

GRAIN BAGS HERE PROTEST HERE

Merchants' Exchange Association Goes on Record.

COST FALLS ON FARMERS

Needless Expense Is Incurred, Which Would Be of No Benefit to Government.

The Merchants' Exchange association went on record yesterday as opposed to the recent treasury ruling that requires the marking of all California grain bags with the name of the country of origin.

A resolution was passed unanimously stating that the regulation would not add to the revenues of the government, but will, on the other hand, increase the cost of bags to farmers of the northwest.

The secretary of the association was instructed to make the application of the provisions of section 304 (a) of the tariff act relative to jute bags imported in bulk.

The department is informed that at certain ports it has been the custom in the past to permit the delivery of such importations when the bales containing the bags bear the name of the country of origin and the individual bags are not marked.

"The department is of the opinion that the bags are capable of being inspected or stamped to indicate the country of origin at the time of manufacture, and, therefore, fall squarely within the requirements of the tariff act."

"In order to afford importers an opportunity to communicate the necessary information to the various states, the following: Ohio, good; Illinois, good; Indiana, good; fair; Nebraska, good; South Dakota, good; Minnesota, fair; Montana, fair; Iowa, good."

Special reports to the price current indicate that the market for wheat in the various states is as follows: Ohio, good; Illinois, good; Indiana, good; fair; Nebraska, good; South Dakota, good; Minnesota, fair; Montana, fair; Iowa, good."

"The department is of the opinion that the bags are capable of being inspected or stamped to indicate the country of origin at the time of manufacture, and, therefore, fall squarely within the requirements of the tariff act."

"In order to afford importers an opportunity to communicate the necessary information to the various states, the following: Ohio, good; Illinois, good; Indiana, good; fair; Nebraska, good; South Dakota, good; Minnesota, fair; Montana, fair; Iowa, good."

"The department is of the opinion that the bags are capable of being inspected or stamped to indicate the country of origin at the time of manufacture, and, therefore, fall squarely within the requirements of the tariff act."

"In order to afford importers an opportunity to communicate the necessary information to the various states, the following: Ohio, good; Illinois, good; Indiana, good; fair; Nebraska, good; South Dakota, good; Minnesota, fair; Montana, fair; Iowa, good."

Gray-Rosenbaum Grain company as follows: "Conservative bulls took advantage of bullish enthusiasm early, resulting in long-lived rallies, to liquidate, causing additional selling and subsequent sharp declines. However, excellent buying on break checked decline and made closing rally. Improved export demand and milling demand noted on decline. Basing market stronger position technically. Favorable purchases present decline."

CHRISTMAS TURKEY MARKET WEAK

Receipts Are Heavy, Buying Slow and Prices Lower. The dressed turkey market did not look good yesterday. The supply was not out of all proportion to the demand and the market consequently became very weak.

Receipts were much heavier than Tuesday and while more buyers were on hand, they were not numerous enough to make much impression on the supply. Seeing the condition of the market the larger retailers held back and this added to the weakness.

Jobbers started off at 36¢ per lb. and in the afternoon they found it necessary to cut their selling prices. Choice turkeys were then offered at 35¢ per lb. and 43¢ cents, but buyers either bid 34¢ cents or held off entirely. The prospects for today's market are not bright.

There were also large receipts of live poultry, all kinds, and while former prices were quoted there was but little business done. Before the holiday rush had closed it had been said earlier, but shippers then kept them back.

HOLIDAY TRADE TAKES RED APPLES

Active Local Demand for Spitzenbergs at Steady Prices. There was an active holiday demand for apples in the local market yesterday. The call was mainly for Spitzenbergs and other red varieties. Prices were steady and unchanged.

There were no new developments in the outside markets. Shipping points were dull. At the New York market 75¢ boxes of Oregon Spitzenbergs were offered for very large at \$2.10 per bushel; small to medium at \$1.85 per bushel, and fancy, all sizes, at \$1.50 per bushel.

At the St. Louis market Oregon Spitzenbergs, extra fancy, medium to very large, brought \$1.55 per bushel; fancy, medium, \$1.45; choice medium to very large, \$1.35 per bushel, averaging \$1.20.

Wheat Conditions Uneven. Special reports to the price current indicate that the market for wheat in the various states is as follows: Ohio, good; Illinois, good; Indiana, good; fair; Nebraska, good; South Dakota, good; Minnesota, fair; Montana, fair; Iowa, good."

"The department is of the opinion that the bags are capable of being inspected or stamped to indicate the country of origin at the time of manufacture, and, therefore, fall squarely within the requirements of the tariff act."

"In order to afford importers an opportunity to communicate the necessary information to the various states, the following: Ohio, good; Illinois, good; Indiana, good; fair; Nebraska, good; South Dakota, good; Minnesota, fair; Montana, fair; Iowa, good."
