Further, the national federation has learned that already the Ama teur Athletic union powers, wh named themselves as the controlling force of the American Olympic as-sociation, have called a quadrennia meeting of the association, to be held in November. Last January, when the protest of other organizations compelled the Amateur Athletic association to yield, a meeting was held in the New York Athletic club to form an Amer lean Olympic association. With these votes It elected its own men as an Olym-pic committee, with a few prominent citizens and officials added to give
