NOTICE OF INTENT TO FILE AN ENVIRONMENTAL IMPACT STATEMENT

A Draft EIS is being developed for the proposed Genstar Development, planned community, in Cascade Park in Clark County, Washington.

The 3,600-acre project to be developed over a 20-year period consists of a planned community including approximately 9,000 housing units, 80 acres of commercial and high density residential use, 460 acres for electronics industry use and 250 acres in public open space.

The notice solicits comment from all interested parties respecting the environmental impacts of the project. Comments may be submitted to CLIFFORD T. SAFRANSKI, environmental Officer at the U.S. Department of Housing and Urban Development, 520 S.W. Sixth Avenue, Portland, Oregon 97204, for 15 calendar days following publication of this notice. The draft EIS is expected to be distributed in 20 days following this notice. Copies of the draft EIS will be available for review at the HUD office previously cited. All comments will be considered and substantive issues will be addressed in the Final Environmental Impact Statement.

The draft Environmental Impact Statement will be available for review, comment and copying during normal 8:00 a.m.-4:30 p.m. working hours, Monday through Friday except holidays, until 45 calendar days after it is released.

Public Hearings were held by Clark County in April and May concerning this proposal and it was circulated for SEPA review according to State of Washington procedures.

NOTICE OF INTENT TO FILE AN ENVIRONMENTAL IMPACT STATEMENT A Draft Area-wide EIS is being developed for Clark County, Washington.

Because Clark County is one of the fastest growing counties in Washington the preparation of project EIS's does not adequately address the aggregate impact of development. The Area-wide EIS will focus on planned and projected development and will cover major environmental issues associated with growth. It will not cover all the site specific information that might be necessary for an individual HUD project approval; however the Area-wide EIS will point out areas where particular problems exist and may require special attention if HUD is to approve housing development in that area.

This notice solicits comment from all interested parties respecting the environmental impacts of the project. Comments may be submitted to CLIFFORD T. SAFRANSKI, Environmental Clearance Officer at the U.S. Department of Housing and Urban Development, 520 S.W. Sixth Avenue, Portland, Oregon 97204, for 15 days following publication of this notice. The Draft EIS is expected to be distributed in 20 days following this notice. Copies of the Draft EIS will be available for review at the HUD office previously cited. All comments will be considered and substantive issues will be addressed in the Final Environmental Impact Statement. The Draft Environmental Impact Statement will be available for review, comment and copying during normal 8:00 a.m.-4:30 p.m. working hours, Monday through Friday except holidays, until 45 calendar days after it is released.
