

TURKS OCCUPY CONSTANTINOPLE

Evacuation By Allied Troops Demanded.

MUDANIA PACT TORN UP

Nationalists Begin Moving Into Chanak Area and Other Neutral Zones.

SEVERAL RIOTERS ARE SLAIN

Allied Police Are Forced to Fire When Student Manifestations Threaten.

CONSTANTINOPLE, Nov. 5.—(By the Associated Press.)—An allied extraordinary council decided tonight to refuse categorically the nationalist demand for the allied evacuation of Constantinople.

CONSTANTINOPLE, Nov. 5.—(By the Associated Press.)—The nationalist government has seized control of Constantinople, Rafet Pasha has been made the new governor and Hamid Bey, the representative of the Angora government, has ordered the allied troops out. In a note to the entente he has demanded evacuation of the allied forces.

The Turks have torn up the Mudania armistice convention and have begun advancing into the Chanak area, occupied by the British, and other neutral zones. Since noon Saturday, the nationalist administration is declared to have been established and in celebration of this masses of excited Turks have been engaged in disorders.

Police Forced to Fire. Students marched against the palace and engaged in such manifestations that it became necessary for the allied police to fire on them, several of the Turks being killed or wounded.

The Christians in the Stamboul quarter throughout Saturday night were seeking shelter and protection from what they plainly feared a Turkish massacre.

Today, however, the government authorities issued orders that all disturbances should be rigorously put down. The allied high commissioners accepted the new regime and there was nothing left for the sultan's ministry but resignation.

Archives' Transfer Ordered. Tewfik Pasha, the grand vizier, realizing that his power had disappeared, dispatched messages to the representatives of the sublime porte in the various capitols to transfer their archives to the representatives of the Angora government.

There seemed danger for a time that the radical forces would gain the upper hand. The sultan was denounced, together with monarchy, and Mustapha Kemal Pasha was acclaimed as "our president." It became necessary to throw guards of troops around the sultan's palace within which Mohammed VI, now caliph only, is spending fearful hours.

Mohammed VI has given no evidence of conforming to the determination of the new government to rid Turkey of the high office of sultan, but the quickly developing popular movement may soon compel him to accept the inevitable.

News Sprung Dramatically. Rafet Pasha sprang the news of the change in government in a dramatic fashion on the allied generals. The generals had summoned Rafet to discuss the question of the admission of Kemalist gendarmes to the Gallipoli and Chanak sections. At the termination of the discussion, Rafet, by way of an afterthought, broke the startling news like this:

"I must inform your excellencies that, since noon the Constantinople (Concluded on Page 3, Column 2.)"

2000 ANGRY CITIZENS SEIZE RAILWAY COAL

FUEL TO SUPPLY SCHOOLS AND CHURCHES TAKEN.

Olyphant, Pa., Residents Raid Yards of Delaware & Hudson Railroad at Daybreak.

(By Chicago Tribune Leased Wire.) SCRANTON, Pa., Nov. 5.—Angered by the failure of the federal state fuel commissions to furnish them coal, more than 2000 citizens of Olyphant, near here, marched to the yards of the Delaware & Hudson Railroad company today and confiscated four cars of coal.

The fuel was loaded into auto trucks and wagons and hauled to the nine churches and ten public schools in the borough. The schools have been closed for two weeks because the coal companies have refused to sell coal in Olyphant borough, although thousands of tons are mined there daily. The Olyphant citizens held a midnight meeting Saturday with Burgess P. E. Dempsey, members of the council and the school board. It was decided that the burgess should exercise his police power and confiscate sufficient coal to supply the schools and churches.

Shortly after 6 o'clock this morning the fire song in Olyphant was blown. This was the signal for the seizure of the coal. Fire trucks loaded with firemen raced through the streets and got the citizens up. Scores of vehicles including auto trucks, wagons and push carts joined in the raid. Hundreds of men and boys, carrying shovels, formed in lines. Burgess Dempsey, the councilmen and school directors, all with shovels on their shoulders, led the caravan on the half-mile jaunt to the railroad yards. Hundreds of women lining the streets yelled words of encouragement to the marchers.

"Get us coal for our schools and churches!" "Fight for fuel if you have to!" These were some of the cries of the women.

EX-KAISER WEDS IN EXILE CASTLE

Princess Hermione of Reuss Is Bride.

SECRECY WELL MAINTAINED

Ceremony Strange Contrast to That of 1881.

RINGS ARE EXCHANGED

Civil Service Is Held With Religious Ceremony Later; Both Sit in Gilt Arm Chairs.

