Cash Found in Hovel. An investigation of the hovel in which Gyp has lived for years was later conducted by County Judge Patterson and Sheriff Bingham, and Patterson and Sheriff Bingham, and \$465 in cash and gold dust and \$157.40 in gold nuggets found. A large quantity of clothing and records of an equity in a lease of a local lot were also discovered.

Local countrymen of Gyp refused to take part in the funeral of the Chinese and refused to allow his burial in the cemetery they maintain at John-Day.

Diversion of One-fourth Mill Road Tax Is Opposed by Governor-Elect Pierce.

SALEM, Or., Dec. 24.—(Special.)— Despite that Sam A. Kozer, secretary of state, has compiled figures show-ing that approximately \$800,000 will he necessary for the construction of new buildings to keep pace with the increasing population at the state institutions, legislators said today it is likely that practically all of these expenditures will be elimi-nated from the budger for 1873 and nated from the budget for 1923 and 1924 when it reaches the lawmakers for final consideration.

At the request of Governor Olcott Oregoni

At the request of Governor Olcott the legislature at the 1921 session diverted the 4-mill road tax, aggre-gating a blennial revenue of \$280,000, to the construction of a new plant for the boys training school. It was proposed, under the provisions of Governor Olcott's recommenda-tion to absolute the present board. tion, to abandon the present boys institution and erect the new plant on the cottage system.

on the cottage system.

Governor-elect Pierce has let it be known that he will oppose the diversion of the %-mill road levy for any other purpose in that the money will be needed to continue the highway building programme and care for the maintenance of the roads already constructed.

The state school for the blind has made request in the budget now being prepared for a new fireproof dormitory. The cost of this structure was estimated at \$50,000. The present blind school plant is inadequate and consists of a large wooden structure that is a menace to the

weifare of the students. Because of the demand for economy and re-trenchment on the part of the tax-payers, the construction of this dormitory will be opposed at the next session of the legislature. Friends of the institution said a compromise may be reached, how-ever, whereby the dormitory will be constructed two years hence. onstructed two years hence.

The state tuberculosis hospital will ask for a new pavilion, but it is not believed that this appropriation will get by the committee on ways

and means.
It is likely, legislators said, that an appropriation of \$40,000 may be authorized for the completion of the two wings at the Bastern Oregon state hospital. These wings were started a year ago, but because of insufficient money work had to be stopped. An appropriation for a new juilding at the Oregon state

(Special.)—In the death of "Chinas Gyp," aged and eccentric Chinese, here last Monday, Canyon City lost one of the most familiar and picturesque characters of its early mining days. Gyp, whose real name was said to be Moy Nine Gon, was supposed to have been somewhere between 90 and 100 years old, and has been identified with mining in this section since Chinese first engaged in that industry on Canyon creek.

The old man was supposed to be penniless and has lived for several years in seeming want. Following his death county authorities took charge of the body, which was that the tax reductions at the next session of the legislators will not be as great as anticipated by many

Associated Press.)—The fascisti movement, which at its inception in Jalapa several months ago, was ridiculed as of no importance, has made such rapid strides during the past officials now are recognizing it as a political factor to be reckoned within the near future.

Reports from various cities of clashes in which the fascisti have taken part against the radicals indicate that the movement is gaining impetus. Thus far these clashes have not been of a sagulnary character. President Obregon said recently there could be no fascistism in Mexico. Fascisti headquarters here report that the movement is receiving hundreds of new adherents daily and that preparations are in progress for a national convention, which is to be held in Mexico. Lieutenant Colonel Burne Moshberger of Woodburn will receive a medal for 25 years' continuous service in the Oregon national guard, which service includes two overseas expeditions. The troops will be commanded by Lieutenant Colonel Hirman U. Welch of the 186th infantry, who commanded Battery A for many years prior to the world war.

Battery A was cited for the croix de guerre for an operation at Juvigne, France, when, as a part of the 147th field artillery, it backed up a French Moroccan division in action against the Germans.
