PLOT CHARGE NOT AIRED

Governor of Louisiana Silences Prosecutor in Court.

OKMULGEE, Okla., Nov. 20.—(By The Associated Press).—The sensational charges of James Hepburn, Okmulgee county attorney, that Governor Robertson of Oklahoma had pardoned a convict from the state penitentiary to kill Mr. Hepburn at the state executive coming trial on a charge of accepting a bribe, was not developed in district court here today.

Mr. Hepburn's charge, made in his petition to quash the charge of venue, has been characterized by Governor Robertson as a "distasteful and damnable lie" conceived for the sole purpose of trying to create public sentiment against him on the eve of his trial.

COUNCIL INDORSES REFUSAL OF TEMPLE'S USE.

Wobbly Attempt to Create Discussion in Affiliated Unions' Ranks Is Charged.

Action of the trustees of the Labor temple in refusing use of the temple to the I. W. W. for an amnesty meeting affiliated with "political prisoners" on November 26 was heartily indorsed by the Central Labor Council at its meeting last night.

A communication from the I. W. W. was read in which a request was made that the labor council grant the "wobblies" permission to use the temple auditorium for a meeting at which a man named Griffin, until recently serving a five-year sentence in Leavenworth, would be the principal speaker.

Members of the committee were divided on the question of granting the I. W. W. the use of the temple auditorium.

SPECIAL SESSION OPENS

HARDING TO SPEAK ON SHIPPING BILL TODAY.

Adjournment Taken in Respect to Late Senator Watson and Late Representative Dolan.

WASHINGTON, D. C., Nov. 20.—The 67th congress formally opened its doors today for the third session, but it did little more than actually get on the job. Its life as a special session will be only two weeks, but in that time it is the hope of President Harding that substantial progress will be made on the administration's merchant marine programme and considerable advance work done on the annual supply bills, which must be handled in the regular session beginning December 4.

Historic customs of the opening of a new session were re-enacted today in both house and senate and the regular preliminaries were gone through in brief routine meetings.

Adjournment followed as a mark of respect to the late Senator Watson of Georgia and the late Representative Nolan of California.

The president has arranged to address a joint session tomorrow in behalf of the shipping bill. His message is expected to be delivered at 12:30 o'clock.

The senate adjournment postponed until tomorrow the effort of Mrs. W. H. Felton of Georgia, the first woman senator, to be sworn in as joint successor to Senator Watson, and serve at least one day. Indications tonight were that she would be received as a full-fledged sitting member and "blaze the path for American womanhood," as she desires.

Overflow galleries witnessed the proceedings in both senate and house and viewed the tributes in exchanges of greetings and felicitations until stilled at noon by the gavel of Vice-President Coolidge and Speaker Gillett, formally calling the extra session to order.

House plans provide for tackling the shipping bill Thursday, but the senate, while the house is engaged on that measure, will devote its attention to other matters. Several new members are to be sworn in in the senate tomorrow and after that it is scheduled to go ahead on the unfinished business, the administration bill granting a credit of \$5,000,000 to Liberia, which was left over from last session.

MANN ACT FACED AGAIN

Mexican Girl's Story Results in Another Charge for Brunicaudi.

A second attempt to convict Anselmo Brunicaudi, aged 49, of violation of the Mann act on a charge of transporting his 23-year-old wife, Lenora, to Portland from California for immoral purposes will be made, Assistant United States Attorney Byron announced yesterday afternoon, as a result of revelations made by Inez Fernandez, 18-year-old Mexican girl. A warrant for Brunicaudi's arrest was obtained.

"Revelations made by Inez Fernandez have strengthened our case against Brunicaudi in the places where it was weak and which caused our failure to obtain his indictment at the last session of the grand jury," Mr. Byron asserted.

Inez Fernandez was arrested yesterday afternoon just as she was preparing to board a Southern Pacific train for San Francisco, Attorney Byron said.

VANCOUVER, Wash., Nov. 20.—(Special).—Mrs. D. M. Callaway, mother of three small children, who was suspected of helping to loot the Vader State bank last November, was today sentenced to 60 days in jail and fined \$250 for having liquor in her possession. Mrs. Callaway's home was raided Saturday and five gallons of moonshine seized. She told Judge Simpson of the superior court this morning that she bought it in five-gallon lots and sold some, gave away part of it and used the rest herself.

It has been said that the only way to make real money in the Used Car business is to sell them "as is." That may be a good way to make money—for a short time—but it is not a good way to make friends. We figure that if we get the friends, the profit will take care of itself.
