

FEDERAL FUGITIVE LANDS FROM CHINA

David Lightner, Drug Suspect, to Be Returned Here.

FLIGHT IS SPECTACULAR

Man Breaks Jail in Orient, Is Found as Stowaway, Gives Battle and Put in Irons.

LOS ANGELES, Cal., Aug. 21.—David Lightner, wanted in Portland, Or., to answer charges of violation of the federal narcotic laws and impersonating a United States official, claimed Canadian citizenship today when he was brought ashore from the United States shipping board steamer West Farallon, which arrived yesterday from the Orient.

This was denied by W. R. Woods, federal narcotic agent of Portland, who originally arrested Lightner and who came here to identify him and who made the contrary declaration that Lightner was a native of the city where he is expected to face trial.

Fugitive Is Jailed.
Previously announced plans to start Lightner to Portland today were changed. Instead he was taken before a United States commissioner here and arraigned. His preliminary hearing was set for August 28 and his bond fixed at \$5000. In default of bond he was placed in the Los Angeles county jail.

In Portland more than a year ago Lightner was indicted by several grand juries on five counts alleging violation of the federal narcotic laws. He disappeared while on bail. The secret service has gone to sea as a coal passer. By radio he was located and at the stokehole the federal fugitive was taken ashore in China and taken to an American consular prison there. He gave battle when his identity became known. Arrangements were made to transport him to Portland to satisfy the law.

Lightner Escapes From Jail.
A few days before departure of the vessel upon which he was to return to Portland, American sailors in Shanghai found his cell empty. The secret service was called into action again and throughout the far east American representatives were warned to be on the lookout for him.

The West Farallon was steaming from Shanghai to Los Angeles. A day after leaving the Chinese seaport the first mate discovered a stowaway in the steering gear room, hiding under material stored there. The captain ordered him put to work. He was a muscular man and gave battle. Passengers were attracted.

Paul L. Gross, American vice-consul at Shanghai, was returning to the United States and today in the West Farallon. He saw the fight. The message of the secret service was remembered. He sent a radio message to Shanghai and shortly thereafter, with an answer by radio, he told the captain of the West Farallon that the fugitive was sought by the secret service and must be held on the ship until delivered to American agents.

Prisoner Put in Irons.
A cell was constructed in the officers' wardroom of large steel bars and a ball and chain and irons were placed upon Lightner, who was regarded by the ship's officers as a dangerous character. He was placed in this cell shortly before the vessel docked at Yokohama to prevent his escape. For six days he was fed only on bread and water following several assaults on the officers, the ship's officers said. Each day he was taken to the deck and allowed to exercise under guard.

MEAT COSTS \$140 FINES

Greek Restaurant Operators at Vancouver Plead Guilty.

VANCOUVER, Wash., Aug. 21.—(Special.)—A. Coupas and ePte Gach, Greek restaurant operators in Camas, who were arrested for a second time Friday for selling untried meat and unclean oyster stew, pleaded guilty in justice court today and were fined \$75 and costs. Coupas and Gach were arrested for the first time last Wednesday.

The meat, which had been seized by Mrs. W. H. Coffin, state food inspector, smelled so badly that Justice F. E. Vaughan ordered it taken out of court before he proceeded with the arraignment. Mrs. Coffin visited the restaurant a second time Friday, unheralded, and found some more of the same kind of meat in the refrigerator. The bad meat cost the two Greeks \$140, all told.

MAN SLAYS KIN AND SELF

BROTHER, WHOM EX-WIFE MARRIED, IS KILLED.

Gunman, Divorced During Trip to Alaska, Tries to Shoot All, Then is Suicide.

(By Chicago Tribune Leased Wire.)

PORTLAND, Mich., Aug. 21.—

When William Hughes, 45, came back from Alaska he found his wife back home and married his brother, David.

Today David Hughes is dead and a daughter, Gertrude, is near death. Both were shot by William who, thinking he had killed his former wife when he wounded Gertrude, committed suicide. How William rushed from the house, pursued by his former wife, plotting for weeks how he would kill them all, was revealed by the tragedy which took place late last night.

When William came home last night he found his brother and his former wife waiting for him. William in a rage shouted: "I am going to kill the whole family. I've waited weeks for this chance to get even for what you two did to me while I was away." He rushed into his bedroom and returned with a gun. His brother reached for it but William pulled the trigger. David fell to the floor. Screaming, Mrs. Hughes and her daughter rushed from the house, pursued by William, who fired at the two women in the dark. The shot struck the daughter, while Mrs. Hughes escaped.

Hughes turned the gun on himself. His body was found by the road this morning. Nearby was a note which said: "Goodbye. I had to do it. I want David to have all I have.—WILL."

House.

The house met at noon and received the senate's draft of the tariff bill, which is now on the desk of the speaker.

Representative Winslow, republican, Massachusetts, introduced the administration bill for a fact-finding coal commission.

was arrested and brought to the county jail. He pleaded guilty in superior court today to a charge of drunkenness and was sentenced to 60 days in jail.

Milton was wretched in smiles after sentence had been passed. Deputy Sheriff Frank Cornelius asked him why he was so happy. "Why, it was so easy," Milton replied. "The judge only gave me two days." When his misunderstanding was corrected the smile vanished.

COAL PRICE BILL PENDS

MEASURE FOR INVESTIGATION INTRODUCED IN HOUSE.

Appointment of Neutral Board Is Provided for to Meet Plan of President Harding.

WASHINGTON, D. C., Aug. 21.—Sweeping investigation of all questions bearing on the coal industry, as urged by President Harding in an address to congress, was called for in a bill introduced today by Chairman Winslow of the house interstate commerce committee and which may be rushed through the house tomorrow under suspension of the rules.

For three hours the committee worked on what Mr. Winslow described as perfecting amendments. Its labors had not been completed tonight and another session will be held tomorrow morning. No sharp differences of opinion developed, it was said, and it is the hope of republican members of the committee to have the bill ready for the house by noon. Leaders declared tonight it would be passed Wednesday, in event it does not reach a vote tomorrow immediately after consideration of a special rule sending the tariff bill to conference.

Briefly, the bill would provide for creation of a commission of nine members, none to be members of the house or the senate, to get the facts bearing on the coal industry and to submit its first report with recommendations to the president not later than January 2, 1923. No provision for appointment of representatives of miners or operators on the commission.
