

GREEK DELEGATES WAIT INSTRUCTIONS

Dissatisfaction With Pact Is Expressed.

TERMS ARE REVEALED

Exact Status of American Consul-General to Be Taken Up by Angora Assembly.

SMYRNA, Oct. 5.—(By the Associated Press.)—The agreement reached at the Mudania conference between the allied and Turkish delegates, according to Mudania messages received here, was communicated to the Greek delegates, who expressed dissatisfaction with it, declaring themselves not empowered to reply and that they must have instructions from Athens.

The messages stated the agreement provides that the allies and Turks are to evacuate the neutral region of the Dardanelles; that the allies will continue their occupation of Constantinople during the peace conference and that they accept the re-establishment of the nationalist civil government in the departments of Constantinople and Chanak.

Three Evacuation Firms. The advice stated that further terms were that the Greeks are to evacuate Thrace within nine days after the decision is communicated to Athens, and that the nationalist troops are to occupy eastern Thrace, but that a zone of 10 kilometers on each bank of the Maritza shall be neutralized and occupied by the allies with the nationalists immediately to administer Thrace.

In case of Greek opposition the agreement provides, the dispatches declare, that the allies are to permit Turkish troops to occupy eastern Thrace militarily, but that the allies take diplomatic and other measures to compel the Athens government to accept the terms.

Status of U. S. Envoy Is Up. The exact status of the American consulate-general here will come before the national assembly at Angora this week for discussion. It has been a matter of increasing importance, owing to the desire of the consular officers to visit the Turkish prison camps to ascertain whether any American citizens are among the Greek civilians rounded up in Smyrna and vicinity.

At least 50 such cases have been reported to the consulate or the relief committee and it is important that the complaints be found before their deportation into the interior where they would be difficult to trace.

The question at issue is whether the American consular officials, previously accredited to the Greek regime, shall automatically assume a similar relation to the new government.

Vice-Consul Barnes conferred informally with the Turkish nationalist premier during the late afternoon here but the minister declined to make a ruling.

Official Business Conducted. Meanwhile the consulate-general is conducting its official business with the wali or governor, through its dragoman.

The 50 Americans said to be confined in Turkish prison camps are virtually all naturalized citizens whose exact status in most cases will require much investigation both here and in Washington as their passports and other papers are gone and the question invariably arises whether they have forfeited their citizenship by residence of more than two years abroad.

Most of these applicants speak fluent English; they fought for a year or more in the American army in France and then obtained their discharge for the purpose of visiting Greece.

"It seems a very unjust law which would take away their prized citizenship from men who have freely risked their lives in defense of the American flag," declared Chairman Griswold of the relief committee.

SERGEANT WOODFILL TURNS DOWN LECTURE CONTRACT.

Greatest Soldier of War Refuses to Commercialize Exploits When Offered \$100 Day.

(By Chicago Tribune Leased Wire.) CHICAGO, Oct. 5.—Sergeant Samuel Woodfill of Tennessee, named by General Pershing as the greatest individual hero of the world war, Tuesday turned down an offer of \$100 a day for a two-week lecture course, although the sergeant is not burdened with money and is married. He gave two reasons for declining the offer.

One is his positive refusal to commercialize his exploits. He contends he did no more than any other loyal American would have done under similar circumstances. He declines to pose as a hero.

The other is that he prefers to spend his furlough helping the

CAPTAINCY ASKED FOR HERO

President Asked to Restore War Rank to Sergeant Woodfill.

(By Chicago Tribune Leased Wire.) WASHINGTON, D. C., Oct. 5.—Restoration of the rank of captain in the United States Army to Sergeant Samuel Woodfill, congressional medal of honor man and described by General Pershing as the "greatest hero of the world war," will be urged upon President Harding by the Army and Navy Legion of Valor. The organization, at its annual reunion in the Potomac hotel Tuesday, adopted a resolution introduced by William D. Dickey of New York city, making such a request so that he "would not have to earn his living as a carpenter in order to retain his modest home."

Judge Dickey read from army orders the citation of Sergeant Woodfill for meritorious services over and above the call of duty when he, with two others, silenced a number of machine gun nests during the world war while he was a member of the 60th infantry.

BURROUGHS CHIEF HERE

ADDING MACHINE OFFICERS IN PORTLAND.

