Land, Sea, Air Forces Ready to Strike.

WARSHIPS, GUNS MASSED

Panderna Afire With Many Casualties and Shelling of Chanak Imminent.

MESOPOTAMIA IN UPRISING

British Troops Reported Severed; 20 Planes Down; Greeks Lose 6000 Guns.

CONSTANTINOPLE, Sept. 20.—(By the Associated Press.)—The British are mobilizing every available warship, man, horse, automobile, cannon and rifle within reach of the troubled zone. They are preparing to deal a tremendous blow by land, sea and air if provoked by the Kemalists army, which, according to the latest reports, is concentrating feverishly around Ismid and Chanak.

All the British barracks in Constantinople have been evacuated and troops are marching in the streets of the capital, which is having a sobering effect on the exuberant Turks. The British soldiers are headed for strategic points on the straits.

British Land Supplies. General headquarters has issued an official order directing the wives and families of British officers and soldiers to prepare to embark tomorrow.

Transports with British cavalry, heavy artillery and supplies are arriving at Haidarpasha, on the Ismid railway.

The men of the Constantinople garrison are constructing entrenchments at Scutari, on the Asiatic side of the Bosphorus, which will be the second line of defense, the first being at Yarinja, a small railway station between Haidarpasha and Ismid.

Force to Be 75,000. The British police forces in the capital have been greatly augmented and will probably be assisted by French gendarmes. It is estimated that the present total British strength at Constantinople and the Dardanelles area is about 16,000 men, which, when reinforcements now on the way arrive, will be increased to nearly 75,000 effectives.

These forces will be further strengthened by large detachments from the Atlantic and Mediterranean fleets.

The British are enrolling Russian refugees with military training for auxiliary work, while Russian kalmuks from Manchuria are being recruited as horse trainers. It is expected that eventually Great Britain will have more than 100,000 men in the disturbed area.

Hamid Bey, the Turkish nationalist representative here, informed the Associated Press correspondent this evening that it was certain the Turkish army would declare war on the British if the British attempted to interfere with the movement of the Turkish troops across the straits to Thrace.

SKIRMISHES ARE REPORTED

Hamid Bey expressed the hope that the British would see the fairness of granting the Kemalists the privilege already accorded to the Greeks, namely, freedom in the use of the straits without molestation. He entertained scant hope of the success of the conference at Smyrna between Kemal Pasha and General Pelle, the French high commissioner, declaring that the Angora government's determination to occupy Thrace was already fixed, and nothing would deter it except recognition of its claims.

Nationalist troops are already massed at the edge of the neutral lines at Ismid and Chanak and skirmishes are reported between advance patrols and British outposts near Chanak.

OPERA SINGER STOPS SUIT TO SEPARATE

MME. MATZENAUER SEEMINGLY CHANGES MIND.

Chauffeur Husband Also Drops Divorce Proceedings Filed Against Song Bird.

WHITE PLAINS, N. Y., Sept. 20.—Counsel for Mme. Margaret Matzenauer, opera singer, today filed an order of discontinuance of the separation suit she brought last March against her husband, Floyd Grotzbach, San Francisco chauffeur. The order, signed by Supreme Court Justice Young, gave no hint as to the cause for the discontinuance, merely setting forth that the suit was to be dismissed "without costs to either party."

(By Chicago Tribune Leased Wire.) WHITE PLAINS, N. Y., Sept. 20.—Mme. Matzenauer thinks her first duty is to be public and she does not intend to let private litigation interfere with her operatic and concert work to any extent whatever. There has been no reconciliation between Mme. Matzenauer and Mr. Grotzbach, and there could be none. This statement, issued by John Godfrey Saxe, attorney for Mrs. Margaret Grotzbach, known on the operatic stage as Mme. Matzenauer, eliminated the belief of some of the singer's friends that the order granted to her by Supreme Court Justice Young today authorizing the discontinuance of her divorce suit against her husband, indicated a reconciliation between them.

