

**HEALTH EXPOSITION  
QUEEN CONTEST ON**

Miss Hygeia to Be Feted During Exhibition.

**BABY SHOW IS PLANNED**

Reduction Class Also Proposed; Big Pageant to Be Held as Opening Feature.

A contest to determine what Portland girl will be selected to represent Hygeia at the Oregon health exposition will open today, according to announcement made yesterday by City Health Officer Parrish. Miss Hygeia will be the central attraction in the ceremonies opening the exposition at the public auditorium on October 25.

Coronation exercises will be held for Miss Hygeia in which prominent physicians, laymen, nurses and officials of state, county and city will take part.

Entrance into the contest can be made by the sending of photographs to the city health bureau, such photos to be marked "health exposition contest." The name, address and telephone number of the entrant must also be sent. A board of judges composed of four physicians, four nurses and four business men will select the girl who will represent Miss Hygeia. It is probable that this board will call a group of girls before them for an interview before decision is made.

**Cash Prize to Be Offered.**  
Arrangements are being made to offer a cash prize to the winner of this contest, and in addition the lucky girl will be entertained throughout the exposition period.

A baby contest also is planned as a part of the health exposition. The leading child specialists of the city will be asked to serve as judges and all parents wishing to enter their babies have been urged to write immediately to the "Baby contest manager" in care of the city health officer. Suitable prizes will be offered for the winners in this contest.

A unique feature of the exposition will be a reducing class for women. This class will begin at once at the Turn Verein under the personal direction of Dr. Parrish. Women wishing to take part in this contest can register at the city health bureau.

**Classes to Be Continued.**  
While the health authorities have no desire to place any of the women of this class on public exhibition, it is desired to show just what can be done in the way of reduction through proper exercise. By beginning the classes at once data can be obtained that will be useful at the exposition. It is also planned to continue the classes during the period of the exposition.

Arrangements have been completed for the pageant that will feature the opening of the exposition. This ceremony will be elaborate and is expected to draw thousands of persons to the exposition on the first day.

**PETTY SPITE ALLEGED**

Vernon A. Billton Hateful, Says Wife Seeking Divorce.

In the divorce complaint of Carrie B. against Vernon A. Billton, filed yesterday, the wife alleges that when she attempted to improve the appearance of their property by having the trees trimmed the husband so resented her act that he hired a man to cut down her favorite ash tree, which she particularly liked because it shaded the kitchen window. This was but one of many spiteful things he has done, she alleges.

On occasions when she entertained company the spouse would seat himself in a chair in the middle of the room and pretend to sleep. More than once, she alleges, he so shocked her friends and visiting neighbors that they never returned to visit her. Mrs. Billton asks \$75 a month alimony for support of herself and three children and that certain property be declared her own.

Her husband, Lawrence Orth, a professional musician, traveled about and consorted with one Helen Proemer, also a musician, and finally told her he no longer loved her, is alleged in the complaint. The wife asks restoration to her maiden name of Abel.

Divorces on grounds of desertion are sought by Rhoda from Walter O. Bragg, Minerva from Lyndon S. Street, and T. J. from Marie Proman.

**HOMES TO BE ERECTED**

North Bend Chamber of Commerce to Provide for Workers.

**NORTH BEND, Or., Oct. 10.—(Special.)**—The need of more homes in North Bend has resulted in a special effort on the part of the chamber of commerce, through which a committee of three, including Postmaster McGuire and Fred Hollister, will construct residences available for sale to working men and others on the partial payment plan. The demand for homes was so great that there was none to be had of a habitable type and the chamber of commerce and its committee will continue the building programme until the worst of the stringency is relieved.

Two mills, the Buehner and North Bend Mill & Lumber company will co-operate with the chamber of commerce and take a prominent part in the building programme.

**WELFARE EXPERTS VISIT**

English Couple Especial Guests of Pacific College.

**NEWBERG, Or., Oct. 10.—(Special.)**—Mr. and Mrs. Barrow Cadbury of Birmingham, England, are the guests of Pacific college and Monday morning both spoke in the chapel exercises. Mr. Cadbury is the head of the great firm of Cadbury Bros. chocolate manufacturers of England. This firm is a pioneer in work for the welfare of labor, democracy in industry, profit-sharing and other reforms.

Both Mr. and Mrs. Cadbury are magistrates. Mrs. Cadbury being one of the first women in England to be appointed to the bench. She is an authority on juvenile courts, of which she is making a further study during her tour of America.
