MR. HALL'S COURSE REMAINS IN DOUB

Turn Toward Olcott or Pierce Camp Puzzle.

SEVERAL RUMORS OUT

Klan Leaders Reported Favoring Democrat, While Patriotic Societies for Coos Bay Man.

If Charles Hall fails to obtain a If Charles Hall falls to obtain a place on the November ballot as an independent candidate for governor, what course will be pursue? Will be support Ben W. Olcott, the republican candidate, or Walter M. Pierce, the democratic nomines? These are two of many questions which are helps saked since Hall ac.

Support to Pierce Rumorea.

In political circles yesterday there was a rumor that Mr. Hall's representatives will not mandamus Section 1980 people.

State Kozer to force him that Mr. Hall's representatives will not mandamus Section 1980 people.

Tomorrow is Ashland day, Grants and Josephine county farm business. was a rumor that Mr. Hall's representatives will not mandamus Secretary of State Kozer to force him to place Mr. Hall's name on the ballot and that Mr. Hall will issue a statement to the general effect that inasmuch as Mr. Pierce has committed himself to the educational measure, on which Mr. Hall intended making his independent campaign, he, Mr. Hall, is content to have the friends of the bill go to Mr. Pierce rather than remain in the race himself and thus divide the support. Whether there was any foundation for this rumor is not known, but it appeared to emanate from an eastern Oregon man who is doing what he can to elect the democratic candidate.

Hall Has Two Courses.

Providing Mr. Hall is estopped through the law from being an independent candidate, he has two courses open to him. He can either support Mr. Olcott or Mr. Pierce if Hall supports the democratic candidate he cuts himself off from the republican party.

The record of Mr. Pierce is familiar to Mr. Hall. Both have served in the state sensite and Mr. Hall.

The record of Mr. Pierce is fa-millar to Mr. Hall. Both have served in the state senate and Mr. Hall. as senator from Coos and Curry counties, still holds his seat. Knowing the past performances of the democratic candidate, Mr. Hall is aware what would occur if Mr. Pierce should become governor, and f Mr. Pierce is elected in November he will be governor during the 1923 lession of the legislature, where Mr.

The Hail candidacy is in a some-what different position from what t was in the republican primaries. Gossip says that the klan leaders are favoring Mr. Pierce, while lead-ers of the federation of patriotic societies are disposed to continue their support of Mr. Hall. In the primaries both klan and federation were a unit for the Coos Bay sen-

ator. Provided he is placed on the ballot Mr. Hall's campaign is to champion the educational measure and strive to make that the issue. Mr. Pierce has made a bid for Mr. Hall's support by announcing that he favors the measure, but insists that the school bill is not the paramount issue. Mr. Pierce's statement has caused dissensions in the
democratic ranks, for on the educational messure the democratic
rank and file are as much divided
on the merits of the measure as are the republicans.

in Recount Declares Spurious Crosses Marked for Kirkwood.

That 40 forgeries were responsible for the phenomenal vote given R. J. Kirkwood in precinct 179, where he topped candidates who were not even opposed, was the sensational charge of John P. Kavanaugh, attorney, delivered in the court of Circuit Judge Knowles yes-terday at the close of the John B.

Coffey recount proceedings.
This is one of the precincts which has been under grand jury inves-tigation together with precinct 201, though no indictments have yet been returned in connection with any discoveries made there, District Attorney Myers admitted last night. He said that the investiga-ton had not been concluded, how-ever, and would make he comment on the startling charges of additional fraud.

It is known, however, that a pol of the entire precinct, which is lo-cated in the vicinity of East Thirty-seventh and Belmont streets, has been taken by deputies in the office of the district attorney through use of a questionnaire but the results have not been made public. have not been made public.

That he might be given an oppor-tunity to prove these new allega-tions, Attorney Kavanaugh rejuested the privilege of amending his original complaint to include a new fraud charge and to have the ballot boxes from precinct 179 re-turned to court and reopened. Judge Knowles refused permission and notice of appeal to the supreme court of Oregon was given imme-

The lawyer declared that after voters had deposited their ballots in precinct 179 some one placed a cross before the same of Kirkwood in 40 ballots where the full number of candidates for legislative nomi nation had not been voted, and that these votes were thereby "forged and fabricated."

Pierce should become governor, and if Mr. Pierce is elected in November he will be governor during the 1923 session of the legislature, where Mr. Hall will be serving in the senate. The senator for Coos and Curry counties is aware how his colleges feel toward Mr. Pierce, and he would either have to break with the republicans, with whom he associated in the regular and special sessions of 1921, or go into Mr. Pierce's camp at Salem.
