HOSFORD TO GET RELIEF

First Portables Available Promised to District and Permanent Structure Later.

120-foot width as the official standard for the future.

England's roads approached 100 per cent perfect long before any great accomplishment in highway construction had been recorded in this country. Long before the war the highways of England had been covered with the use of the roads through the use of motor trucks and steam traction engines, often having several trailers, each with a capacity of tons. The roads bore this traffic well and their maintenance, which cost for almost daily inspection and continuous repair, has enabled these highways to stand up under a much heavier traffic than \$9 per cent of American roads.

The plans of the government will involve the taking of several thousand miles of additional new construction, destined to make London the center of the most adequately roaded section of the world.

TONG SLAYER IDENTIFIED

MAN LIKE LIM KEE SEEN AT SCENE OF KILLING.

Trial of Chinaman on Charge of Shooting White Continued Until Today.

Lim Kee, on trial for the murder of John Stevens last November, was pointed out in the circuit courtroom Wednesday afternoon by R. F. Heinig as a Chinaman who greatly resembled a man the witness had seen walking at a rapid rate away from the scene of the tong battle.