DOORN, Holland, Nov. 5.—(By the Associated Press.)—The German emperor and Princess Hermione of Reuss were married today at the house of Doorn, where the lord abides in exile. This second venture was in strange contrast with that day in 1881 when, as crown prince, he wedded Augusta Victoria, daughter of Grand Duke Frederick of Schleswig-Holstein.

Several of the offspring of that first union were present today to set the seal of family approval to the new alliance. There were two ceremonies, a civil contract drawn up and signed by "Wilhelm II" and "Hermione, Reuss," as they affixed their names; the second, a religious ceremony, conducted by the ex-court chaplain, Dr. Vogel, according to the Lutheran rites.

Secrecy Well Maintained.

The air of secrecy surrounding the entire affair has been well maintained throughout. The climax of the systematic mystification adopted by the household came when the bride's sister, Princess Ida, who resembles her, successfully passed herself off as the bride at the Amerisfort station last night with an array of castle cars, whereas Princess Hermione left the train at Apeldoorn half an hour early and drove to the castle unobserved, those within the palace making much of this as a huge joke.

At the religious ceremony which began with the singing of the Lutheran hymn "Jesus Geh Voran," Pastor Vogel preached from the text "Now abideth faith, hope and charity." The bridegroom occupied carved gilt armchairs surmounted by crowns, while the numerous guests were seated in rows behind them.

Marriage Service Read.

"Now the joyful day has arrived," declaimed the minister, "when his majesty and her serene highness join hands." He recalled that the text had served at the golden wedding of William I and at the bridegroom's own silver wedding.

"The bride," said he, "has left fatherland and friends to unite her life with that of his majesty whose faith sustained him in circumstances (Concluded on Page 3, Column 2.)"

NEAR-RIOT IS STAGED IN LONGSHORE STRIKE

MOB OF MEN AND WOMEN IS DISPERSED BY POLICE.

Disorder Follows Running Down of Worker by Strikebreaker in an Automobile.

The first disorder of any sort in the longshoremen's strike broke out yesterday at the Alsworth dock, where a menacing crowd of 100 or more strikers, a dozen accompanied by women, gathered for a noisy demonstration against the men who had taken their places.

Trouble was precipitated when L. W. Smith, a strikebreaker, returning from lunch toward the dock in a machine at about 12:30 o'clock, was set upon by the jeering mob. Fearing that they would upset his car and hoping to shake off those who had boarded it, he opened his throttle and made for the dock. One striker was knocked down and bruised, and the rest rushed toward Smith's car in ugly mood. Officers appeared in numbers in time to prevent further violence. Smith was arrested on a charge of reckless driving and released on his own recognizance.

Before the assault upon him the mob had edged up close to the line of demarcation between city and railroad property and had been engaged for a half hour or more in baiting strikebreakers on their way to lunch. Women in the crowd were said to have used foul language and to have pulled and hauled the men as they went by.

Comment was made by Captain Moore, in charge of the strike trouble, that the temper of the strikers was becoming increasingly ugly. Acting on his orders the police broke up the gathering at the dock on the grounds that it was too extensive for a picket line.

Four wobbles met up with the law in the course of the day and all landed in the city jail. Emil Lindel, crippled newspaper vendor and avowed I. W. W., according to police, was arrested at the foot of Seventeenth street for selling I. W. W. literature without a license.

John Nelson's activities in front of the longshoremen's hall at Fifth and Everett streets were construed by police as disorderly conduct. He was selling wobbly papers. Distribution of radical strike handbills brought about M. J. Mahoney's arrest at the Alsworth dock.

ANTI-JAPANESE PLOT OUT

Manchurian Dictator Ready to Aid Reds Against Mikado.

TOKIO, Nov. 5.—(By the Associated Press.)—Chang Tso-Lin, "uncrowned king and dictator of Manchuria," is ready to combine forces with the soviet against the Japanese, according to an interview given by the Manchurian leader at Mukden yesterday to the Asahi Shimbun of Tokio.

The Korean malcontents have become bolshevistic as the result of Chang Tso-Lin allowing the red army to enter Manchuria, it is said. The bolsheviks have renewed their agitation against Japan, and it is charged, Chang Tso-Lin is taking the steps to prevent this uprising. The Manchurian dictator also threatens to withdraw his financial support from Japanese enterprises.

WORLD COURT TO END TRADE ROWS PLANNED

INTERNATIONAL CHAMBER PERFECTS ARRANGEMENTS.

New Tribunal Is Result of Several Years' Study of Problem of Arbitration.

(By Chicago Tribune Leased Wire.) WASHINGTON, D. C., Nov. 5.—Plans have been perfected by the international chamber of commerce, the American section of which has headquarters in Washington, for the establishment of a new international court of arbitration for the settlement of disputes between different countries.

