SPIRIOUS REVENUE STAMPS BRING FINE.—Because he possessed one of the common accessories for the marketing of "phony" Scotch whisky, J. Kreschovsky was fined \$250 in the United States court yesterday. During the course of a raid on his establishment, federal agents uncovered a bundle of spurious Canadian revenue stamps, such as are used to give doctored moonshine the appearance of genuine liquor. A die for making the stamps was also uncovered. Kreschovsky was prosecuted under the terms of a law making the possession of such a die a misdemeanor of a foreign government a crime. In addition to the \$250 fine for this offense, the prisoner was assessed an additional \$25 for the possession of a liquor.

CAMPFIRE DINNER IS PLANNED.—Campfire girls will have a dinner once each week, Wednesday night. The girls will be shown how to be hostesses and to receive their guests. Because of the entrance of women into civic life, it is felt that training in this line will not be amiss. The girls will on the committee and have an opportunity to make the dinner enjoyable and partake of real campfire spirit. Each evening entertainment at Camp Naman will be of a different character. The campfire girls who expect to go to camp the second week should register immediately at headquarters, seventh floor, Meier & Frank store.

INSURED FOREMAN RECOVERS.—J. D. Ferguson, a planing mill foreman in a mill near Sand Point, Idaho, is slowly recovering at that place from the results of having received 600 volts of electric shock in his body while examining the electrically driven mill for trouble a week ago. He was unconscious for five days as a result of the shock. His hands and face were burned and it is not yet known how badly his eyes may be injured. A letter received by him last yesterday told of the accident.

THEFT OF AUTO IS ADMITTED.—Charles Frederick and Vernon L. Spring, accused of complicity in the theft of an automobile at Seattle, were released yesterday after admitted States Commissioner Frazer, when arraigned on a charge of transporting the machine in interstate commerce. Earl C. Fellows, who was arrested with the two others, admitted the responsibility for the theft and was held to await grand jury action. Spring, who escaped from the county jail at Montesano, Wash., will be returned to complete his sentence there.

MANY PORTLAND WOMEN ARE TAKING advantage of the opportunity to attend the cooking demonstrations given by Miss B. E. Galvin from the Hotpoint factory of the latest super-automatic Hotpoint Hughes electric range in the auditorium of the Electric building (second floor), each afternoon from 2 to 4 o'clock. A valuable electrical household appliance will be given away each afternoon. Thursday's oven-cooked menu follows: Virginia baked ham, sweet potatoes casserole, string beans, and fruit.—Ad.

NO PRINCIPAL POSTPONED.—The Federated States society's picnic has been postponed until July 29, when all the state societies will join in the annual outing at Crystal Lake, Milwaukie. A literary and musical programme, baseball games, athletic stunts and contests, and a concert by the 58th Infantry band from Vancouver barracks, has been arranged for the afternoon. In the evening a 10-piece orchestra will play music for dancing. The Federated societies have affiliated with the Veterans of Foreign Wars.

RETURN TO PENITENTIARY POSSIBLE.—Fred Ingles, temporarily employed as an elevator operator, faces a return to the state penitentiary as a result of a missing complaint laid against him Tuesday. It was learned that the man recently completed a portion of a five-year sentence for a statutory offense and that he is on parole at present from the prison. In the municipal court yesterday he was fined \$25 and given a 10-day sentence. Parole Officer Percy Varney is investigating the case.

LARCENY SUSPECT ARRESTED.—T. E. Hetchkins, accused by Lillian Harmon of taking \$200 from her a year ago to invest in gold mine stock, but instead appropriating it to his own use, was arrested by Deputy Constable Druhot yesterday and lodged in the county jail. The charge against him is larceny by bailie.

INSPECTION BONRAN IS SUSTAINED.—Word that the department of labor had sustained him in a \$410 fine levied on the Japanese steamer Hokkai Maru last May was received from Washington yesterday by Immigration Inspector Bonrann. He is sure to provide proper crew lists was the cause of the action.

DR. EISE ATTENDING CONVENTION.—Dr. J. Earl Eise of Portland is in Great Falls, Mont., where he is scheduled to read a paper at the gathering of the Montana State Medical society in session there. Dr. Eise will take up the subject of "Goitre," on which he has made extensive study.

STUDY CLASS TO MEET.—The study class in unity will meet in room E of the central library every Friday afternoon from 3 to 4 o'clock. Descriptive literature in doctor's office, 822 Corbett bldg.—Ad.

LOAFERS SENT TO JAIL.—With the state faced by a serious unemployment problem, with berries rotting on the vines for want of pickers and farmers crying for harvest hands, Municipal Judge Ekwall saw no reason for a crew of able-bodied men loafing about the north end and spending their time in the drinking of denatured alcohol. So when seven of the well-known characters of Burnside street faced him yesterday on charges of vagrancy, the judge refused to listen to pleas of leniency and sent the entire crew to jail. George Dixon, William Smith, Pat Lynch and Jim Mahoney each drew 30 days. Joe Ward, William Crawford and Sam Hamilton were let off with five days apiece. The seven had been rounded up by Officer Nutter and Harms of the dry squad.

WOMAN HELD ON LIQUOR CHARGE.—Unable to speak English and apparently ignorant of what was transpiring, Mrs. Thelma Erickson, recently arrested at her home at 233 North Seventeenth street, appeared before United States Commissioner Frazer yesterday and was held to await grand jury action on a charge of violating prohibition laws. A raid on her home disclosed a stock of denatured alcohol and the necessary equipment for the manufacture of the beverage. Prohibition agents alleged that the woman did a brisk business in the denatured alcohol. Mrs. Erickson, unable to furnish bail, was locked in the county jail.

