

TURKS THREATEN DRIVE ON STRAIT

Constantinople Menaced by Invader.

BRITISH TROOPS RUSHED

Kemalist Advance on Dardanelles and Bosphorus Zones Impending.

FORCES READY TO ATTACK

Bands of Irregulars Organized to Await Orders to Loot and Slay Greeks.

CONSTANTINOPLE, Sept. 17.—(By the Associated Press.)—The Angora government has informed the allies that if the remainder of the Greek army in Asia Minor attempts to retreat across the neutral zones of the Dardanelles, the Kemalists will disregard the neutrality of the straits and pursue the Greeks in international territory. The Greek military mission has left Constantinople.

By JOHN CLAYTON. (Copyright, 1922, by the Chicago Tribune.) (Chicago Tribune Foreign News Service.)

CONSTANTINOPLE, Sept. 17.—With the British rushing every available troop unit to the Dardanelles and Constantinople, the military situation here is critical. Allied authorities here have decided that Mustafa Kemal Pasha was not bluffing when he said that military forces of occupation must go.

Settlement Hopes Vanish. Hopes of a conference that would solve the situation have vanished. Kemal is in the position of a dictator unless the allies are willing to fight. Early this morning a transport from Malta debarked troops at Chanak for the defense of the straits. Another transport arrived this afternoon. Meanwhile, Kemal is moving the bulk of his army, which is still in excellent shape despite the rapid advance toward Smyrna and on the northward is threatening the neutral zones of both the Dardanelles and the Bosphorus.

70,000 Troops in Reserve. Kemal is able to throw close to 70,000 troops into any battle that may develop. But his chief card is the instigation of riots and revolution in Thrace and Constantinople. Already, disguised Turkish regular army officers have made their appearance in Stamboul and are organizing bands of irregulars similar to those effective units that harassed the Greek retreat and who will be ready to loot and slay when the word is given.

Order Held Impossible. With the present number of troops garrisoning the city, all of whom are required at the Ismid front, it will be impossible to maintain order in the city if even a mob or an organized band of irregulars breaks loose. Riots and mob disturbances when they celebrated the Turkish capture of Smyrna gave Pera a foretaste of what will come if the same mob is bent on making real trouble, led by regular officers. The terms of Smyrna will be as nothing compared with what is in store for the foreign quarters of Constantinople unless the allies throw sufficient troops into the city to handle the situation.

OCCUPATION IS COMPLETED

Turk Forces Enter Villages East of Dardanelles.

(Chicago Tribune Foreign News Service. Copyright, 1922, by the Chicago Tribune.)

CONSTANTINOPLE, Sept. 16.—(Delayed.)—An Anatolian agency predicts that the Angora answer to the straits question admits the principle of freedom, subject to the arrangement of details by all interested powers.

The Kemalists treaties of the last three years with the Ukraine, Moscow, Georgia, Armenia and Azerbaijan all contain clauses that control of the straits be administered by a mixed commission of all the Riparian powers. This is a clever

DIRIGIBLE C-2 ENDS TRIP'S LONGEST LAP

SAN ANTONIO, TEX., REACHED AFTER STORMY TRIP.

Error of Altitude on Map Almost Causes Disaster in Crossing Ozark Peaks.

SAN ANTONIO, Tex., Sept. 17.—After completing the longest leg of its transcontinental flight and successfully combatting the roughest weather encountered since leaving Langley field September 14, the United States army dirigible landed at Brooks field here at 1:45 o'clock this afternoon, having covered 830 miles from St. Louis in 16 hours and 20 minutes.

An error of altitude on the map used for the flight in respect to one of the peaks of the Ozark mountains, came near causing disaster last night, according to Major H. A. Strauss, commander of the C-2. The peak was higher than indicated and the C-2, speeding through the darkness, was almost up on it before it was sighted. A sharp upward tilt of the dirigible cleared the accident.

As the six officers and men who comprise the C-2 crew climbed out of its car at Brooks field this afternoon, their faces somewhat drawn and haggard, they expressed a feeling of relief that the longest stretch of their transcontinental journey had been finished without accident.

The C-2 will remain here at least 24 hours for thorough inspection.

OREGON CITY HAS FIRE

\$2000 Blaze Believed of Incendiary Origin.

OREGON CITY, Or., Sept. 17.—(Special.)—Fire believed of incendiary origin at 1:05 A. M. threatened the frame building at Eighth and Main streets in which the Banner-Courier printing office and the Episcopal hall are located.

The building was saved. The damage was \$2000.

The blaze started in the small court on the south side of the building next to the Straight & Salisbury plumbing shop. The fire originated alongside the building, burned through the outside and ran up through the wall to the upper story, where it burned into the dance hall. Conditions, the officials said, pointed to incendiary. Investigation after the fire was quenched disclosed no other probable cause.

GOMPERS TO TAKE STUMP

Labor Leader to Ask Impeachment of Daugherty, Wilkerson.

(By Chicago Tribune Leased Wire.)

ATLANTIC CITY, N. J., Sept. 17.—Samuel Gompers, president of the American Federation of Labor tonight announced he will stump the country in the fall in connection with a campaign of candidates favorable to organized labor.