The new tribunal is the result of several years' study of the problem of international commercial arbitration and will be independent of all agencies established by governments. The administration of the court will be directed from the headquarters of the international chamber at 32 Jean Goujon, Paris.

Twenty-seven nations besides the United States will name groups of representative business men to serve on the court. Owen D. Young, chairman of the board of the General Electric company, has agreed to serve as chairman of the American group on the new court. The other American members will be Newton D. Baker, ex-secretary of war; President Irving T. Bush of the Bush Terminal company, New York; R. Goodwin Pheet, president of the People's National bank of Charleston, S. C.; President Henry M. Robinson of the First National bank, Los Angeles; Frederick S. Snyder, president of the Boston chamber of commerce; President Thomas E. Wilson of Wilson & Co., Chicago; Edgar Carolan, of the International General Electric company, Paris, and M. J. Sanders, manager of the International Mercantile Marine, New Orleans.

DEATH LAID TO LIQUOR

Companion, Found in Room With Victim, Held for Investigation.

BAKER, Or., Nov. 5.—(Special.)—Heart disease, probably aggravated by "too much moonshine" was the cause generally assigned by sheriff's officials and others for the death of John Pelly, 55, a plasterer, formerly of Welser, Idaho, whose body was found in a room in the Lundale hotel in Astoria yesterday.

Gerald Tipton, sheriff, who was found in the same room, has been held in county jail pending an inquest. An examination of the dead man revealed a face but no indications of a struggle.

Memorial Exercises

This hilarity immediately gave way, however, to solemnity as the memorial exercises for Stimson began. Before, during and after the ceremony a beautiful concert of sacred music was given by Campbell's American band, interspersed with solos by Jane Burns Albert, soprano.

The main speech of the ceremony was made by Mr. Holland, who reviewed the hard work and great achievements of the leading livestock man of the Pacific northwest and told how he had assisted in building up the livestock industry, both by encouragement and by setting an example with his own establishment, the famous Hollywood farms near Seattle. The speaker gave illuminating anecdotes of his work, and told how Mr. Stimson had died shortly after his Herculean efforts last year, when he had chartered a special train from Chicago to bring out the country's most prominent breeders of livestock to Portland's show.

Governor Olcott Speaks.

Governor Olcott was the first speaker, taking the platform immediately after the invocation and the musical overture by Campbell's band. He discussed the importance of the exposition to the livestock and agricultural activities of the state and the whole Columbian territory and eulogized Mr. Stimson as the man who had given it the impetus which has carried it so far.

E. A. Stuart, who succeeded Mr. Stimson as president of the Pacific International Livestock exposition, followed Governor Olcott and talked on the responsibility he felt in taking (Concluded on page 8, column 2.)

BRONZE UNVEILED FOR F. S. STIMSON

Solemn Service Is Held at Stock Show.

LATE PRESIDENT HONORED

Herculean Efforts to Establish Exposition Recalled.

ANIMALS WELL GROOMED

Thousands of Persons See Contestants Put in Shape for Judging Which Starts Today.

Prima donnas and debutantes never received the care and attention which were given yesterday to the kings and queens of the livestock world in preparation for the judging beginning this morning, the third day of the Pacific International Livestock exposition. Buffers and polishing cloths were applied to horses and hogs and the fat sides of the prize stock glistened with grooming or kinked in curls.

The day was primarily an exhibition day; an opportunity for spectators to wander where they would to admire the purchased animals which will compete for Pacific international honors when they meet before their respective judges today.

Bronze Tablet Unveiled.

Glowing tributes were paid to the memory of Fred S. Stimson, president of the Pacific International Livestock exposition, who died Thanksgiving day, 1921, about two weeks after he had finished putting on one of the greatest livestock exhibitions ever held on the Pacific coast. A beautiful ceremony preceded the unveiling of a bronze tablet placed on the front of the exhibition building in memorial to Mr. Stimson.

Four speakers extolled Mr. Stimson, who they declared had done more toward encouraging the breeding of purebred stock in this country than any other one man. The speakers were Governor Olcott, O. M. Plummer, secretary and manager of the exposition; E. A. Stuart, president of the exposition, and E. O. Holland, president of Washington state college at Pullman, who was an intimate friend of Mr. Stimson.

Sunday Record Broken.

Attendance exceeded both the exhibition of officials and the Sunday of last year. Estimates ran between 12,000 and 15,000.

FARMER IS KILLED BY TRUCK OF WOOD

S. H. SHELLER RUN DOWN ON POWELL VALLEY ROAD.

Car Driven by C. Everett of Boring Hits Pedestrian After Collision.

