HARVEST OF SPRING

Early-Sown Wheat Fair in Some Sections.

LATE PLANTED IS POOR

Winter Wheat Threshing Is Making Good Progress-Weather Favorable for Haying Work.

The harvesting of winter wheat in Oregon is proceeding without interruption to accept current offers. All bids at and considerable threshing has been the Merchants' exchange were the same done, says the weekly crop summary of the method as Tuesday. The harvest of The Chic spring wheat and oats is well under way in some localities. Spring grain "Undertone of market very weak. Extens and poor in others; that which was sown late is generally poor and in many way in some localities. Spring grain that was sown early is fair in some sec-tions and poor in others; that which was sown late is generally poor and in many sources, market settles back. Recases is a complete failure. Irrigated corn continues to do well, but unirrigated corn is showing more serious ef-

fects of the drouth.

Unirrigated meadows are dry. Irrigated alfalfs is doing well. The weather

Liverpool July wheat closed unchanged gated alfalfs is doing well. The weather Liverpool July wheat closed unchanged has been favorable for having. Cutting at 11s 212d and September closed 4.6 has been favorable for haying. Cutting at 11s 2½d and september of the first crop is nearly complete in lower at 10s 4½d.

Buenos Aires wheat opened ½c higher at \$1.26½ for August and \$1.26½ for Aug hay is well advanced in the William-e valley. Some clover has been hulled. Pasturage is dry and poor, except in the mountains and in irrigated districts tone in wheat with buyers taking fair Domestic stock is feeling the effect of quantities of nearby positions. Offerings short pasturage. Range stock is gen-

Picking of loganberries continues. In some places considerable loss has been sustained because the berries ripened more rapidly than they could be picked. Apples are sizing well. There is a heavy crop of prunes in some sections, but rain is needed for best results. Some apricots are in market and carly peaches are ripening in southern counties. Blackberries are less plentiful than usual.

Marketing of early potatoes continues.

Marketing of early potatoes continues.

Marketing of early potatoes continues.

In rather liberal supply and the demand counting in rather moderate, wheat stooks in Liverpool 952,000 bushels hast week. Corn market continues to display a firm tone with fair trade progressing. Offers of Plate in fairly good supply, but shippers had been fairly good supply, but shippers holding firm.

"Argentina—Foreign demand fair with country offers not pressing. Weather so far has been generally fair. Recent rains have been favorable for the conditioning."

The weather was generally somewhat coler during the week, but some high occurred in eastern coun-

Portland— Wheat Brly, Fir. Oats Hay, Wednesday 54 1 8 5 7 8 8 8 7 9 8 9 9 1 1 8 1 8 1 1 8 1 8 1 1 8 1 8 1 1 8 1 temperatures occurred in eastern counties. There was much cloudiness along the coast, and at times this extended over most of the state. A few light showers occurred in scattered localities, but except over small areas in south central counties the rainfall was too light to be of benefit to vegetation or to retard farming operations. Fog near the coast and somewhat higher humidity generally were of slight help in controlling forest fires. Water for irrigation is generally plentiful, but in some SUGAR TEN CENTS HIGHER TODA tion is generally plentiful, but in some places springs and streams are falling. Coast Market Responds to Stronger Con

LARGE RESERVE WEAKENS BUTTER

San Francisco Dealers Do Not Look for Heavy Importations. Advances in butter were not main-tained at San Francisco in the last week

and 92 score closed Friday at 38 1/2c, the same figure as two weeks before. The received yesterday by Overbeck & Cooke company follows:
"Yesterday's active buying movement principal reason for the lower prices has been the general duliness of the market in raw sugar absorbed about all the of as many people have left the city on vacations. Dealers also felt rather unsettled about future markets, due to the city on the city of th vacations. Dealers also felt rather unsettled about future markets, due to the heavy storage accumulations for the entire country, and were willing to move goods at a lower level. Receipts for the week show quite a loss and indicate much lighter production causing some strength to the market. The majority of the trade feel that the market is in the production of the trade feel that the market is in prices ranging from 6.90 cents to 7 strength to the market. The majority of the trade feel that the market is in good shape, although prices are le lower than last year at this time, and storage stocks went in at higher prices than in 1821. It does not look probable at this active realizing." ime that Australia or New Zealand will send much butter here in the full and winter, due to rate of exchange, high tariff and possible low prices here. The Los Angeles market closed at 42%c. Receipts on eastern markets continue lated, 6.90c to 7.00c

SAN FRANCISCO, July 26.—California-Hawalian raw sugar, 5.36c. heavy to be steadily absorbed, caus ing all markets to be generally weak. CALIFORNIA CHEESE TO PORTLAND sh with price lendencies lower. Trade for the last week was quiet, but about the middle of the week, when prices reached a point considerably lower than the average cost of the butter now in storage, there was an improvement in the demand for fine butter. All markets did of advance, but a considerably firmer slow the market was weak. The dressed tone was noted and there was also a fair sized export order for unsailed butter, which gave some strength to the market, mostly in a sentimental way.

The way is the circumstance of the lack of a shipping outfit, holders are putting their surplus into storage.

A good-sized shipment of cheese from up, and at the close there was considerable doubt as to whether demand would moving. Receipts are heavier than a weak undertone. year ago and the surplus in storage year ago and the surplus in storage stocks over last year is gradually in-creasing. Very few dealers have confi-dence in the situation; still the market shows no real sign of a big break and shows no real sign of a big break and, looking to the winter months, many be-lieve that storage butter is good property. The latter look to the excellent consumptive demand and export orders.

Chicago Grain Pit Notes.

(By Chicago Tribune Leased Wire.)

CHICAGO. July 26—A large export business in wheat and corn is being done direct by Chicago and seaboard houses and is not all reported. This makes it very difficult for the seaboard to secure all the information and the trade always looks to that quarter for export business. At present an enormous business is being done direct with the guif and sales today were close to 2,000,000 bush-cls. Wheat is moving to Galveston and New Orleans and exporters are bidding higher prices for wheat within 30 miles of Chicago to go to New Orleans. Considerable business has been done in the last few days.

Minneapolis had its first car of new wheat today. It came from South Dakota, tested 60 pounds and graded Ne. I dark northern and sold at 45c over their September. HAMS — All sizes, 33@36c; skinned, 38c; picnic, 18c; cottage roll, 25c.
