Don't Leave without the Label. When you purchase fabric, ask for the label that tells you how to care for the garment you will make. Care labels are now required on all garments and fabrics. Since it's almost impossible to identify the many fabrics now available, instructions on the label are essential in handling the garment properly.

If you can't get care labels where you shop, the Federal Trade Commission would like to know about it. Write the commission at Washington, D.C. 20580.
