### Swimmer Goes Down in Columbia While Japanese Sinks in River Near Ross Island.

## SUNDAY DROWNING TAKE TOLL OF FIVE LIVES.

James H. Spencer, 21, 1126 Minnesota avenue, drowned in Columbia near Fairview. Frank Alax, 9; Ted Alax, 8; Peter Alax, 5; all sons of Mr. and Mrs. Joseph Alax, 121 1/2 North Russell street, drowned in Willamette at St. Johns. Niraemon Noyanu, a Japanese, 244 Couch street, drowned in Willamette near Ross island.

Three small sons of Mr. and Mrs. Joseph Alax, 121 1/2 North Russell street, were drowned at the eastern terminal of the St. Johns ferry just before 7 o'clock last night when the family automobile, reversed in error, backed off the ferry Daniel R. Webster and somersaulted into 26 feet of water.

There were six persons in the machine, which was driven by Paul Mesgi, a friend of the family. Mr. and Mrs. Alax and Mesgi were washed clear of the machine, came to the surface close to the ferry and were rescued by passengers, but the three boys, riding in the rear seat, apparently were trapped beneath the top. The bodies of Frank, 9, and Ted, 8, were recovered two hours after the accident. The body of Grappler Brady, a late hour he had been unsuccessful in the search for Peter, the youngest.

## New Car is Purchased.

The Alax family has lived in Portland for ten years, the father being an employe of the Albers mills. For five years they have lived at 151 1/2 North Russell street. Mesgi boards with them.

For the last two years Alax has owned and driven a light car, but last Saturday he purchased a new make with a hand gearshift. Being afraid to drive the machine himself on account of the difference in mechanism, he accepted the offer of Mesgi to drive for him. They started for Seaside, reached that place safely and were the last to drive onto the St. Johns ferry on the Linton side on their trip home, with Mesgi at the wheel.

## Car Parked Near Chain.

The ill-fated car was parked near the guard chain, which, according to witnesses, sagged to within about 12 inches of the deck of the ferry. When it came Mesgi's turn to leave the ferry he evidently threw the gear into reverse instead of low, for he said that when he stepped on the gas his machine seemed to leap backwards in a spirit of perversity. He said that he became too excited to know what he was doing, but experienced motorists surmised that he probably stepped harder on the gas in lieu of the brake.

As no report came from the islands that anyone there had seen the object strike the earth, the general belief was that it fell into the ocean.

Early reports that the object was a burning aircraft were generally disbelieved today.

## COOLIDGE TO SPEAK ONCE IN PORTLAND

### AUDITORIUM MEETING TO BE HELD AUGUST 15.

Vice-President, Fatigued by Long Session of Congress, to Lighten Burdens.

Vice-President Calvin Coolidge will make but one public address during his visit to Portland, and that, according to preliminary arrangements, will be before an open meeting to be held on Tuesday evening, August 15, at the municipal auditorium. This announcement was made yesterday by Wallace McCamant, whose guest Vice-President Coolidge will be while in Portland.

Mr. McCamant said he had received a telegram from Mr. Coolidge to the effect that he could speak only once while in Portland, and for that reason it has been decided to make it possible for everyone who desires to hear the vice president will have to say. Other arrangements for his entertainment in Portland have not yet been completed, and Mr. McCamant said he did not like to discuss them until definite decisions had been made.

Mr. Coolidge has decided to speak very little during his western trip. He has been greatly fatigued by the long session of congress. Mr. McCamant said, and his trip would be very burdensome if he spoke several times in every city he visits. Accordingly, when the telegram was received, the public auditorium was reserved and that much of the visit at least is definitely arranged.

The purpose of Mr. Coolidge's trip to the west is to speak before the Western Bar association in San Francisco. He will leave that city on August 11 and will arrive in Portland on the night of August 13, to remain here until Wednesday morning, August 16. Mr. Coolidge and his two sons will accompany him.

### Revolvers Reported Taken From Room in Hotel.

### Right to Carry Weapons Said to Have Been Proved; Klan Officials Are Involved.

MEDFORD, Or., July 30.—(Special.)—Ku Klux Klan activities in the Portland police department, as well as knowledge of some of the high Portland Klan officials of details of the Hale necktie party in Jackson county will be laid before the special grand jury some time tomorrow, it became known today.

Inspectors Phillips and Tackaberry of the Portland police department have been subpoenaed to testify before the inquisitors tomorrow.

According to reliable information, these two police officials raided a room in the Multnomah hotel occupied by J. F. Hale, shortly after the latter had left Medford in obedience to the demands made upon him by night riders.

## Order by Klan Reported.

A certain Medford man, active in the Klan, went to Portland at about the same time that Hale did, it was said, and consulted with high officials and the Klan in Portland. The Medford man was said to have pointed Hale out to the Portland men in the hotel lobby that they might know him in the future.

The Portland officers probably will be asked who ordered them to raid Hale's room and for what purpose. It is said that information is in the hands of investigators that show that the request for the raid came from a certain high Klan official and that another klanman was on guard duty near Hale's room until the officers appeared.

During the raid of the room it was said that several revolvers belonging to Hale were found. Hale was absent from the room at the time.