Besides indicating the termination of Mme. Matzenauer's action for divorce here, the statement further said written stipulations had been filed in the California courts terminating the action brought there against the singer by her husband. Terms of the settlement, or whether there was beyond a mutual agreement to cancel suits, were not announced. Mme. Matzenauer began her action last January, naming as co-defendant "an old lady of about 50" of Carmel, Cal.

DES MOINES, Iowa, Sept. 20.—Governor Kendall, in a statement today, said he believed it would be wise for the government to transfer to cereal for two weeks the priority now enjoyed by coal so that the farmers of the Mississippi valley might dispose of their surplus before a further break occurs in prices.

CINCINNATI, Sept. 20.—(By the Associated Press.)—Rather than allow a bit of shrapnel embedded in his neck to interfere with the use of his radio, Judge Robert S. Marx, formerly commander of the disabled American veterans of the world war, underwent an operation here today.

The magnet in the headpiece of the radio set had caused sufficient movement of the metal to irritate the tissue around it. Judge Marx was wounded the day before the armistice was signed.

FORD RICHEST MAN IN WORLD, REPORT

CORPORATION SAID TO HAVE MADE \$125,000,000.

Income Tax on Property Held by Family Is Declared to Be About \$15,000,000.

(By Chicago Tribune Leased Wire.) NEW YORK, Sept. 20.—Henry Ford, according to the Wall Street Journal, is now the richest man in the world, his wealth exceeding that of John D. Rockefeller.

The financial paper estimated the profits of the Ford corporation in the stock of which is now closely held by Henry Ford, his son Edsel and one or two other stockholders, for the present year at \$125,000,000 before paying income taxes and about \$110,000,000 after paying income taxes.

On the basis of these earnings, the Wall Street Journal says, the Ford Motor Car company could be capitalized at \$2,000,000,000 and pay 5 per cent dividends on that amount of stock.

As this is far in excess of any estimate of the wealth attributed to John D. Rockefeller and his son, which has never in the wildest guesses, been estimated in excess of \$1,000,000,000.

If Ford's income this year reaches the enormous total estimated by the Wall Street publication, he has made a great increase within the last 24 months. The federal tax returns for 1920, the latest available, show that for that year only two citizens of the United States paid more than \$5,000,000 income tax. In that year two men paid a total tax of \$10,568,287 on incomes totaling \$16,438,642 and it is known Rockefeller since 1918 has paid more than \$5,000,000 a year, so he must be one of the two.

INCOME TAX BILL KEPT OFF BALLOT

Secretary of State Enjoined by Court.

FRAUD, FORGERY RECOGNIZED

Prosecution of Notaries Public May Result.

FISH MEASURE KILLED

Decree of Same Judges Forbids Placing of Amendment Before November Electorate.

Wholesale forgeries and fraud in connection with the circulation of initiative petitions were recognized judicially in a decision handed down by George G. Bingham and Percy R. Kelly, Marion county circuit judges, yesterday, enjoining Secretary of State Keiser from giving a place on the November ballot to the granite graduated income tax measure.

Neither will the so-called salmon fishing and fish propagation amendment initiated by G. G. Green of West Linn, Clackamas county, go on the ballot unless a decree is handed down yesterday by the same judges, according to word received here, is reversed by the supreme court. An order restraining the secretary of state from certifying the measure to the county clerks was made a part of the decree.

The decision in the income tax case was reached after a hearing in Multnomah county during which 358 witnesses testified to the reprehensible conduct of petition circulators in this district. A transcript of all testimony pertaining to the frauds has been ordered by Stanley Myers, district attorney, and law violations will be placed before the grand jury.

COMMISSIONS TO BE REVOKED.

"Governor Olcott undoubtedly will revoke the notarial commissions of these men," declared Mr. Myers last night. "And vigorous prosecutions will follow any indictments. Unfortunately, the initiative law is rather vague in providing means for punishment of such offenders, but the last legislature furnished a new line of approach by means of which I hope to put some of these notaries behind the bars."

