You Are Choosing Today

between spending a little for paint now or spending heavily for repairs later

YOU can't escape the choice.
Either your buildings are
well protected by paint or they are rotting and will require repairing or rebuilding within a few years.

Check the costs. Find out how much more it will cost to repair or rebuild your property than it will to protect it with paint. Rotting buildings are a waste and an extravagance.

When you paint use the best paint. It costs less in the long run. It spreads more easilysaves labor cost. It covers more surface per gallon than "cheap' paint.

But most important, the best paint serves you five or more years longer than "cheap" paint.

We have been making the best . paints for 73 years. They are scientific in formula and preparation. They meet the weather conditions in the West.

They contain the finest materials-PIONEER WHITE LEAD, pure linseed oil, pure zinc, and pure colors-combined scientifically in exact proportions with long-time skill.