## Door Finally Opened.

Later when he returned to his room, the officials returned, the door for the presumed purpose of placing him under arrest, although there was said to have been no warrant issued for that purpose.

Hale refused to open the door when it was pounded upon and threats were made that unless he opened the door he would be ridged with bullets. Finally a hotel attaché (Continued on Page 6, Column 2.)

## JACK PICKFORD WEDS MARILYNN MILLER

### STAR OF "SALLY" DEFILES FLO ZIEGFELD'S EDICT.

### Film Assemblage at Marriage in Fairbanks Home Is Notable. Honeymoon in California.

(By Chicago Tribune Leased Wire.) LOS ANGELES, July 30.—Marilynn Miller, the twinkling blonde star in "Sally" is now Mrs. Jack Pickford and Flo Ziegfeld can jump off the boat into the Atlantic ocean as far as they are concerned.

The ceremony had been set for 2 o'clock, but it was a few seconds before 2:10 that the bridegroom, accompanied by his best man, Victor Hermann, motion picture director, and the minister entered the room where the wedding was to take place and made their way to the floral altar.

Soon after Miss Miller entered, accompanied by her sister, Mrs. John Steele Sweeney, who gave her away, Mary Pickford, matron of honor, and Mrs. Carrie Carter, mother of Miss Miller's former husband.

An orchestra played during the ceremony.

After Pickford, at the minister's bidding, had placed the wedding ring on the bride's finger, he kissed her. Mary Pickford followed him with another kiss for the bride, with Douglas Fairbanks and Charlie Chaplin struggling for third place. Fairbanks, more athletic than Chaplin, won. Others pressed forward, the minister being crowded out until almost the end.

While the ceremony was in progress Lieutenant C. H. Howe, an aviator, soared over the Fairbanks' residence and dropped more than 100 flower bombs, made up of roses and lilies of the valley.

The wedding party posed for pictures on a veranda, while private detectives battled at the four entrances to the grounds to keep out hundreds of uninvited persons. Noting the eagerness of the crowd outside, the bride party strolled about with words of greeting. One woman, spying Mary Pickford, cried out "O Mary, kiss me."

And Mary did. Then others begged for similar treatment and she was extending it, when Fairbanks rushed over and carried his wife away.

The bride's presents included solitaire pearls set in platinum and diamonds; from the bridegroom, a string of pearls from her new mother-in-law, "Ma"; Pickford, as Jack's mother; a pearl and diamond pin from Mary Pickford and Douglas Fairbanks; and a gold vanity case set with jewels, from Jack's other sister, Lottie Pickford Rupp Forrest, and her husband, Allan Forrest.

Among the guests was Charlie Chaplin, attired in his best clothes, but at last accounts he had not thrown any custard pies, if custard pies were included in the banquet tonight, which followed the ceremony. Chaplin and Doug had been swimming most of the morning and (Continued on Page 6, Column 2.)

## LENINE EYES AFFAIRS

### Soviet Premier Is Reported Busy During Convalescence.

MOSCOW, July 30.—(By the Associated Press.)—Premier Lenine is keeping in close touch with affairs of state.

He is doing active work during his convalescence, according to Leon Trotsky.

Both Italy and France are expected to champion the Balkan states in opposing an extension of Hellenic sway in Turkey and Asia and diplomatic circles are doubtful whether, in the face of unified opposition, Prime Minister Lloyd George can dare to support Athens' claim at this time. It is a known fact that the prime minister is still anxious to appoint a Greek as policeman in Turkey and has just nominated M. Venizelos to carry out the execution of the Sevres treaty notified at San Remo in April, 1920, despite Marshal Foch's warning of the impossibility of enforcing the provisions.

### Union Officials Are Declared to Have Agreed to President's Settlement Offers.

CHICAGO, July 30.—(By the Associated Press.)—Peace terms already have been agreed to in the country-wide railway strike and formal ratification has been assured through President Harding's efforts, it was asserted tonight by a man in close official touch with the situation.

All that now remains before the strike, which has cost the workers upward of \$40,000,000 in wages, passes into history, it was asserted, was the formal indorsement of the terms of settlement by the railway executives, meeting in New York, and the strike leaders, who will convene in Chicago at the same hour.

Acceptance Held Assured.

"The acceptance of President Harding's proposal was a foregone conclusion before the W. W. Cuyler issued the call for the meeting of the rail executives in New York and B. M. Jewell, head of the striking shippers, summoned a similar meeting of union chiefs for the same date, this man who has been in closest touch with the entire situation declared.

"The rail executives will finally decide to yield for the good of the country, sweeping aside the seniority issue, he continued, but their gesture will give little consolation to the men who walked out on July 1, for besides their loss in pay they will lose some of their seniority rights to the men who remained at work, see their original grievances returned to the United States railroad labor board for rehearing and the question of a national adjustment board and certain other points taken up by congress.

Exact Terms Not Yet Known.

"The exact terms probably will not be known until after Tuesday's meeting, but whatever they are the objections of a minority on either side will not be sufficiently strong to obstruct or prevent their ratification by both sides. The seniority issue has been raised since the beginning of the strike, it must be remembered, and is not a great stumbling block as it has seemed at times. When the time comes it will be disposed of with justice to all and to the satisfaction of the great majority of the workers."
