Men's and Young Men's Suits

\$25

We don't suggest that men should buy one of these suits, or any suit, simply because it's only \$25. But we do say that when a man can get a suit of good all-wool quality, tailored up to Meier & Frank standard as these suits are, then he should, by all means, take one unto himself. The question as to whether

er a man actually needs such a suit badly right now is superfluous because every man who expects to be up and doing is going to need a new suit sooner or later—and one of these suits will be good when he needs it—and he pockets a handsome saving now.

Everything That's in Good Taste for Man or Young Man

Fact is, these are not \$25 suits and were never intended by the maker to be sold at such a price, but Meier & Frank's is making the price for a rousing summer sale and patrons will be the gainers thereby. All regular sizes 35 to 44 included.