LOST LAKE TRIP DISAGREES.—Due to lack of extremely dry weather of June and July the trip to Lost Lake, near Mount Hood, has become disagreeable. Forest service agents working in that district say the lower road is very dusty and that the recently melted snows have made the upper portions very muddy. The road under repair at the present time and it is hoped to have it in shape by this fall so that it may be used next season. Forest fire smoke obscures the mountain view from the lake so that there is little scenic wonder for the tourist in that country. The forest service discourages the making of the trip.

BUSINESS MEN TO PLAY.—The annual play day and picnic of the Progressive Business Men's club will be held today at Dodge park. Members of the club, their wives, families and friends will leave in the Benson hotel by automobile this morning at 9 o'clock. There will be a programme of athletic at the park in addition to dancing and a big picnic dinner. The club will furnish the ice cream, coffee, cream and sugar. Auto transportation is being provided for all who care to go. J. E. Kreschovsky, chairman of the committee in charge of preparations.

FALSE AFFIDAVIT MAKER PUNISHED.—A little fib, in the form of an affidavit, cost Ben L. Holsclaw, proprietor of the Redco Drug company, a fine of \$250 in the United States court yesterday. In addition, Holsclaw was ordered to pay the costs of alcohol in his store. Several months ago Holsclaw made an affidavit that he had no alcohol in stock. Check by United States agents disclosed a supply of five gallons of the liquid in his basement.

DRUGGIST'S BAIL IS THREATENED.—Assistant United States Attorney Baldwin obtained an order of the court, requiring Henry Miller, druggist, to appear in the United States court before next Wednesday or forfeit \$500 bail which he has posted. Miller was arrested several weeks ago following grand jury indictment on the charge of violating prohibition laws. He failed to appear to answer to the charges.

COUNCIL VACATES 28 STREETS.—The ordinance vacating portions of 28 streets for the establishment of the Northern Pacific freight terminal in the 30th lake district was unanimously passed by city council yesterday. RECALL ELECTION ON PRESIDENT TO BE HELD. Hells de Valliere Declines to Resign at Behest of Better Business Bureau.

Officials of the Portland Advertising club's better business bureau yesterday suggested to Hells de Valliere that he resign as president of the Cinema Art club "for the good of all concerned."

De Valliere, according to the better business bureau people, protested. He declared that if he did that he would lose the additional color to the reports that have been circulated regarding him, and might even make it appear that he was guilty of irregularities in connection with the activities of the club which he founded and of which he is the president.

Members of the better business bureau and De Valliere declared that they will abide by the decision of the members of the club now figuring so prominently in the limelight. De Valliere also stated yesterday that he wanted the opportunity at the meeting to place before the better business officials and his club members all the books, which will show what money he has been expended and for what purposes.

delay, that the contest may be truly representative of the state. Pictures to be published. In addition to the enviable distinction attained by the winner of the beauty award, a distinction of national moment, Miss Portland will be for a full week the guest of the city of Atlantic City, journeying thither in company with Miss San Francisco, Miss Los Angeles, Miss Seattle and Miss Tacoma, and attended by a chaperone.

In the Sunday Oregonian will appear a handsome color page of beautiful contestants already placed in nomination. It will be the first of several such illustrations to follow as the contest develops.

Dwell upon this thought: The prettiest girl in North America may live in Oregon. Of course every loyal resident of the state maintains that already there is no dispute about it, but the rest of the continent must be convinced of the fact.

This is that an exceptional opportunity is offered in the Atlantic City pageant, to be held September 6, 7 and 8, when a queen of beauty from Oregon, to be known as Miss Portland, will vie with the representatives of 75 of the largest cities in United States and Canada for the honorable distinction of being the most beautiful girl in America.

To the Oregonian, commissioned to conduct the Oregon beauty contest, that will select a contestant, comes the official invitation from Mayor Edward L. Bader of Atlantic City, the favorite fashionable eastern seashore resort. Most enticingly the mayor presents the circumstances of the contest and bids Portland rise to the moment. Here is his letter of official invitation:

"To the Mayor and Citizens of Portland, I, Edward L. Bader, mayor of Atlantic City, send you greetings and invite you to send your most beautiful daughter to represent your city in the great national beauty tournament which will be held in Atlantic City during the pageant on September 6, 7 and 8.

The Oregonian is appointed. "The Oregonian is hereby appointed by me in the name of Atlantic City to act as our official organ, and through its columns to find and select the most beautiful girl of Portland, who is to be given a place of honor in the court of King Neptune, who will preside over the festivities during the pageant.

"Your most beautiful girl here must be the chosen beautiful girl of 75 of the largest cities in the United States and Canada, from among whom will be chosen America's most beautiful girl for 1922. "It is my desire as chief executive of Atlantic City that the young lady chosen shall be worthy to uphold the traditions of the great city of Portland for the beauty of her daughters, and I promise that she shall be the honored guest of Atlantic City during her visit here.

Did You Get the Bottom Price, After All? The man who buys a "long discount" tire usually finds himself troubled by the above question. Did he pay less for the tire than his neighbor might have paid, or actually did he pay more? Did he get the bottom price, when all is said and done, or could he perhaps have driven a sharper bargain?

Was the net price really more than he might have had to pay for a tire of established reputation and value? In the belief that the average motorist prefers a frank and open transaction, we built the new Goodyear Cross-Rib Tread Cord and discounted the "discount" in advance.

Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can. We build it of high-grade long-staple cotton, using the patented Goodyear method of group-ply construction, and sell it at a lower price than you are asked to pay for many "long discount" tires of unknown worth.

If you want a quality tire, and a reliable value, call today on any of the Goodyear Service Station Dealers listed here.

Table with 3 columns: Tire size, Price, and another tire size. Includes sizes like 30x3 1/2 Clincher, 32x4 Straight Side, etc.

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks. GOODYEAR TIRE DEALERS