Sixty Members of Force to Begin Two-Day Conference With Frank H. Dodge.

Executive officials, sales managers and salesmen of the Burroughs Adding Machine company have gathered in Portland for a two-day business conference with Frank H. Dodge, vice-president and general manager of the corporation, who is just completing a tour of the entire country. About 60 members of the Burroughs force are in attendance.

Mr. Dodge commenced his career with the company 15 years ago as a salesman. Since 1907 he has occupied practically every position between that of salesman and the one in New York.

Mr. Dodge has just made a trip through the trade centers of Europe and holds that the era of prosperity is here. So great is his faith in better times and better business that his firm has recently ordered a 50 per cent increase in production.

Among the Burroughs officials who are attending the conference are E. A. Kalkhurst, district sales manager of Chicago; G. W. Eakins, assistant and educational director, Detroit; W. W. Cooley, district advertising manager; D. R. Churchman, district secretary; J. L. Stewart, district instructor; Fred S. Crane, manager, Cleveland, Ohio; Clyde Hudspeth, Spokane; C. C. Terry, Yakima; E. D. Wilde, Seattle, and H. H. Stewart, Tacoma.

Messrs. Dodge and Kalkhurst are accompanied by their families.

Count Apponyi Appears Before Hungarian Premier and Reads Statement.

BUDAPEST, Oct. 5.—(By the Associated Press.)—Prince Otto, the eldest son of the late King Charles of Hungary, has been formally announced as King of Hungary in succession to his father by the royalists headed by Count Apponyi, ex-premier, and Count Zichy. The two counts appeared before the premier, Count Stefan Bethlen, stating that they were the representatives of the Hungarian royalists, and then made this formal statement:

"Since the death of King Charles and according to the Hungarian constitution, the time limit during which the coronation of the heir apparent, Crown Prince Otto, must take place, has expired. The royalists of Hungary, in consideration of the circumstances consider the laws passed by the Hungarian national assembly annulling the hereditary claims of the house of Hapsburg to the Hungarian throne. The premier of that assembly refused to acknowledge receipt of the decision.

DATA WILL BE STUDIED

Public Service Body Will Delve Into Telephone Statistics.

SALEM, Or., Oct. 5.—(Special.)—Members of the Oregon public service commission, after completing a series of hearings here, will go to Portland where they will confer with engineers with relation to a mass of exhibits and statistical evidence introduced by the Pacific Telephone & Telegraph company in the rate hearing which began there last Monday.

The taking of testimony in the case has been postponed until October 26. This was necessary, the public service commissioners said, in order that they might acquaint themselves with the evidence assembled by the telephone corporation. It is likely that the hearing, when once under way, will last for a month or 40 days.

Columbia Dairy Products Stockholders to Get Nothing.

VANCOUVER, Wash., Oct. 5.—(Special.)—In the case of A. S. Quarnberg against the Columbia Dairy Products company, which was swamped in the industrial upheaval of 1921, H. C. Keyser, receiver, today filed a final report. He asked that a day be set by the judge to hear the claims of the creditors who did not file bills, set the amount of fees of the receiver and accept and approve the report.

The hearing will be held at 10 o'clock, October 23. The stockholders will receive nothing.

END COMES ABRUPTLY

Kemalist Demand for Immediate Evacuation of Constantinople by British Is Cause.

(Continued From First Page.)

ference has separated, not finally, but in circumstances of serious difficulty. An important dispatch from General Harrington reached the government tonight. It was sent by ship's radio and said with reference to Thursday's proceedings that the conference had adjourned. It asked for instructions.

The dispatch arrived in a very imperfect state, the conclusion of it being altogether missing. It was sufficiently obvious, however, that a very unsatisfactory state of things had developed at Mudania and the premier hurriedly summoned a late meeting of the cabinet.

The ministers met at 11 o'clock, and after a long and earnest discussion decided that General Harrington's dispatch was so misinterpreted to allow of taking a final decision thereon. They accordingly decided to send an urgent message to him at Constantinople, where he stated he had gone, asking for repetition of the dispatch and requesting him to remain in Constantinople pending receipt of further instructions. The cabinet then separated.

General Harrington's repetition is expected to reach here some time during the night, and if it does the ministers will reassemble Friday morning to prepare instructions.