Of the 14,589 signatures on the petitions filed with the secretary of state, 1108 in excess of the number of names required by law to place it on the ballot, 347 were certified by notaries public who did not know their own knowledge that the signers were legal voters, points out the decision of Judges Bingham and Kelly. These notaries were Otto Newman, Paul Turner, W. N. Carter, Charles Lorati, George Bylander, Caroline Herman and B. L. Carter.

Newman "certified of his own personal knowledge that he knew 1193 persons, their places of residence and voting qualifications when in fact he did not know an average of two in 100 of the persons whose names were attached to his petitions," points out the court. Turner certified to 966 and actually knew "not more than half a dozen"; W. N. Carter, to 544 and knew "few, if any"; Lorati, to 509 and knew "none"; Bylander, to 316 and knew "four or five"; Mrs. Herman, to 149 and knew "two or three"; B. L. Carter, to 126 and "knew a very limited number." The vast majority were persons the notaries had never met before.

FIFTY FORGERIES FOUND.

Fifty forgeries were found on the petitions circulated by Newman, Bylander and Turner. The forgeries, circulated by W. N. Carter; in those of Turner; four on those of Mrs. Herman; five on those of Bylander; eight on those of Lorati; three on those of Mrs. Carter; and five on those of one S. E. Lewis. Witnesses to the numbers quoted testified on the stand that they never signed such a petition.

The findings of fact submitted by the judges show further that the names of 63 aliases were on the petitions, that 15 minors had signed, that six who were not voters for other reasons signed, that 14 whose names were attached advised the circulator before signing that they were not voters, that three signers lived outside Multnomah county, though certified to as voters in this county; that 22 names appeared more than once on the petitions, that 151 addresses given do not exist and that 52 wrong addresses were given under the names appearing.

III PERSONS TESTIFY.

The names of all the persons who testified and the nature of their testimony are summarized in this opinion through segregation into these various groups. One hundred and eleven persons testified that they had signed the petitions made by the circulators. Some thought they were signing petitions which aimed to put a law on the ballot which would reduce the price of fish, lower street car fares, cut telephone rates, chop gas rates, prohibit...

DANCER IN PAGEANT SHOCKS CLERGYMEN

LEADER OF BARE-LEGGED MAIDENS HELD IMMODEST.

Principal in "A Sinner Beloved" Ordered Out of Cast—"She" Proves to Be Boy.

E. Gardner, head of the educational department of the church, under which the drama commission operates.

EASTERN OREGON BISHOP ELECTED

South Dakota Prelate Wins Promotion.

EXECUTIVE SESSION HELD

Right Rev. W. P. Remington Succeeds Bishop Paddock.

OTHER ELECTIONS NEAR

Four Nominations Made for Bishopric in Haiti—Results May Be Known Today.

Right Rev. William P. Remington, suffragan bishop of South Dakota, yesterday was elected bishop of the missionary district of eastern Oregon, to succeed Bishop Robert L. Paddock, resigned.

Bishops of the convention elected him at a secret assemblage opened at 9 A. M. at St. Stephen's cathedral, with celebration of the holy communion. He was confirmed for consecration by the house of deputies when it met in a brief executive session at 2:30 P. M.

At the same time Bishop Remington was elected to the Oregon field some one of four nominees was to have been elected missionary bishop of Haiti. It is believed the bishops elected a man for this post, but it was impossible to confirm this belief, particularly since the house of deputies seemed not to have given confirmation to any such election. After executive sessions of both houses have been held this morning it is believed the matter of the Haitian election will be cleared up.

FOUR NOMINATED FOR POPE.

Those originally nominated for the bishopric in Haiti were: Archbishop H. R. Carson, Panama canal zone; Rev. Walter Mitchell, Charleston, S. C.; Rev. William S. Chalmers, Sewanee, Tenn.; and Rev. John Albert Williams, Omaha, Neb. There were persistent rumors yesterday that Archbishop Carson was elected along with Bishop Remington.

A distinct division developed yesterday between the house of bishops and house of deputies over the matter of defining the personnel and nature of
