

### 6 CHANGES MADE IN SHIP SUBSIDY

Third of Rough Voyage to Senate Completed.

### PASSAGE CHANCE HELPED

Plan for Income Tax Rebate for Shippers Using U. S. Vessels Is Defeated.

WASHINGTON, D. C., Nov. 27.—Thirty-seven shots in the shape of amendments were fired at the administration shipping bill in the house today and six spots more or less vital.

At adjournment tonight the bill had covered exactly one-third of its tempestuous voyage toward the senate. Representative Graham of Illinois, a republican, went home with three of the half-dozen amendments in his shooting bag, all of which were put through with the aid of republican votes.

Early in the fight Representative Edmonds, Pennsylvania, ranking republican of the merchant marine committee, which framed the bill, formally announced on the floor that the section under which the Standard Oil company, for example, would share in the government's subsidy for transporting its own goods in its own ships would be stricken headily. This in the view of western republicans added to its chance of passage.

### Income Tax Rebate Beaten.

Rated as the most important amendment to stand up was the one which would have allowed the shipper to receive a 5 per cent income tax rebate on the cost of the goods shipped. It was charged in the house, would have enabled some shippers to recoup all payments. It was defeated by a vote of 45 to 43 after it had been characterized by Mr. Graham as "vicious and extremely dangerous."

Stepping in unexpectedly, Representative Oliver, democrat, Alabama, presented an amendment, acceptance of which virtually fixed an upset price for the sale of the government fleet. This provided that the Leviathan, now being reconducted, should not be sold at a price less than the cost of reconditioning. Precise figures obtained tonight from the appropriations committee showed that this cost was \$3,000,000.

### Flight Begun at Once.

The fight to riddle the bill was begun five minutes after the actual reading started. On his first amendment Mr. Graham put forward an amendment to strike out a section permitting the shipping board to sell ships without advertisement or competitive sale.

### Blanton Amendment Wins.

An amendment by Representative Blanton, democrat, Texas, providing that no government employee should be interested financially in the purchase of government ships, was passed with little opposition.

### Dickinson Plan Defeated.

Representative Dickinson, republican, Iowa, one of the farm bloc leaders, failed in his efforts to have farmers exporting products put on all fours with shippers receiving an income tax rebate. His amendment was offered to the income tax rebate section, which was later voted out.

### College Value Held High.

SALEM, Or., Nov. 27.—(Special.)—Based on a business proposition, the Willamette university is worth approximately \$500,000 a year to Salem. This was announced by Dr. Carl G. Doney, president of the institution. In an address before the Salem chamber of commerce here today, Dr. Doney said there are 548 students enrolled. These students spend at least \$400 a year each in Salem. The faculty salaries represent \$30,000 a year, Dr. Doney said, the greater part of which also is spent in Salem.

### ANOTHER TRAGEDY SIGHTED

Million Christians in Northern Asia Minor Cry to Be Saved.

CONSTANTINOPLE, Nov. 27.—(By the Associated Press.)—Another human tragedy that promises to rival the Smyrna fire is developing in northern Asia Minor. The tide of a quarter of a million Christian inhabitants is sweeping in full flood to the fringes of the Black sea and the Mediterranean.

The refugees are clamoring to be saved. The American naval base at Constantinople is in danger with S. O. S. calls from the flotilla of destroyers patrolling the Mediterranean and Black sea coast of Asia Minor, which are crowded with Christians fleeing from the Turk.

Appeals come from every part of Anatolia, where whole Christian communities are migrating, and where the American near east relief is working heroically to overcome almost insuperable obstacles, including the removal of orphans for great distances to the sea.

Cryptic radiographs received today indicated that "a critical situation was developing with surprising suddenness; the whole interior is blanketed with snow, adding immeasurably to the misery of the refugees."

A destroyer relayed a dramatic appeal to the near east relief at Constantinople from James H. Crutcher, of Antioch, Ala., at Samsun, "Can you take a thousand mountain children? If not it means their end."

One from the destroyer Lawrence came from Americans at Trebizond, declaring: "We cannot hold up evacuation of Trebizond orphans much longer. We are overwhelmed by arrivals from the interior. Instruct immediately."

From Mediterranean coastal towns came moving pleas for succor from tens of thousands of orphans.

Charles Thurber of Manchester, N. H., sent a message: "Must have 50,000 Turkish pounds to buy bread for ten thousand destitute orphans and adults crowding Sivas. The situation is becoming worse hourly. Unless additional funds and transportation are provided immediately thousands will perish."
