DRAFTING CONTRACT BEGUN

Is Affected.

MEETING TODAY

Actual Signing of Wage Agree ment Expected, According to John L. Lewis.

CLEVELAND, Aug. 14 .- (By the Associated Press.)-The soft coal strike was virtually broken tonight but prospects were that the actual signing of an agreement between the United Mine Workers and operators, controlling an annual ouput of 60,000,000 tons, would be delayed until tomorrow. The signing of the contract will actually end the strike in part.

All details of the agreement were accepted in principle by both miners of the contract was left to a subcommittee, which continued its work into the night. The actual signing of the contract, John L. Lewis, president of the miners, said, is expected to follow a meeting tomorrow of the union's policy com

The agreement, it was said, would provide for re-establishment of the wage scales that were effective last run until next March 31. It was also decided to establish a

fact-finding committee of advisory powers for dealing with future negotiations in the soft coal industry. The commission would be chosen by miners and operators, with the personnel to be approved by the presi-

dent. Others May Enter Agreement. Operators controlling approximately 60,000,000 tons annual pro-