President Gompers said he expected to set forth before the American public the reasons why Attorney-General Daugherty and Federal Judge Wilkerson of Chicago should be immediately impeached. He said he expected to have the opportunity to appear before the house judiciary committee at Washington and give his testimony.

RAIL LABOR BILL RISES

1921 Salaries and Wages 46.9 Cents of Operating Dollar.

WASHINGTON, D. C., Sept. 17.—Compilations compiled by the bureau of railway economics show that out of every dollar of gross operating revenue in 1921 the railroads paid out 46.9 cents for salaries and wages as against 55.4 cents in 1920, 51.4 cents in 1919, 49.8 cents in 1918, 40.3 cents in 1917, and 38 cents in 1916.

The analysis made from the bureau shows a steady increase in the labor bill from 1918 when the total compensation was \$1,355,776,046 to 1920, when it reached the peak of \$2,426,199,111 dropped to \$2,583,323,497 in 1921.

WHITE ROBIN PAYS VISIT

Bird of Rare Hue Is Followed by Whole Flock.

BROWNSVILLE, Or., Sept. 17.—(Special.)—A beautiful white robin in company with a small flock of robins made its appearance here Friday and honored the city with its presence over the week end. So far as known it is the first white robin ever seen in Linn county.

The society of this "rara avis" seemed to be much sought after by the robins of the ordinary hue, and it was noted by citizens here that wherever the white bird went the rest of the flock was sure to follow. It is hoped that the snowy white robin will elect to stay in this community.

THIEF LEAPS 5 STORIES

Clothesline Breaks Fall and Pursued Man Little Hurt.

(By Chicago Tribune Leased Wire.)

NEW YORK, Sept. 17.—Sam Couritz, on his way home after a party, stole a 150-pound sack of potatoes, which he carried away on his back.

The owner pursued him and Sam fled to the roof of a five-story house, from which he leaped. A clothesline broke his fall, and Sam escaped with only a fractured wrist. The potato dealer refused to prosecute such a "lucky guy."

SMYRNA IS VAST TOMB OF ASHES

Ruins Still Smouldering Like Spent Volcano.

DEAD, DYING LIE UNNOTICED

Shattered Walls of Homes Tell Story of Destruction.

JACK TARS DEFY TURKS

450 Orphaned Boys Are Snatched From Fire While Attention of Guards Is Engaged.

SMYRNA, Sept. 17.—(By the Associated Press.)—Smyrna, which the Turks have called the eye of Asia, is a vast sepulchre of ashes. Only the shattered walls of 25,000 homes and the charred bodies of countless victims remain to tell a story of death and destruction unexampled in modern history.

The ruins are still smouldering like a volcano which has spent its fury. No effort has been made by the Turks to remove the dead and dying. The streets are full of the bodies of those who sought to escape, for the most part women and children.

Every building in the Armenian quarter has been burned, with the dead lying about. The bay, which covers an area of 50 acres, still carries on its surface the remnants of those who were massacred or sought to escape the ruthlessness of the foe.

Survivors Crouch in Fear. On the water front crouch thousands of survivors who fear death in another form at the hands of the soldiery; there are no boats to take them off.

One ship captain declined to take any of the wretched sufferers, but in contrast to his indifference Captain Walters of the American steamer Winous rescued 1800 and took them to Piraeus. American sailors of the destroyer Litchfield snatched 40 orphaned boys from the fire and carried them safely to Constantinople. The Jack tars slept on the iron decks or under torpedo tubes while the youngsters occupied their bunks.

In all the acts of gallantry by the Americans at Smyrna there was none more inspiring than this.

While the orphans were being loaded on the Litchfield H. C. Jacquith, director of near east relief, who came here recently from Constantinople, diverted the attention of the Turkish guards, giving them cigarettes and talking to them in their native tongue. These guards are under strictest orders not to permit the escape of any of the Greek or Armenian refugees and on several occasions have shot to death fugitives endeavoring to reach outlying vessels by swimming.

Out of 200,000 Christians crowding the city prior to the descent of

MR. HALL DENIES RUMOR

Candidate Says He Has No Intention of Withdrawing.

Rumors that Charles Hall, independent candidate for governor, is to withdraw were set at rest yesterday by Mr. Hall himself, who denied that he had any such intention, and who expressed himself as well satisfied with his political situation.

"No," said Mr. Hall, "I have not thought of withdrawing, nor can I imagine where such a story originated. Certainly there is nothing in it. I shall carry on just as I have said I would."

ANGLER MEETS DEATH

Fall Down 100-Foot Cliff Proves Fatal to Sparta Resident.

BAKER, Or., Sept. 17.—(Special.)—A fishing trip culminated in the death of Lee Sison, 40, resident of Sparta, 50 miles east of Baker yesterday, when he fell down a 100-foot cliff near Mormon basin and his skull was fractured.

Sison, with three companions, was returning home when loose shale on the edge of the cliff gave away. He died two hours later. Sison was unmarried. His parents live at Medical Springs, near Baker.
