BOOSTERS' PARADE SATURDAY PLANNED

Fair, Burnside and Ross Island Bridges to Be Urged.

AUTOISTS INVITED OUT

Publicity in Pavor of Measures on Ballot to Be Promoted by Street Pageant.

AUTOISTS ASKED TO JOIN

IN FAIR PARADE. All persons owning or drivparticipating in the parade of 927 exposition adherents to be held Saturday night, No-vember 4, 1922, at 8 o'clock have been requested to as-semble on Fourteenth street, south of Morrison street, at 7:20 P. M. on the date indi-cated. A special invitation to cated. A special invitation to participate is extended to all industrial, fraternal and civic organizations.

For general information re-garding the parade, call ex-position headquarters, Broad-Way 8151.

With the common aim and object of so centralizing final publicity as to reach the greatest number of electors in a limited time without duplication of effort, the manage-ment of the 1927 exposition and the roponents of the Burnside and Ross faland bridge projects have linked forces for the purpose of staging a ctacular automobile parade next

The decision to amalgamate the two parades came as the result of a conference between Mayor Baker and Commissioner Barbur, held yestarday morning, the two city officials reaching the conclusion that the greater good could be accom-plished for the respective ballot measures by engaging in a co-ordi-nated open-air spectacle on one night than by attempting to stage

enthusiasts so separated in the line of march that the public will know just what project each contingent

south of Morrison not later than 7:30 o'clock Saturday night. The po-sitions of divisions will be announced later. Likewise, the line of March is to be given publicly later

Industrial Division Booked.

A special industrial division is to be promoted with Harry Beckwith as marshal. The Realty board will be out in force under the direction of T. O. Bird. A. S. Robinson, well-known auto dealer, will be in charge of the automobile dealers' section, L. M. Lepper will head the East Side Business Men's club, Dr. J. W. Morrow and Fred Kruse are to lead the highway Rocky Butte contingent and Colonel Harvey Wells is to direct the pyrotechnics. Fire Marshal Grenfell has consented to take charge of the red-fire display on the roofs of all principal buildings and Walter Long will furnish a couple) of La France pumpers and all of the sirens needed. Kenneth ple of La France pumpers and all of the sirens needed. Kenneth Brown of Sellwood will head the autoists from that section and Clement Scott of Vancouver, Wash. is to marshal the Hayden island

From all indications the parade of the former parade staged by the "1925" fair forces and bids fair to eclipse any parade of its kind ever held in this city.

To Improve Boiled Starch. FTER you have prepared your boiled starch, dissolve a little gum arabic in it. You will find that this will give a much better finish, more nearly approximating the new article.
THE HOUSEWIFE.

this week and are offered at 50 cents a pound for large size and 45 ents for less select variety. Black walnuts are not yet in, but a large quantity is expected to be intro-Anced next week.

A new shipment of Florida grape-fruit is in and the fruit, which is

OR GENUINE SALAD DRESSINGS

SHORT OR LONG SKIRT PROBLEM SETTLED BY WOMAN

oman herself has settled the question of skirts by wearing the long style for formal afternoon and evening wear and the more comfortable shorter style for street and sport wear.

At the extreme left is a charming afternoon gown of gold embroidered brown silk crepe, with the ever-popular monkey fur at neck and cuffs and edging the girdle. The skirt drops to the feet and an uneven hemline gives a distinctive touch. The broad-brimmed brown velvet hat, with bronze silk flowers, completes a bovely tollette.

While the parades now scheduled for Saturday night will be in major respects one scintillating event, yet the line of demarkation will be sufficiently pronounced to keep the measures sponsored by the parading enthusiasts so separated in the line of march that the public will know just what project each contract of the stopping tour or for traveling, the three-plece suit of shorter tength shown in the second picture would be the correct thing to wear. It is of wine-colored duvetyne, with a short embroidered coat, fastened at the hip line with a metal ornament. The blouse is of figured gray silk, with a binding of wine color at neck and cuffs. A droopy-brimmed hat of black fox fur collar in framing the face in becoming manner.

march that the public will know st what project each contingent supporting.
