prices. We have repriced our used cars after an intelligent survey of all the used-car stocks and prices in Portland, and with this information at hand, we have made those prices as hon-estly and fairly as we know how.

These cars are thoroughly re-conditioned and are desirable in appearance and the same hon-esty and fairness of the Dodge Bros." policy is behind these cars to make them dependable transportation.

Our used cars have always been sold completely equipped: that means curtains, teels, extra tires and license.

Our stock is small, about 27 cars. Those who come first will have the more complete stock to select from.
