Aikin Smith, pastor Hope church, Portland; Bruce J. Giffin, university pastor, Eugene; Joseph Y. Stewart, Whitson parish; V. E. Schanbel, Redmond; Norman K. Tully, associate pastor, First Presbyterian church, Portland; J. E. Snyder, pastor, Corvallis; William E. Baskerville, Port Orford and Langlois churches; J. C. Mergler, Vernon Presbyterian church, Portland; and W. F. Shields, pastor, Wallawa.

"The second day of the meeting of the synod was full of activities and interest. Following the devotional service, led by Dr. Tully of the First church, Portland, Rev. J. A. Vance of Detroit spoke on "Morning Hours With Jesus."

College Needs Considered.

The business that proved most interesting and brought out most discussion was the report of the committee of the general board of education that has to do with Albany college.

The report revealed a proposition for development of a great school in connection with the United Presbyterian Synod of Columbia. A committee was appointed to consider the proposition in co-operation with Dr. Stickwell, who represents the general board of education of the Presbyterian church.

President Williams took the synod by surprise when he presented to the trustees of the college his resignation of Detroit and has been less as president, and there was a final ovation for the retiring president.

An Allen in the custody of United States immigration officials has no recourse to the courts until after his case has been settled by the department of labor, was the ruling of Judge Wolverton of the federal court yesterday, when he denied the petition for a writ of habeas corpus filed by George Takis, one-time hotel proprietor at 104 1/2 Fourth street.

Takis was arrested following a raid on his establishment. When it was brought out that the man was profiting by the conduct of women who frequented his place he was turned over to Immigration Inspector Bonham for deportation proceedings.

SELLWOOD FOR BRIDGE

Board of Trade to Support Plan of South Portlanders.

In spite of the fact that Sellwood park believes that eventually a bridge should be provided to span the Willamette river at that point and to replace the ferry, which is now costing the city approximately \$25,000 a year to operate, the board of trade of the community will not oppose the building of a new bridge at Beacon street, as proposed by the K. Tully associate committee from southeastern Portland communities.

The proposed bridge and the future action of the community organization were discussed at their regular meeting, and it was decided to support the plan.

The Telephone Directory

Good telephone service depends vitally upon care in calling telephone numbers. A wrong number called causes loss of time to you, to the party called and to the operator. Every instance means avoidable inconvenience to all concerned.

It is not the loss of time to you alone or to the operator that concerns us most, but it is the annoyance to the party called. Your mistake cannot be explained to him, and the Telephone Company is held responsible for your error.

Consulting the current issue of the telephone directory, instead of trusting to memory; giving your number clearly, and quickly correcting the operator if she misunderstands your call, will greatly increase the efficiency of the service.
