WHY OUR USED CARS SATISFY.
Very often the used cars we purchase need reconditioning. We buy them so that we can afford to recondition and renew them thoroughly, and they are resold as near a perfect unit of transportation as it is possible to make them. They are attractive in appearance, and the tires are always satisfactory, being 50 per cent or better; starter, generator and battery are thoroughly tested and O. Kd. The car is in top condition mechanically; frame, axles, springs, transmission and engine are carefully inspected.

We believe our cars are the cheapest automotive transportation offered to the public in Portland.

We solicit a visit to our used car department, where we exhibit our rebuilding and reconditioning process. Here you may see, believe and buy a reliable used car.
