FLIGHT COURSE IS LAID

BRITISH AVIATOR TO CROSS AMERICAN CONTINENT.

Sir Keith Smith to Make Start From London in April in Globe Circling Trip.

WASHINGTON, D. C., Dec. 21.—Sir Keith Smith, British aviator, virtually completed plans here today for crossing the western hemisphere on his 23,000 mile airplane flight around the world.

After a conference with government officials on weather and aerial conditions in North America, Sir Keith said he would cross the Pacific from Siberia to Alaska and follow the Canadian Pacific railroad across Canada, darting into the United States from Toronto to New York, and then returning to Halifax.

Testimony Under Fire. Mr. Kerr also stated that the testimony of Dr. Shipman, who testified as an eyewitness of the death march from Herring to the cemetery, would be impeached and evidence introduced to show that Dr. Shipman was not there at all.

The course as now planned will be from London to Lyons, France, to Rome, Athens, Cairo, Egypt, across Suez and the Persian gulf to India; thence to China and overseas to Tokio, the Kuril islands to Siberia, the Aleutian islands and Alaska.

BODIES OF AVIATORS REPORTED FOUND

Cowboy Said to Have Seen Wrecked Plane.

DETAILS ARE LACKING

Whether Two Fliers Were Killed in Fall or Burned to Death Is Not Known.

SAN FRANCISCO, Dec. 21.—The charred bodies of the missing aviators, Colonel Francis C. Marshall and Lieutenant Charles L. Webber, have been found on the Papago Indian reservation about 75 miles northwest of Tucson, Ariz., the Southern Pacific railroad officers here were advised this afternoon in dispatches from Tucson.

Bodies Found by Cowboy. A cowboy, the advice stated, came upon the bodies near what is known as Indian oasis. The bodies lay in the wreckage of the fliers' airplane. It was not known whether Colonel Marshall and Lieutenant Webber were killed when they crashed to earth or burned to death afterward.

The message to the Southern Pacific said: "Some cowboy found those two aviators near Indian oasis. Both apparently were burned to death. About 75 miles south of Tucson, on Papago reservation. No railroad there. It is on a wagon track. Suppose airplane fell to ground and aviators burned to death."

Colonel Francis C. Marshall, attached to the staff of the chief of cavalry at Washington and a brigadier-general, who served with distinction in the world war, and Lieutenant Charles L. Webber of the air service left San Diego at 9:15 o'clock Thursday, December 7, for a flight to Fort Huachuca, near Tucson, Ariz.

Colonel on Inspection Tour. Colonel Marshall had been on an inspection tour of the cavalry camps throughout the country and had used airplanes extensively on this mission. He commanded a brigade of the first and second divisions in France from 1917 to 1919 and received the croix de guerre with palm for distinguished service.

Reports Not Confirmed. Colonel Marshall was an experienced cross-country pilot and was instructed to report by wire on his arrival at Fort Huachuca. Webber was 27 years old and a native of Denver, Colo., where his parents, Mr. and Mrs. S. G. Webber, now reside.
