Beaumont and on to Grant, or they can go to the Cleveland cluster.

Irvine students will go to Fernwood and to Grant, or to the Franklin Cluster.

Boise students will go to Jackson and Washington-Monroe High Schools, but can go to the Jackson cluster elementary schools. This plan also does not fit with Dr. Blanchard's May 29th reorganization proposal, which refers to Boise students attending Jefferson and Washington-Monroe and Grant.

Humboldt students will go to the Lincoln cluster.

Eliot students will go to Buckman and on to Washington-Monroe, or they can go to the Hosford cluster and Cleveland.

Dr. Blanchard also recommended that when students are recruited for the administrative transfer program, to attend schools other than the standard school assignments listed above, recruitment will be to a specified school in the alternative high school cluster. Recruitment for that school is to continue until "not less than 15 percent, not more than 20 percent, voluntary transfers have

been assigned." Then students can be recruited to a second school in that cluster. "Exceptions to the procedure will be limited to parents who have requested in writing an alternative school within the cluster, despite the desire of the district to follow this procedure."
