or not, our policy will not countenance charging "all the traffic will bear" in the sale of our USED CARS.

During the past ten weeks our over-sold condition of new DODGE BROTHERS cars has occasioned an unusual strong demand on our reconditioned used car stock—a demand that could easily have inflated prices. Our prices have remained one sistent during these ten weeks. They will continue consistent even to the last car on hand in the event of a rairond tie-up. In fact they have been intelligently reduced as of August 1 in line with price adjustments on certain makes.

We offer you a conscientious measure of transportation value, backed up by an efficient, per-manent organization.
