NATURE LOVES BRIGHT COLORS We see the truth of this state-cent in the vari-colored flowers, he vivid sunsets, the birds of brilliant plumage. But we never see it exemplified more attractively than in the person of a splendidly healthy woman. How does nature paint this health? Why, in the rosy cheeks, the transparent skin. the smooth red lips of such a we-man. And she molds it in first flesh and round contours. The alling woman is deficient in natural coloring, and she does not even appear to advantage in clothes that

would set off her more attractive sister. Many women who long for glowing health will find that they

too, can have these charms if they will give a trial to that remedy which brings strength to frall wo-men-Lydia E. Pinkham's Vegetable Compound.—Adv. WHEN YOU GO TO SAN FRANCISCO HOTEL