S. H. Sheller, 68, farmer in the vicinity of Powell Valley and Jenne roads, was killed instantly early last night when he was struck by a wood truck driven by C. Everett of Boring. The authorities said the accident was apparently unavoidable.

Sheller was walking toward Jenne road on the Powell Valley road when Everett's machine approached from behind. Just before Everett's machine would have passed the pedestrian, a touring car driven by Edward Keen, 493 Magnolia street, attempted to pass the truck. The right rear hub cap of Keen's machine struck the left front hub cap of Everett's truck in passing, throwing the truck toward Sheller. Sheller was knocked violently to the pavement and was run over by the right front wheel. He suffered a compound fracture of the skull.

Deputy Coroner Goetsch took charge of the body. Both drivers will report to the sheriff this morning. Sheller was a widower. He is survived by his son, Lee R. Sheller, and a daughter, Mrs. John Elve, who lived just across the street from their father.

GOVERNOR HELD CERTAIN TO WIN

Chairman Tooze Claims 20,000 Majority.

M'ARTHUR SURE OF PLACE

His Re-election Expected by 7500 Margin.

PIERCE ERRORS COSTLY

Attack on Highway Commission Said to Have Hurt Cause to Vast Extent.

From the eleventh hour quiet, the pre-election calm, that has settled over republican headquarters pending the trial by ballot tomorrow, two confident statements emerge. The one is that Governor Olcott will be re-elected by a majority of 20,000 votes and upward. The other that republican members of the Oregon congressional delegation will be returned, and that Representative McArthur of the third district will experience no difficulty in defeating his democratic opponent, Elton Watkins.

"Our prediction," said Walter L. Tooze Jr., state chairman of the republican committee, "is that Governor Olcott will defeat Walter M. Pierce by not less than 20,000 votes. The three republican representatives in congress, McArthur, Hawley and Sinnott, are certain to be returned to Washington. McArthur will win in Multnomah county by not less than 7500 votes, in every essential respect, despite the bitterness of the opposition, and the unscrupulous tactics employed. It will be conclusively demonstrated that the republican state of Oregon is still strongly republican.

22 Counties Expected.

"Governor Olcott will carry 22 counties, including Multnomah. Additionally, he may carry; for he has a strong chance in each, four doubtful counties. We concede to Pierce not more than 10 counties, and even in these strongholds of the democratic candidate he has been steadily slipping during the past two weeks. Olcott's local friends in these counties maintain that Pierce will not carry them, or only by the narrowest of margins.

"Our estimates have been most conservatively compiled from the reports of political observers in every county of Oregon—Independent investigators who are in no way connected with the state republican organization. We have the utmost confidence in the figures supplied.

Pierce Lender Talks Hopefully.

A majority of 20,000 votes for Walter M. Pierce, democratic candidate for governor of Oregon, was the prediction of Dr. Charles J. Sinnott, state chairman of the republican party, who based his prediction on returns received from all county chairmen in the state.

"We estimate," he said, "that 250,000 votes will be cast in the state out of a total registration of 345,000 persons. Of this number, Pierce will receive 140,000 votes and Olcott 110,000. Elton Watkins, democratic candidate for congress, is expected to carry Portland by 15,000 votes. We further expect to elect 10 democratic members to the Oregon state senate and 12 democratic members to the house of representatives."

McArthur Certain to Win.

"A most careful inquiry in Multnomah county indicates beyond all doubt that Representative McArthur will be re-elected by a substantial majority. The democratic campaign of his opponent, like that of Pierce, has not made the expected headway. Mr. McArthur has made a good record and political observers note that, despite predictions to the contrary, he is being warmly supported by ex-service men. His vote for disabled soldiers and his stand on the Bursum bill have made him many friends among those who wore the uniform. My prediction is that Representative McArthur will win in Multnomah county with a majority of not less than 7500."

With respect to the county ticket, W. E. Eddy, county chairman, believes that republican candidates will sweep the field. As for the re-election of Representative McArthur, while admitting that his majority will be reduced, his forecast is that the third district will return Mr. McArthur by not less than a 19,000 majority. Governor Olcott's majority in Multnomah county, according to the viewpoint of Chairman Eddy, will vary from a minimum of 10,000 upward to 15,000.

Candidates Dodge Bill.

Political observers see in the trend away from Pierce and Watkins growing unpopularity of the compulsory school bill. Both espoused the measure when it appeared to be more popular than it is now. But since the school bill became obviously a lost cause both candidates have cut loose from it and the measure does not appear to be sponsored.
