**NOTICE OF HEARING**

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Tri-County Metropolitan Transportation District of Oregon (Tri-Met) at the Portland Water Bureau Building Auditorium, 1800 S.W. Sixth Avenue, Portland, Oregon, at 2:00 p.m., November 20, 1975, for the purpose of considering a project for which financial assistance is being sought from the Urban Mass Transportation Administration, pursuant to the Urban Mass Transportation Act of 1964, as amended, generally described as follows:

Section 5 of the Urban Mass Transportation Act of 1964, as amended, provides federal operating assistance to Urban Mass Transportation systems, whereby the Tri-County Metropolitan Transportation District of Oregon (Tri-Met) is eligible to receive federal funds for operating assistance for fiscal year 1975-1976. This project is included in Tri-Met's program of projects for fiscal year 1975-1976 and is a part of the CRAG transportation development program.

The estimated cost of the project is \$5,533,682. Federal participation will be \$2,766,841 and the local share will be \$2,766,841 allocated from the funds collected by employer payroll taxes.

At the hearing Tri-Met will afford an opportunity for interested persons or agencies to be heard with respect to the social, economic and environmental aspects of the project. Interested persons may submit oral or written evidence and recommendations with respect to the project.

A copy of the application for a federal grant for the project, together with an environmental impact assessment is available for public inspection at the Tri-Met office, 520 S.W. Yamhill Avenue, Portland, Oregon.

**NOTICE OF HEARING**

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Tri-County Metropolitan Transportation District of Oregon (Tri-Met) at the Portland Water Bureau Building Auditorium, 1800 S.W. Sixth Avenue, Portland, Oregon, at 2:00 p.m., November 19, 1975, for the purpose of considering an amendment to a previously approved capital grant.

In July, 1971, Tri-Met submitted to Urban Mass Transportation Administration (UMTA) a capital grant application for the purchase of new buses and operating equipment, new maintenance equipment, renovation of 75 old buses, 100 bus passenger shelters, new bus stop and information signs, and the purchase of 1,033 acres of land. In June, 1972, UMTA approved the original grant application. In May, 1973, UMTA approved a budget amendment making the total grant \$7,646,500.

Tri-Met desires to amend the approved grant within the approved grant budget to purchase more land than the 1,033 acres of originally requested.

The additional land is located at the northeast corner of the intersection of Southeast 16th Avenue and Center Street identified in public records as lots one through eight inclusive, Block Thirteen, Benedictine Heights, a subdivision of Portland, Oregon.

This property is currently owned by Portland General Electric Company and has been cleared of all improvements, thus no persons, families or businesses will be displaced by this project. Tri-Met desires to purchase and improve the property for the purpose of providing off-street Tri-Met employee parking. This will vastly improve the neighborhood environment by shifting existing on-street employee parking to an off-street site.

At the hearing Tri-Met will afford an opportunity for interested persons or agencies to be heard with respect to the social, economic and environmental aspects of the proposed capital grant amendment. Interested persons may submit oral or written evidence and recommendations with respect to the proposed amendment.

A copy of the proposed project improvements is available for public inspection at the Tri-Met office, 520 S.W. Yamhill Avenue, Portland, Oregon.

Director of Contract Administration

**Unordered Merchandise**

Suppose you receive in the morning mail a brand new dictionary that you haven't ordered. Enclosed with the dictionary is a bill for \$25. If you leave the dictionary on a shelf, unused, you cannot be held legally liable for the price.

But suppose you do start using it. Or give it away to a friend. Or toss it into the ashcan. Then, according to an old common law doctrine, you have "exercised dominion" over the book and must pay for it.

Under this doctrine countless consumers, over the years, have paid for things they did not really want.

But now most states as well as Congress have passed special statutes changing the common law. These statutes usually allow the recipient of unordered merchandise to simply treat it as a gift.

This does not mean, however, that the recipient can take unfair advantage of his new privilege. Say a delivery boy leaves a carton of groceries on your doorstep by mistake. And you know perfectly well that the groceries were meant for the people next door.

You might argue that this was "unordered merchandise," hence yours to keep for nothing. But chances are that the statute would not be held applicable in the event of an honest mistake.

In one case a man received the annual renewal of an insurance policy from his broker. For two months he kept it, making no response. Then he informed the broker that he was not taking the insurance.

But in these circumstances, a court ruled later, the man could be held liable for at least the two months' insurance. The years of previous dealings, said the court, had justified the broker in assuming that "the retention of the policy implied acceptance."
