Josephine County Project to Cost \$1,500,000.

RAILWAY TO BE BUILT

Beaver Portland Cement Company to Begin Development of Valuable Deposits.

GRANTS PASS, Or., Oct. 9.—(Special.)—That the Beaver Portland cement company of Portland is planning an extensive development work in Josephine county indicated today when the company inserted a call for bids in a local paper for the construction of three miles of standard-gauge railroad to connect with the Oregon coast railway.

There will be three miles of standard gauge railroad to be built along the right of way. A huge 400-horsepower power plant is being erected on the top mountain with air compressors, machine shops and a steam shovel for the excavation of the line.

Capacity to Be Doubled.

The power line is to be built along the right of way. A huge 400-horsepower power plant is being erected on the top mountain with air compressors, machine shops and a steam shovel for the excavation of the line.

The proposed plant to be erected near Grants Pass for the manufacture of cement will be double the capacity of the plant now in operation.