The meantime press dispatches from Constantinople have reached London confirming that the conference had been halted and that General Harrington and Mobell had returned to the capital to consult the high commissioners and their respective governments.

Nothing has been announced officially from Constantinople, but best informed sources there agree that the difficulties have arisen in consequence of the demand of the Turks respecting the date for the evacuation of Constantinople. James Paisha, with M. Franklin-Bouillon's support, demanded evacuation at an early date, while General Harrington and Mobell ruled that it must follow the peace treaty.

There is nothing to substantiate the report that the temporary rupture of the conference was in any way due to the Greeks.

WIFE SILENT 18 YEARS

"Just Like Living With Ghost," Says Mate Who Gets Divorce.

(By Chicago Tribune Leased Wire.) CHICAGO, Oct. 5.—Some men might get along comfortably with their wives for a period of 18 years, but when their wife also refused wifely obligation for the same length of time it was too much for William Walter Raleigh, who was granted a divorce today.

He testified in court that during all the 18 years, all domestic and financial business with his wife, Bertha Miller Raleigh, was conducted through his son James. It was like living with a ghost," he said. "I consulted physicians, but they maintained silence even when our boy was overseas in war service. She ignored my presence absolutely, would not eat at the same table and I could not surprise her into uttering a word."

Mr. Raleigh said he could offer no explanation for her remarkable silence.

GOVERNMENT SUES AIRPLANE MAKERS

Wright Company Accused of War-Time Fraud.

\$2,408,267 IS WANTED

Six Per Cent Interest on Sum From June, 1919, Also to Be Demanded.

CINCINNATI, O., Oct. 5.—(By the Associated Press.)—The United States government this afternoon filed suit in the United States district court at Dayton, O., against the Dayton Airplane company, formerly known as the Dayton-Wright Airplane company, seeking to recover \$2,408,267.41 at 6 per cent interest from June 11, 1919, alleged to have been fraudulently paid to the company by government officers.

The government in the suit alleges that certain provisions in the contracts entered into with the Dayton Airplane company by duly authorized officers were wrongful, unlawful, fraudulent and in violation of the national emergency act of the time war was declared. The government was not able, with the facilities at its disposal, to furnish a sufficient quantity of aeronautical equipment necessary for its purposes.

7 Contracts Cited. The government's claim recited seven contracts and supplements, among which are two contracts in which the government agreed to provide the defendants with \$5,500,000 to carry out the contracts.

The bill continued that during the progress of work under these contracts the government paid to the Dayton-Wright Airplane company the total sum of \$31,436,175.11 as payment under the terms and conditions of such contracts and supplements.

It was further alleged that for public accounting services \$6,130.13 was wrongfully paid. The complaint said that the government was not obligated to make such payment; that the airplane company did not at any time keep or maintain accurate records of the kind and character required by the contract, and that the representation and pretense made by the defendants that it did keep such records was false.

Officers Are Accused. The bill continued that officers of the government, disregarding their duty, fraudulently paid the Dayton-Wright Airplane company \$89,820.17, which payment was pretended to have been made under the terms of contract as a bonus for the saving in cost of construction.

For the alleged operation of an amendment park, the government claims that \$20,656.32 was unlawfully paid the defendant under the pretended claim of welfare expense. The amendment park was known as the Triangle park, Dayton. The complaint further alleged that \$37,169.21 was paid the defendant for motion picture expenses in which there was no provision in the contracts.

Railroad transportation claims were set at \$23,715.84, by the government bill, which alleged that the defendant fraudulently received this amount to cover transportation of their employees.

Coal Claims Filed. Claims for \$25,645.49 for coal, which the complaint alleged was used for purposes other than those set forth in the contract, are demanded.

Payment of \$47,944.34 was unlawfully negotiated, it was charged, under the pretense that such payments were authorized by the contracts. The complaint said that this amount represented the discounts offered the defendant in the purchase of materials, equipment, supplies, etc., but that the defendant negligently failed to take advantage of their employees.

Special depreciation claims were set at \$698,217.32. The government alleged this amount was illegally received by the defendants and that no such depreciation existed.

Claim also was made that property valued at \$668,140.75 was sold to the airplane company for \$46,924.56, and that the defendant is still indebted to the government to the extent of \$602,816.19.
