BOWLING

Time Zone

Finding the best speed for your ball is important, it must get down the lane quickly enough to carry force at impact. Yet the action can't be hurried. For most bowlers, the ball should take four seconds to reach the pins from the release. Have someone check and if you're seriously off this timing, work toward the ideal.

Since most leagues are idle during the holidays there is no better time to work on your game.

HORSE RACING

Bill Hartack, a five time winner of the Kentucky Derby, roared to another milestone, at Miami's Tropical Park, when he brought Roart in the

seventh race, for his 4,000th win.

Hartack is the fifth American rider to make the 4,000th milestone. Other riders are Bill Shoemaker, Johnny Longden, Eddie Arcaro, and Steve Brooks.

BASKETBALL

Lew Alcindor, the Milwaukee Bucks super star, continues to lead the National Basketball Association scoring race with a comfortable margin.

Alcindor has scored 898 points, for a 32.1 point average.

Elvin Hayes of San Diego, and John Havlicer of Boston are tied for second with 29.8-point average, Cincinnati's Johnny Green is field goal percentage leader at 600, Alcindor is second in this department, at 588.

Registration Speed at PCC

The registration process will be speeded and simplified at Portland Community College when all winter term procedures are clustered around the new Mall area of the College Center building.

The Mall will provide not only an assembly area for registration contact tables for every curriculum and program area, but also is within a few steps of a number of areas which will be used for counseling, guidance and advisor stations.

"We think this new arrangement will put together everything any student will need to choose a program and sign up," said Al Widstrom, PCC Registrar.

He pointed out that the regular admissions, financial aid, counseling, and employment offices are in a quadrant just off the Mall, where the business office is located also.

"A student can come in one door and proceed right down the line, leaving on the other side of the office with every step completed that he needs to take to get into college," Widstrom said. "For registration, we've expanded this system using the Mall area as a larger working situation."

PCC, already the largest college in Oregon, expects a heavy

registration for winter term, although the second term is always somewhat smaller.

Most students at PCC are already pre-registering, and will complete the process beginning Monday, Jan. 4, at 9 a.m. through 8 p.m., on an appointment-only basis. Open registration begins at 8:30 a.m., Tuesday, Jan. 5, running through 8:30 p.m. Both sessions will be at the Mt. Sylvania campus, in the College Center building.

On Wednesday, Jan. 6, registration will take place also at Shattuck Hall, in the Park Blocks, starting at 8:30 a.m., for classes scheduled both at Shattuck and Failing Hall. Registration for classes at PCC's new Cascade Center in Northeast Portland will open at 8:30 a.m., Wednesday, Jan. 6, also.

At all locations registration will continue til 4 p.m., Friday, January 8th.

Forms for mail registration and a schedule of classes for PCC Community Education Division classes are available now, and information and forms for registration in regular PCC classes at any location are also available. Write or call 244-6111 or call in person at any of the locations, for a class schedule and any assistance you may need.

Two Drama Classes PCC

A three-term Appreciation of Drama course offered at PCC for winter term provides exploration of every period of drama from Sophocles to "My Fair Lady" and "Hair."

The course can be taken out of sequence, since each term student groups work together on particular areas of drama development and prepare a "public reading" of an outstanding and representative drama of the period under study.

Each group researches and becomes authoritative on their particular area of dramatic and stage development, with each group then contributing its knowledge and expertise to the refinement of the public performance.

The course is offered for college transfer credit and can be taken by speech, literature and humanities majors, as well as those interested in drama itself.

Appreciation of Drama will meet Tuesday and Thursday at 11:30 a.m. in Science-Tech A7 at the Mt. Sylvania campus.

Fundamentals of Acting, a class which permits the novice to start his training in acting and drama, will be offered Monday, Wednesday and Friday, from 10 a.m. till 12, in Science-Tech. A7.

For information, call 244-6111. Mr. Roy Stave is the instructor.
