MOVE FOR DISABLED

VETERANS OPPOSED

Ordinance to Transfer Men

Stirs Up Protests.

COUNCIL TO HEAR VIEWS

Delegates From Many Organiza-

tions to Attend Session

at 2 o'Clock.

Protests will buzz about the ears

of the city commissioners when

they meet in special session at 2

P. M. today to consider the passage

of an ordinance authorizing the ad-

mission of ex-service tubercular pa-

Many organizations will join in the protest, since it means remova

of ex-service men now stationed at

the Plerce sanitarium, just outside the city limits, and their hospital-

ization at the Hahnemann institu

tion. The change is against the wishes of the patients themselves

clared the move is highly undesir-able, since, it was said by the pro-

testants that the door will be opened to the influx into the city of other tubercular patients, a sit

uation now proscribed by city ordi-

Private Wing Planned.

Proponents of the transfer say that one wing of the Hahnemann

hospital may be sealed off and used exclusively for tubercular patients.

But it is urged by opponents that if this is done in the case of this one hospital the way will be opened

for all other hospitals in the city

s at once. Mrs. George L. Williams, presi-

dent of the disabled veterans' aux-lliary; Mrs. J. A. Reed, president of the Spanish War Veterans' aux-

Hiary; representatives of the Port-land Woman's club, Miss Viola Orthschild, president of the Parent-Teacher association, Mrs. C. B. Sim-

mons and Mrs. J. G. Gillingham are among the women who will attend

the council meeting today and urge that the contemplated change be not

Legion to Protest.

Others who will appear are Barge Leonard, Maurice Crumpabker and John C. Lane, representing the American Legion, and R. A. Sawyer.

Those who lodge their protests with the commissioners will be backed up by a resolution adopted unani-

mously by the ex-service men at the Pierce institution asking that the change be not made.

The resolution follows:

The resolution follows: We have carefully talked this matter over and have innimously decided that none of us wish to be transferred to the Hahnemuan hospital for the rea-sons enumerated below: First-Lack of fresh air; as the Hahnemaan hospital is known to be lo-mated close to the river front, horder-ing on the manufacturing district where the rivers for envelops the place and the shift is heavily laden with dust; also the limitation of space makes it im-possible for the man who is able to be out of hod to take he proper exercise under the advice of competent tuber-culous exports.

Law Is Brought Up.

Second-Some years ago the city council passed an order to the effect that no tubercular patients could be hospitalized within the city limits of Portland. In our opinion the situation is in no was changed, and, in fact, is much worse than 10 years ago, and we

made.

From another angle it was de-

tients to the Hahnemann hospital.
